Funded debt consists of first mortgage 5 per cent. 50-year gold bonds, due January 1, 1937 (authorized, $10,000,000, less in company's treasury, $1,000,000), $9,000,000; second mortgage 40-year gold bonds, due October 1, 1927, $20,000,000.

The first mortgage bonds are dated December 1, 1887, due January 1, 1937, interest, 5 per cent. January and July. Of the total issue, $8,200,000 are issued under the terms of the reorganization plan, and are listed on the New York Stock Exchange, and $1,800,000 are held in trust—$800,000 to retire Warren and Franklin bonds, which become due February 1, 1896, and $1,000,000 to provide for betterments and equipment. The bonds are a first lien on the railroad, and a second on the old equipment and the Buffalo Terminal property. Trustee: Mercantile Trust Co., New York.

The second mortgage bonds are dated December 1, 1887, due October 1, 1927; interest payable April and October, at the rate of 3 per cent. in cash or scrip for first five years (if paid in scrip, to be at rate of 5 per cent.), 3 per cent. in cash for next five years, and 4 per cent. absolutely thereafter, liable to increase up to 7 per cent., if earned. The bonds are a second lien on the railroad, and a first on the old equipment, the Buffalo terminal property, and the stocks and bonds of the Union Terminal Co., formerly held by the old company. Trustee: Fidelity Insurance, Trust and Safe Deposit Co., Philadelphia Holders of second mortgage bonds have the right for five years of nominating and having elected four members of the board of directors, one of whom may be Vice-President or other executive officer of the company.

The company holds $10,275,656 of the new stock in its treasury—$10,000,000 of which can be disposed of only by the unanimous consent of the stockholders. Stock is entitled to 3 per cent. after payment of an equal rate in cash on second mortgage bonds and interest on scrip or debentures. After payment of 3 per cent. more on 2d mortgage bonds, stock is entitled to another 3 per cent., and all surplus over 7 per cent. on 2d mortgage bonds is applicable to payment of increased dividends on stock. Registrars of stock: Farmers' Loan and Trust Co., New York, N. Y.; and the Fidelity Insurance, Trust and Safe Deposit Co., of Philadelphia, Pa.

Total length of lines .....82.93 miles.

Sidings, etc., 21.13 miles. Gauge, 4 ft. 8½ in. Rail (steel), 56, 60 and 70 lbs.

History.—Consolidation March 26, 1889, of the Philadelphia and Atlantic City RR. Co. (chartered March 24, 1876, and road, from Camden to Atlantic City, N. J., 54.54 miles, opened July 1, 1877), the Williamstown and Delaware River RR. Co. (built from Atco to Williamstown, N. J., 9.5 miles, about the year 1874, by the Williamstown RR. Co.; sold under foreclosure October 6, 1883, and reorganized as Williamstown and Delaware River RR. Co., December 1, 1883; road extended from Williamstown to Glassboro, 7.36 miles, in 1883, and from Glassboro to Mullica Hill, 5.83 miles, in 1888), the Glassboro RR. Co., owning a road from Glassboro to South Glassboro, 0.49 mile, which was operated in connection with the Williamstown and Delaware River RR., the Camden, Gloucester and Mount Ephraim Ry. Co., owning a road from Camden to Mount Ephraim, N. J., 4.70 miles, and the Kaighn's Point Terminal RR. Co., which built in 1888 a line of road, 0.51 mile in length, in the City of Camden, N. J., from Kaighn's Point to a connection with the Philadelphia and Atlantic City RR.

In the consolidation the new company issued $1,000,000 preferred stock and $1,200,000 common stock in exchange for the stocks of the constituent companies in the manner set forth below. The new stock is of a par value of $50 a share, and the preferred shares are entitled to dividends up to 6 per cent. before any dividend shall be paid to common stock.

The new common stock was issued share for share in exchange for the common stock of the Philadelphia and Atlantic City RR. Co., and the new preferred stock was issued at the same rate in exchange for the preferred stock ($600,000) of the Philadelphia and Atlantic

City RR. Co., the preferred ($50,700) and common ($130,000) stock of the Williamstown and Delaware River RR. Co., and the common stocks of the Glassboro RR. Co. ($5,000), the Camden, Gloucester and Mt. Ephraim Ry. Co. ($64,300), and the Kaighns Point Terminal RR. Co. ($150,000).

Provision was also made in the consolidation for the issue of $2,200,000 5 per cent. bonds to discharge the indebtedness of the constituent companies and complete the road.

Sinking Fund C. & A. RR. gold bonds	162	1878	May 1, 1903.	May & Nov.	6	2,331,000

The consolidated 6 per cent. sterling bonds outstanding are for £900,000 (total authorized issue, $8,000,0000), are secured on main line and Washington Branch, 323.30 miles, are coupon bonds of $1,000 each, and are redeemable in 1903 by action of sinking fund. Principal and interest, free of all taxes, payable in London by J. S. Morgan & Co. Trustee: United States Trust Co., New York. Listed on the London Stock Exchange, and also quoted at Glasgow.

The sinking fund six per cent. bonds of 1878 ($3,000,000 authorized) are coupon bonds of $1,000 each, with provision for registration. A sinking fund of $120,000 half-yearly, less the semi-annual interest on the bonds then outstanding, is payable to the United States Trust Co., trustee, on the first days of May and November, each year, beginning May 1, 1880, to be applied to the purchase and cancellation of these bonds, if they can be purchased at a price not exceeding 105 and interest. They are not secured by a mortgage on the line, but it was provided that should the mortgage indebtedness be increased above $8,000,000 they should be so secured. Seven per cent. bonds of the Kansas City, St. Louis and Chicago RR. Co. (in aid of the construction of whose line these Chicago and Alton bonds were issued) to the amount of $3,000,000 are deposited with the United States Trust Company as additional security.

In addition to the above funded debt the company has assumed the following bonds of its leased lines:

1st mortgage (L. & Mo. R. RR.) 7 per cent. 30-year bonds, due August 1, 1900 ..... $439,100
1st mort. (Miss. Riv. Bridge) sinking fund 6 p. c. 40-year bonds, due October 1, 1912. 644,000

And also guarantees interest on the L. & Mo. River RR. second mortgage bonds.

The following extracts are from the President's report for 1888:

"For the present disastrous condition of railroad affairs in the West, your company has, for the last fifteen years, continued to make the best preparations in its power, and especially during the last ten years, in which it has appeared inevitable; it has steadily resisted all inducements to add to its system of lines or increase its obligations for any other purpose.

"Your company has, each year, expended large sums for ballasting its roadbed in the most substantial manner, which work is now nearly completed. It has substituted iron, steel and masonry for wood in its bridges and culverts. It has made many important improvements in curves and grades. It has made additions to its second

main tracks and side tracks, and to its rolling stock, and, in many ways, improved the condition of its property so as to provide for the best possible service at the least possible cost.

"We may confidently state that your railroad and its equipment are in as good condition for such service as that of any other company in the West, and very few, if any, railroads in the country are in better condition.

"Taking into account the loss sustained by the original corporations which constructed that part of your lines between Joliet and Alton, and operated it until it passed from their hands to yours by foreclosure and sale under the original mortgages, and the amount which your company has expended for additional property not represented by stock or bonds, we find not only that your company has never issued a share of stock or an obligation of any kind that did not represent at its par value an equal amount of cash or its full equipment in property at the time actually received; but also that the original cash cost of your property, as nearly as it can be ascertained, is $10,989,878.15—or, in round numbers, eleven millions of dollars more than the par value of the total amount of stock and bonds which your company has issued or assumed.

"To ascertain the difference between the original cost of your property and the amount of stock and bonds for which your company is responsible, now outstanding, $725,000 should be added to the amount above stated, being the amount of bridge and sinking fund bonds since paid and cancelled in place of which no stock or bonds have been issued; making a total of $11,750,000 excess of original cost over present capitalization.

"We may add that from the most accurate estimate we are able to make, your property, in its present condition, could not now be reproduced for a sum which would be equal to the total amount of stock and bonds issued by your company, now outstanding, the obligations it has assumed, and fifteen millions of dollars added thereto.

"Since your company became the owner of the St. Louis, Jacksonville and Chicago Railroad, by the exchange of shares of stock under the contract dated April 14, 1884, no shares of stock, except as required by that contract, and no bonds have been issued.

"The reduced annual charges on account of the St. Louis, Jacksonville and Chicago Railroad since its purchase, compared with the amount of annual rent before paid—assuming the continuance of the same rate of dividends on your shares—is about $80,000.

"The total amount required to pay all fixed charges, sinking funds, rents and dividends on your shares of stock in 1888 is $159,963.32 less than was required for such payments in 1883; the payments on account of sinking funds and the rate of dividends being the same in each year."

year bonds to pay off the floating debt and provide for new equipment, etc. None of these bonds were sold, but they were largely pledged for N. Y., L. E. & W. loans and about $800,000 are held by the Erie and $2,500,000 in trust for Erie by Farmers' Loan and Trust Co. The gross earnings of the "Erie" and N. Y., Pa. & O. over this road were guaranteed as security for interest on both issues. The guarantors failing to carry out this agreement default was made on 1st mortgage interest November 1, 1884, and in February, 1886, foreclosure proceedings were begun. In March, 1887, a plan for the relief of the company and the settlement of its differences with the "Erie" was proposed, and was given in full in the last issue of the MANUAL—which see. Briefly, it provides for a reorganization of the company on the basis of $100,000 stock, $12,000,000 new firsts and $10,000,000 incomes; the entire issue of stock and $5,000,000 incomes to be delivered to the Erie Company in consideration of its guaranty of interest on the new first mortgage bonds, $6,825,000 new firsts and $975,000 incomes to be issued in exchange for old firsts, $2,000,000 new firsts to be issued in settlement of debts to Erie and N. Y., Pa. & O. Companies, $700,000 new firsts to take up balance of old seconds at 40 per cent. of their face, and $2,000,000 of the remaining new firsts to be reserved for betterments and improvements. The balance of the incomes, $4,025,000, are to be issued at the rate of 40 per cent. in exchange for old stock.

On November 9, 1888, suit was begun by the mortgage trustees, and in January, 1889, a decree was entered ordering the sale of the property.

The first mortgage bonds and $2,500,000 of the seconds are listed on the New York Stock Exchange. Annual meeting, first Thursday in September; books close thirty days prior thereto.

History.—The Chicago and Eastern Illinois Railroad Company is successor to the Chicago, Danville and Vincennes RR. Co., whose road was sold under foreclosure in 1877 (see MANUAL for 1885, page 652, and MANUAL for 1888, page 365). The Chicago and Indiana Coal Railway Company is a consolidation, April 14, 1886, of the Chicago and Indiana Coal and the Indiana Ry. Cos. For history of those companies, see MANUAL for 1888, page 365.

The stockholders of the Chicago and Indiana Coal Railway Company have been offered in exchange for their stock new stock of the Chicago and Eastern Illinois RR. Co., share for share, both common and preferred. Almost all of the C. & I. C. stock has now (May 1st, 1889) been exchanged, and is held in the treasury of the Chicago and Eastern Illinois RR. Co.

The Chicago and Eastern Illinois RR. Co. owns one-fifth interest in the Chicago and Western Indiana RR., and uses its lines from Dolton, Ill., to secure an entrance into Chicago. Annual rental, $99,450, the additional rental ($43,200 over previous years) carrying the ownership.

The Evansville, Terre Haute and Chicago RR. (which see) is leased by this company and operated as its Terre Haute Division. By this lease control was acquired of the Evansville and Terre Haute RR. Co.'s Rockville extension, 6.10 miles, and of the Indiana Block Coal RR. 12.61 miles, the C. & E. I. RR. Co. assuming all rentals and taxes on those roads, as previously paid by the E., T. H. & C. Ry. Co.

On May 1, 1887, the Chicago and Indiana Coal Ry. Co. took a lease of that part of the Chicago and West Michigan Ry., between La Crosse, Ind., and New Buffalo, Mich., at a rental of $19,500 per annum.

The connecting link from Momence, Ill., to Percy Junction, Ind., 31.16 miles, was built in 1888, and the Indiana Division of the Chicago and Eastern Illinois, from Covington to Coal Creek, Ind., 8.38 miles, was abandoned in the same year, and with it the use of the tracks of the Ohio, Indiana and Western between Danville, Ill., and Covington, Ind., 13 miles.

Rolling Stock.—Locomotive engines, 95. Cars—passenger, 50; baggage, mail and express, 13; freight (box, 1,748; stock, 209; platform, 287; coal, 5,984; caboose, 47), 8,178, other, 12—total cars, 8,300.

Operations (C. & E. I. RR. for year ending June 30, 1888, see tabulated statement on page 351;) for six months ending December 31, 1888 (C. & E. Ill. & C. & I. C. Rys.).—Traffic returns not reported. Earnings—passenger, $264,414.53; freight, $1,145,267.65; mail, $18,181.86; express, $19,167.65; miscellaneous, $48,048.09—total, $1,495,079.78. Operating expenses and taxes, $852,526.62. Net earnings, $642,553.16. Add other income, $549.29. Available revenue, $643,102.45. Payments: Rentals, $114,430.48; interest, $341,168.42; dividends on preferred stocks of both companies outstanding (3 per cent.), $133,956—total, $589,554.90. Balance surplus, $53,547.90.

The first mortgage bonds of the Chicago and Indiana Coal Ry. Co. are secured by first lien on the line from Brazil, Ind., to La Crosse, Ind., the link from Percy Junction, Ind., to Illinois State line, and the 6.64 miles of coal branches, a total of 171.74 miles. They are coupon bonds for $1,000 each and are limited in issue to $18,000 per mile of single track road and $7,000 per mile for equipment, with provision for a further issue of $8,000 per mile for double track. Trustees: Metropolitan Trust Co., New York, N. Y., and R. B. F. Pierce, Crawfordsville, Ind. Interest payable at the office of the Metropolitan Trust Co., New York.

The first mortgage C. & E. I. bonds are secured by first lien on the main line from Dalton to Danville, Ill., 107.45 miles. They are coupon bonds with privilege of registration, and are issued in denominations of $100, $500 and $1,000. Provision was made for the accumulation, after 1885, of a sinking fund of $20,000 a year for the redemption of these bonds. Trustee: Central Trust Co., New York. Interest payable at Fourth National Bank, New York, or Globe National Bank, Boston.

The incomes are a second lien on the main line from Dalton to Danville. Interest limited to 7 per cent. and non-cumulative. Denominations: $100, $500, and $1,000. Of the original issue of $1,000,000 of these bonds, all but $64,000 have been exchanged for first consolidated mortgage bonds of 1884–1934.

The Danville and Grape Creek bonds are a first lien on 7 miles of road, from Danville to Westville, Ill. Interest payable at the Globe National Bank, Boston. The Chicago and Eastern Illinois Extension bonds are a first lien on the line from Grape Creek to Sidells Grove, Ill., 15.4 miles. Interest payable at Fourth National Bank, N. Y.

The first consolidated mortgage bonds are a lien on all the property of whatever description owned by the company prior to consolidation with the Strawn and Indiana State Line and the Chicago, Danville and St. Louis RR. Cos., November 12, 1887. Of the authorized issue, $6,000,000, there were deposited with the Central Trust Company $4,500,000 for retirement of prior lien bonds. They are $1,000 bonds, principal and interest payable in gold. Trustee: Central Trust Co. New York. Interest payable and exchanges made at the Central Trust Co., New York, or Globe National Bank, Boston.

The Strawn and Indiana State Line bonds are secured on the Wellington Branch, from Cissna Park to Wellington, Ill., 11.36 miles. They were guaranteed by the Chicago and Eastern Illinois RR. Co. before the consolidation in November, 1887, and were then assumed.

The general consolidated and first mortgage bonds are a lien on all the property acquired by the company since the consolidation of November 12, 1887, and are also a lien on all the company's property, of whatever name or nature, subject, however, to prior liens. They are authorized at the same rate as the consolidated first mortgage bonds—$18,000 per mile of single track, $8,000 per mile additional for double track, and $7,000 per mile for equipment, the issue under the last-named provision, however, not to exceed the actual cost of equipment. They are $1,000 coupon bonds, with provision for conversion into registered bonds. Trustee: Central Trust Co., New York. A sufficient amount of these bonds is held in trust for retirement of prior issues.

Total as per balance sheet							[illegible]

NOTE.—Total amount of bonds outstanding, $102 172 000, of which gold bonds $12 342 000; currency bonds. See [illegible] marked *—$10,[illegible] 00,000—were issued for the Fremont, Elkhorn and Missouri Valley, and Wyoming Central Railway exchange for their first mortgage bonds; bonds marked †—$10,000,000—were issued for purchase of Chicago, St. P[illegible] and Omaha Ry. Co stock; bonds marked ‡ $3,860,000—were issued for purchase of Fremont, Elkhorn and Mo[illegible] stock. These several issues, together with sundry bonds held by trustees of various sinking funds, $1,8[illegible] 500, amount which deducted from the total amount [$106,423,500], leaves $78 2.0 600 as the net amount issued to cover the 4,[illegible] Chicago and Northwestern Ry. Co., or $18 574.01 per mile of road.

The consolidated sinking fund bonds are secured by a mortgage lien on all the [illegible] lines of road, and the equipment of the company (except the Milwaukee Division) in [illegible] Wisconsin, and Michigan, subject to prior liens, as follows: Chicago to Clinton, 127 [illegible]

Chicago to Freeport, 121 miles; Elgin to Richmond, 34.54 miles; Belvidere to Madison, 68.90 miles; Chicago to Fort Howard, 242.20 miles; Escanaba to Negaunee, Mich., and Iron Mines, 100 miles; Rockfort to Kenosha, 72.10 miles—total, 775.74 miles. The mortgage trust deed provides that the company may at any time make further issues for the purpose of exchanging them for such prior liens. The remainder of the bonds provided under this mortgage ($243,000) are reserved to retire the $91,000 Beloit and Madison, and the $152,000 Peninsula bonds.

The 4 *per cent. Extension bonds of* 1886 are limited in issue to $20,000 per mile, or to a total of $20,000,000. They are a direct obligation of the company, and are additionally secured by deposit of a corresponding amount of first mortgage bonds of railroads acquired or constructed by the company. They are coupon or registered bonds—coupon, $1,000, and registered, $1,000, $5,000, and $10,000. Coupon bonds are exchangeable into registered bonds and registered into other registered bonds. The above are all coupon bonds. The bonds are dated April 15, 1886; principal and interest payable at the office of the company in New York. Trustee, Union Trust Co., New York. Listed on New York Stock Exchange.

The amount of bonds provided for under the general consolidated gold mortgage was $48,000,000, of which $35,349,000 were to retire outstanding prior lien bonds, as follows: C. & N. W. currency bonds of various issues, $8,812,500; C. & N. W. gold bonds, $5,850,000; Peninsula RR. currency bonds, $695,000; G. & C. U. currency bonds, $3,068,000; B. & M. currency bonds, $324,000; C. & M. RR. currency bonds, $1,724,500; I. M. Ry. currency bonds, $1,350,000; W. & St. P. RR. currency bonds, $4,400,000; W. & St. P. RR. Extension gold bonds, $4,625,000; La C., T. & P. RR. bonds, $1,000,000; N. W. U. Ry. gold bonds, $3,300,000—total, $35,349,000. The remainder of the issue ($12,651,000) was to be used for the improvement of the road, etc. These bonds are a mortgage on all the roads, land grants, and other property of the company, subject to prior liens, as above. A sinking fund of one per cent. per annum has accrued since June 1, 1874.

The *sinking fund debentures* of 1988 were issued to provide means for purchase of controlling interest in Chicago, St. Paul, Minneapolis and Omaha Ry. Co., and are provided with a sinking fund by which $200,000 are to be purchased and cancelled each year from and after 1888, whenever bonds can be purchased on or below 105 and accrued interest in any one year. The C. & N. W. Ry. Co. guarantees that no increased mortgage debt, except for improvements, extensions, etc., shall be created without providing equal security for these bonds with any additional bonds secured on same property. In case of default for six months, trustee (Union Trust Co.) is empowered to declare principal due and enforce payment.

The 5 per cent. 25 year *debenture bonds* of 1909 were issued for purchase of capital stock of the Fremont, Elkhorn and Missouri Valley RR. Co., and for construction and equipment.

The *Chicago and Tomah RR. bonds* are secured on the lines of the Galena and Wisconsin and Chicago and Tomah RRs., aggregating 153.72 miles, as given on page 658 of last MANUAL.

Chicago and Western Indiana Belt Ry. Co., the consolidated company retaining the name of the Chicago and Western Indiana RR. Co.

PURPOSES FOR WHICH ORGANIZED.—The Chicago and Western Indiana RR. Co. was organized for the purpose of leasing its road and terminal facilities in the city of Chicago, and its vicinity, to other companies; the South Chicago and Western Indiana RR. Co. for the purpose of giving to lessees of the Chicago and Western Indiana RR. a connection with the iron and lumber interests at South Chicago; and the Chicago and Western Indiana Belt Ry. Co. for the purpose of building a road to connect outside of the city the various railroads entering Chicago, and transferring cars without entering the city.

PROPERTY.—The real estate (including wharf property on the Chicago River) owned in fee simple, and covered by the general mortgage, consists of 61 acres of land within the city limits, upon which are passenger and freight depots leased to various companies; 78 acres for right of way and switch yards adjoining the city, leased to the same companies; 202 acres for transfer yards on the Belt Division, and 28 acres for yard grounds at junction of Hammond Extension and Belt Division. The elevator of the company (capacity, 1,500,000 bushels) is situated on the Chicago River, near 18th Street, on the main line.

LESSEES.—The Chicago and Eastern Illinois RR. Co., the Wabash, St. Louis and Pacific Ry. Co., the Chicago and Grand Trunk Ry. Co., the Chicago and Atlantic Ry. Co., the Louisville, New Albany and Chicago Ry. Co, and the Chicago, Santa Fé and California Ry. Co. lease the right to use the main line in order to enter the city; and, in addition, freight houses, freight yards, and the right to use the passenger depot. These six companies assume and pay all expenses of operating and maintaining the road, on basis of mileage. The Belt Ry. of Chicago leases the Belt Division and the Indiana elevator. The leases are all covered by the mortgage as additional security.

RENTALS.—The lessees pay a monthly rental sufficient to pay the interest on the bonds issued against their respective leases, and in addition pay monthly an amount sufficient to retire the principal of such bonds before maturity. These rentals are paid to the trustees. After paying the interest on the outstanding bonds, the remainder of the rentals are paid by them to the company. The sinking fund is invested by the trustees in the purchase of outstanding bonds every six months, per terms of mortgage. The present leases yield a rental of over $800,000 annually, which is all paid to the trustees as explained above.

Rolling Stock, December 31, 1888.—Locomotive engines, 14. Cars (platform, 100; caboose, 5; stone, 48), 153; other, 20—total, 173. Also 1 steam derrick. Of this equipment 11 locomotives, 80 flat, 5 caboose, 48 stone dump, and 6 hand cars are leased to the Belt Railway Co. of Chicago.

Income Account, December 31, 1888.—Rentals from lessee companies, $823,896 84; rent of houses, etc., $60,628.87—total income, $883,525.71. Payments: Interest on bonds, $520,020; bonds redeemed, $80,030.01; expenses of houses, etc., $2.507.57; trustees' commission, $3,006.95—total, $605,564.53. Balance, surplus, $277,961.18. Surplus from last year, $438,370.65—total surplus, as per general balance sheet, $716,331.83.

History.—Consolidation Oct. 1, 1881, of the Chicago and West Michigan RR., the Grand Rapids, Newaygo and Lake Shore RR., the Grand Haven RR., and the Indiana and Michigan RR. of Indiana. See MANUAL for 1884, page 593.

During the year 1882 the Indiana and Michigan Ry., which is the Southern Extension of the old C. & W. M. RR., was opened from New Buffalo to La Porte, 15 miles, about May 1, and to La Crosse, 22 miles farther south, in December; the Bluffton Branch was extended from Bluffton to Port Sherman, 1.3 miles, and the White River RR. from Crooked Lake to West Troy, 4 miles. The Baldwin Extension of the White River RR. was completed and opened for business December 9, 1883.

In 1882 the stock of the White River RR. Company was exchanged for bonds of this company, and during 1884 that company was dissolved, and the accounts representing its cost to this company closed by transfer to construction accounts.

The stock of the consolidated company shows an increase over that of the C. & W. M. RR. Co., of $645,800, which amount was issued for consolidation purposes. Of this increase $582,760 are held in trust for the benefit of this company, and the balance, $63,040, will be issued and held in the same way when the outstanding stock of the old companies is presented for exchange.

Rolling Stock, December 31, 1888.—Locomotive engines, 48. Cars—passenger, 38; baggage, mail, etc., 22; freight (caboose, 21; box, 801; flat, 1,004; log, 17), 1,843—total, 1,903. Also, 1 officers', 2 tool, 1 pile-driver, 2 excavators, 4 snow plows, 1 painters' and 1 carpenters' car. In addition to above equipment the company leases 200 box cars from the West Michigan Equipment Co.

History.—For full sketch of corporate history of this company and of the lines purchased or merged with it; statement showing the progress of construction on all lines, etc., reference should be made to the MANUAL for 1888, pp. 379–382.

In 1868 the company began the construction of numerous branch lines, which are nominally leased but really owned by the Chicago, Burlington and Quincy RR. Co., and are wholly incorporated into its system. The roads thus built, in the order in which they were added to the Chicago, Burlington and Quincy system are as follows:

NAME OF ROAD.	Length.	Date of opening.	When and How Acquired by C., B. and Q. System.
American Central	50.59	April 25, 1869	Leased for 999 years from completion.
Keokuk and St. Paul	43.75	Oct. 27, 1869.	Perpetual lease from completion.
Peoria and Hannibal	32.61	July 18, 1869.	Owned.
Dixon, Peoria and Hannibal	44.51	Feb'y 1, 1870.	Leased for 99 years from completion.
Carthage and Burlington	30.00	Jan'y 16, 1870.	Leased for 99 years from completion.
Quincy and Warsaw	39.75	Dec. 25, 1870.	Perpetual lease from completion.
Ottawa, Oswego and Fox Riv. Valley	68.14	May 1, 1871.	Perpetual lease from completion.
Albia, Knoxville and Des Moines	32.90	Nov. 18, 1875.	Perpetual lease from completion.
Illinois Grand Trunk	64.38	July 23, 1872.	Perpetual lease from completion.
Quincy, Alton and St. Louis	48.26	Dec. 22, 1871.	Feb. 1, 1876. Perpetual lease at $42,000 per year.
St. Louis, Rock Island and Chicago*	286.17	Decem., 1870.	October 1, 1876.
Chicago and Rock River	48.15	20 m. in 1871. 27.47 m. in '72. 0.68 m. in '83.	In 1871, by purchase of all bonds and a majority of stock. Formerly opened between Shabbona and Rock Falls October 16, 1872, and leased in perpetuity to the C., B. & Q. RR. Co.

* Exclusive of lines operated under trackage contract. In 1876, 5.71 miles of line were built, and, in 1880, 6.59 miles, securing an independent line into Rock Island, the use of the Chicago, Rock Island and Pacific RR. Co.'s line being discontinued at the same time.

(For "Contingent Liabilities" of the Chicago, Burlington and Quincy RR. Co., for branch roads, reference should be made to General Balance Sheet; for termini and lengths of lines, see Mileage Statement, preceding.)

In addition to the mileage owned and operated directly by the C., B. & Q. RR. Co. (see page 367), the company controls and practically owns the following lines: Hannibal and St. Joseph RR.; St. Louis, Keokuk and Northwestern RR.; Chicago, Burlington and Kansas City RR.; and the Kansas City, St. Joseph and Council Bluffs RR.; and also owns a half interest with the Wabash, St. Louis and Pacific Co. in the Humeston and Shenandoah RR., 113 miles.

"The properties controlled by this company whose operations and mileage are not embraced in this report, show a decrease in net surplus for the year 1888, as compared with the year 1887, of about $1,600,000, after paying their own operating expenses, taxes, rentals, and interest on their outstanding liabilities not owned by the C., B. & Q. RR. Co. These properties consist of 1,115 miles of standard gauge railroad and 218 miles of narrow gauge railroad owned, and 95 miles of standard gauge leased and operated jointly with other companies."

"There was also paid during 1888 interest on securities held by the Chicago, Burlington and Quincy Company amounting to $105,480.18, which is included in the item "Interest, Exchange, and other Income," on page 5 of this Report. Nothing has been received by the Chicago, Burlington and Quincy Company as dividends on stock, which in 1887 amounted to $355,649.00, from the Hannibal and St. Joseph Company, and $263,115.00 from the Kansas City, St. Joseph and Council Bluffs Company. The total debt of all these properties, outstanding, not owned by the Chicago, Burlington and Quincy Company, December 31, 1888, was $16,460,000.

"The strike of engineers and firemen in February last extended to all these lines except the narrow gauge roads."

In the MANUAL for 1888, on page 382, was given a statement showing the additions made to the system from 1878 to 1887. During the year 1888 the mileage was further increased by the construction of the Illinois Valley and Northern RR., from Streator to Walnut, Ill., 58.73 miles, opened June 1, 1888; an extension of the Nebraska Ry., from Nebraska City, Neb., to Morison, Ia., 2.09 miles, opened August 12, 1888; an extension of the Grand Island

and Wyoming Central RR., from Whitman to Alliance, Neb., 69.60 miles, opened February 3, 1888, an extension of the Lincoln and Black Hills RR., from Greeley Centre to Ericson, Neb., 18.55 miles, opened May 7, 1888; an extension of the Beaver Valley RR., from Blakeman to St. Francis, Kan., 39.21 miles, opened July 8, 1888.

"The relation of the Chicago, Burlington and Quincy Company to the Chicago, Burlington and Northern Road," says the President in his report for 1888, "seems to be somewhat misunderstood, and it may not be out of place to review briefly the history of the Chicago, Burlington and Northern enterprise.

"In 1883 the Northern Pacific had been completed; the Canadian Pacific was being pushed forward towards Puget Sound, and the St. Paul, Minneapolis and Manitoba was opening a large territory west and northwest of St. Paul.

"About this time the attention of the Chicago, Burlington and Quincy managers was drawn to the project of building a road from Fulton, Ill., the end of one of our branches and of our St. Louis division, to St. Paul, along the east bank of the Mississippi River. It would give a direct line between St. Louis and St. Paul, of which we owned about half—that is, the portion between St. Louis and Fulton; would give a northern market for the coal-fields underlying many miles of our road in Illinois; would give us direct connection with the pine lumber region of Wisconsin; and, by the construction of forty-seven additional miles, from Savanna, on the Mississippi River, to Oregon, on the Chicago and Iowa Railroad, would make a line between Chicago and St. Paul only twenty-one miles longer than the shortest, with easy grades and fair alignment. It would, in short, connect us, and more especially our St. Louis line, with the Northwest, and would open to us at least two, and perhaps eventually three, new lines to the Pacific coast. The question of the probable value of the road in itself was a different one; but after careful examination your Directors became convinced that the road would pay a fair return on the cost of building it, and that sooner or later it would attract the necessary capital.

"Without at that time (1883) finally deciding anything more, your Directors determined that the Chicago, Burlington and Quincy Company should make surveys and do what might be necessary to occupy and hold the ground, pending the final settlement of the question of building the road; and in pursuance of this policy our Company expended, during the years 1883, 1884, and 1885, about $800,000.

"In the summer of 1885, when your Directors were finally considering the question of building the road or of selling what we had acquired if a suitable purchaser could be found, Mr. A. E. Touzalin, who had formerly been in the service of our Company, and was known to be a man of character and energy, after examining the line and satisfying himself as to its value, made a proposition to pay back what the Chicago, Burlington and Quincy Company had expended, with interest at five per cent. and to organize the Chicago, Burlington and Northern Railroad Company, to build a road to St. Paul, connecting with and feeding the Chicago, Burlington and Quincy. After negotiation and discussion, this proposition was accepted by your Directors, with the condition that a certain proportion of the stock and bonds of the new company should be offered to Chicago, Burlington and Quincy stockholders, and a contract was made between the Chicago, Burlington and Quincy and the new company, as set forth in the Chicago, Burlington and Quincy circular of August 1, 1885. As therein stated, the Chicago, Burlington and Quincy Company became the owner of 30,000 shares of the capital stock of the Chicago, Burlington and Northern Company, and we have since acquired 975 shares more by the operation of the contract. The Chicago, Burlington and Quincy owns now, therefore, 30,975 shares, out of a total of 90,975 shares, the remainder being in the hands of individual holders.

"It will be seen from the foregoing statement that the Chicago, Burlington and Quincy Company does not control the Chicago, Burlington and Northern Road."

History.—The Chicago, Milwaukee and St. Paul Railway Company was organized May 5, 1863, under the name of Milwaukee and St. Paul Ry. Co. by the purchasers at foreclosure sale of the Western Division of the La Crosse and Milwaukee RR. Subsequently it acquired by purchase the Milwaukee and Western, the Milwaukee and Horicon, and the Ripon and Wolf River RRs., and the Eastern Division of the La Crosse and Milwaukee RR. On February 14, 1874, under authority of an act of the Legislature of the State of Wisconsin, the name was changed to the Chicago, Milwaukee and St. Paul Ry. Co. At that time the mileage had been increased by the absorption of various lines and the construction of sundry links until the total length of completed roads owned equalled 1,399 miles. In addition to this the company owned a majority interest in the Western Union RR., having a total mileage of 212.75 miles. In the succeeding years there was no considerable increase of mileage until 1878, when it increased to 1,539 miles. In the MANUAL for 1888, on pages 390 and 391, was given a condensed history of the several lines forming the St. Paul system.

Statement showing the progress of construction of the different lines now forming the Chicago, Milwaukee and St. Paul Ry. system, irrespective of the time they were acquired by the Chicago, Milwaukee and St. Paul Ry. Co.:

In 1886 the company acquired one-fifth interest in the Belt Ry. Co. of Missouri, and contracted with that company for the use of its road as an entrance into Kansas City. A new passenger station at Milwaukee, completed during 1886, is used jointly by this company, the Wisconsin Central, and the Milwaukee and Northern Companies. A contract was entered into with the Wisconsin Central Lines for the use of the tracks of this company's Northern Division from Rugby to Milwaukee, 27.6 miles, and terminal facilities at Milwaukee, including access to the industries reached by the tracks of this company. In October, 1886, the company purchased the Dakota and Great Southern Ry., and assumed $988,000 1st mortgage bonds outstanding on that road.

General Balance Sheet, September 31, 1888.

The preferred stock is entitled to 7 per cent. dividends, non-cumulative, after payment of interest on all bonds, the company having the privilege of reserving, as a working capital, a sum not exceeding $250,000 over the floating debt and the accrued interest on the mortgage bonds. After payment of 7 per cent. on common stock both classes share any further profits *pro rata*.

Bonds of all classes are $1,000 each with provision for registration of principal of coupon bonds. The consolidated and many of the divisional mortgage bonds may be converted into preferred stock at any time within 10 days after dividends have been paid.

Stock and all the bonds (except land grant incomes, $1,888,000; Dubuque Div., $6,643,000; and Wisconsin Valley Div., $1,683,000) are listed on the New York Stock Exchange. Annual meeting in June—day appointed by directors. Books close for annual meeting about 16 days prior thereto, and remain closed about 31 days. Books close for dividends about March 24 and September 24, and reopen about April 17 and October 17. Most of the Wisconsin Valley Div., and Dubuque Div. bonds are held in Boston and are probably listed on the exchange of that city. Stock must be owned one day before closing of transfer books to entitle holder to vote. Voting power attaches to all registered bonds bearing date prior to 1878. Registrar of stock, Union Trust Co., New York; transfer agents, James M. McKinlay, J. M. Bokee, C. B. Ferry.

History.—The Columbus, Chicago and Indiana Central Ry. Co. was a consolidation February 12, 1868, of the Columbus and Indiana Central and the Chicago and Great Eastern RR. Cos. Leased February 1, 1869, to the Pittsburgh, Cincinnati and St. Louis Ry. Co., which operated the road under the lease until January 1, 1875, and under the direction of the U. S. Circuit Court, for account of receivers of the C., C. & I. C. Ry. Co. from the latter date until March 20, 1888. On January 10, 1883, the road was sold under foreclosure, and purchased by a committee representing the bondholders. On March 20, 1883, the receivers were discharged. The present company was organized by the bondholders, and took possession of the property on April 2, 1883. For plan of reorganization see MANUAL for 1882, page 623. The company has joint use of the tracks of the Lake Erie and Western Ry., from Indianapolis to Kokomo, Ind., 55 miles, under a 10-year agreement, dated February 14, 1888, at a monthly rental of $2,000 and a proportionate share of taxes and maintenance expenses, making the total length of lines operated 708.72 miles.

In the MANUAL for 1888 (page 401) will be found a condensed history of the various companies owning lines in Ohio, Indiana and Illinois, now forming the property of this company.

CINCINNATI, HOCKING VALLEY AND HUNTINGTON RAILROAD CO.

Lines of Road.— Kingston, O., to Adelphi, O..... 9.75
Cin., Eastern Junction to Point in Clermont Co., O..11.30—21.05 miles.
Sidings, 1 mile. Gauge, 4 ft. 8½ in. Rail (steel, 9.75 miles), 35 and 45 lbs.

History.—The Cincinnati, Fayetteville, Hillsborough and Huntington RR. Co. was organized April 6, 1880, to succeed a company which had been organized some years previously to build a road from Cincinnati to Nelsonville, O. Considerable preliminary work had been done when in October, 1882, that portion of the line from its junction with the Chicago and Eastern Ry. to Hillsborough was sold to the Cincinnati, Atlantic and Columbus RR. Co., that company assuming all debts of the C., F., H. & H. RR. Co. The new company completed 11 miles of road, from Milford to Nelsonville, when it became embarrassed, and it is reported to have passed under the control of the Cincinnati, Georgetown and Portsmouth RR. Co.

Subsequently a contract was entered into for the construction of a section of the line east of Hillsborough, under which the line from Adelphi to Kingston, as above, was completed and formally opened December 22, 1885. This section is operated by the contractor, John Karshner, who will control it until it shall have been paid for by the company.

Rolling Stock.—Locomotive engine, 1. Cars—passenger and baggage, 1.

Financial Statement.—Capital stock, $5,250,000.

On June 20, 1881, a contract for 20 years was entered into with the Home Avenue Ry. Co., by the terms of which this company secured the right of operating that line in its interests, thereby obtaining almost entire control of the business of the Soldiers' Home at Dayton.

Under the provisions of the consolidated mortgage, 1 per cent. per annum on the amount outstanding is to be invested in any of the bonds of this company, same to be cancelled by the trustee and returned to the company.

In addition the company paid interest during the year on $1,120,000 1st 7s of the Cincinnati, Lafayette and Chicago RR. Co., and $450,000 1st 7s of the Vernon, Greensburg and Rushville RR. Co. The second mortgage Indianapolis, Cincinnati and Lafayette RR. bonds are secured by a first mortgage on the 63.5 miles of road from Indianapolis to Lafayette, and a second mortgage on the entire line from Lafayette to the Ohio State Line, 154.26 miles. The consolidated mortgage provided for an issue of $7,500,000 bonds.

The 4 per cent. general mortgage bonds were issued for the purpose of refunding the company's bonded debt and to provide for new equipment and improvements to the property. They are additionally secured by deposit in trust of certain stocks and bonds owned by the company of the par value of $4,620,517. They are gold, coupon ($1,000), or registered ($1,000 $5,000, $10,000)—coupon exchangeable for registered at Central Trust Co. See MANUAL for 1888, page 408 and 409.

The company's report contains no detailed statement of bonded debt from which the above statement could be revised, but it is stated that at the close of the fiscal year covered by this statement there were outstanding $5,681,000 of the new 4 per cent. bonds and $4,261,750 old 6 and 7 per cent. bonds, and that $1,082,000 old 7 per cent. bonds would be paid off in October 1888, which would leave only $3,178,750 of the old bonds outstanding.

Annual meeting, last Tuesday in October. Books close ten days prior thereto. Trustees of bonds: I. & C. of 1858, Richard H. Manning, George M. Bartholomew, and W. G. W. The amount of bonds given in above table represents the total amount authorized, of which $650,000 are reserved in hands of Farmers' Loan and Trust Co., trustee, for special purposes. See General Balance Sheet.

The assumed bonds were those of lines which were purchased from time to time. All other bonds were issued under the terms of the plan of reorganization of 1882, for full terms of which see MANUAL for 1884, pages 536 and 537. The prior lien bonds were issued in exchange for receivers' indebtedness. The third mortgage bonds bear interest at 3 per cent. for ten years and 4 per cent. thereafter. The income bonds are entitled to one vote at all meetings of stockholders on every $100 of par thereof. Interest on incomes is payable if earned. The 4½ per cent. mortgage gold bonds are guaranteed, principal and interest, by the Baltimore and Ohio RR. Co. Bonds of all classes are $1,000 each and coupon with privilege of registration.

In November, 1888, default was made in payment of interest on some of the first mortgage bonds, and, in suit of Farmers' Loan and Trust Co. for reorganization of mortgages, receivers were appointed December 31, 1888. Shortly thereafter a reorganization committee, consisting of T. E. Hambleton, E. R. Bacon and J. H. Davis, was appointed, and plans are now being matured for a reorganization of the company. The Baltimore and Ohio Co. has a lien against the company in a judgment for $1,250,000, declared a prior lien by the court in March, 1889. There is an additional floating debt of about $668,000. The $300,000 Scioto and Hocking Valley bonds were taken up in 1888, and are held for account of the company.

Sidings, 23.22 miles. Gauge, 3 ft. Rail (steel), 35 and 40 lbs.

History.—This company is a reorganization, after foreclosure sale, May 9, 1885, of the Connotton Valley Ry. Co., which went into a receiver's hands January 19, 1884. For early history of the road and for plan of reorganization, see MANUAL for 1885, page 543. Early in 1888 the company made an issue of $2,000,000 bonds, with the proceeds of which the gauge has been changed to the standard of 4 ft. 8½ inches, and the road relaid with 60-lb. steel rail. The change of gauge was completed November 18, 1888.

The Coshocton and Southern RR. Co., an auxiliary corporation, is building a railroad, to be completed early in 1889, from a connection with the Cleveland and Canton at Coshocton to Zanesville. Stockholders of the Cleveland and Canton subscribed for an issue of $600,000 bonds of the Coshocton and Southern RR., and received a bonus of $500 stock with every $1,000 bond. Two other companies which are to build roads which will connect with the Cleveland and Canton, and in which parties interested in the Cleveland and Canton are also

2d track, 20.03 ; sidings, 171.87 miles. Gauge, 4 ft. 8½ in. Rail (steel), 60 and 65 lbs.

The Cincinnati and Springfield Ry. was leased January 24, 1871 and the Mount Gilead Short Line RR. April 13, 1880. On July 28, 1882, the interest of the Pennsylvania Company in the Indianapolis and St. Louis RR. and its leased line, the St. Louis, Alton and Terre Haute RR., was acquired by this company, and a modified lease of the St. Louis, Alton and Terre Haute to the Indianapolis and St. Louis agreed upon, by the terms of which this company becomes joint lessee with the latter company and jointly liable for the rent to be paid—$450,000 a year and 20 per cent. of any excess of gross earnings over $1,750,000. The operations of the leased lines are reported separately.

History.—A complete history of this company was given on page 424 of the MANUAL for 1888. A consolidation of this company and the Cincinnati, Indianapolis, St. Louis and Chicago was agreed upon between the directors of the two companies in March, 1889, and only awaits the ratification of the stockholders before being carried into effect.

The agreement is said to provide for an issue of $10,000,000 preferred stock, to be exchanged dollar for dollar for stock of the C., I., St. L. & C., and $20,500,000 common stock to be divided between the companies in the proportion of $17,500,000 to this company and $3,000,000 to the C., I., St. L. & C.; the latter, in consideration of receiving such common stock to accept a non-cumulative preference for the 5 per cent. on its preferred shares.

Total annual interest charge, $698,470. Interest and dividends paid by United States Trust Co., New York. The first consolidated mortgage bonds are payable in New York at $1,000 each, or in London at £200 each, at option of company; coupons at $35 or £6. Of the original issue, $7,500,000, a sufficient amount was deposited with the United States Trust Co. to retire prior lien bonds. These bonds are additionally secured by a sinking fund of 1 per cent. yearly. The general consolidated mortgage bonds are secured on this company's railroad and upon its terminal facilities and real estate in Indianapolis, Cincinnati and Cleveland, as well as its interest in the leases, franchises and stock of the Cincinnati and Springfield and Indianapolis and St. Louis RRs. Total authorized issue, $12,000,000, of which $7,500,000 are to remain unissued until required to retire prior lien mortgages. Trustee, United States Trust Co. of New York. Bonds of all classes are $1,000 each, and coupon with provision for registration of principal.

Stock and bonds listed on New York Stock Exchange. Annual meeting, first Wednesday in March, at Cleveland, O. Books close for annual meeting about 10 days prior thereto; for dividends, about 10 days prior to payment of same.

MOUNT GILEAD SHORT LINE RAILROAD.—Mt. Gilead, O., to Edison, O., 2 miles. Sidings, 0.53 mile. Gauge, 4 ft. 8½ in. Rail, 56 lbs. Built by trustees appointed under acts of the Legislature of Ohio, April 16, 1879, March 30, 1880, and March 11, 1881, authorizing the incorporated village of Mt. Gilead to issue bonds to the amount of $24,000, running fifteen years, and redeemable after three years. Said bonds were issued bearing interest at 6 per cent. per annum, payable semi-annually and secured by the pledge of faith of, and a tax to be levied annually upon, the real and personal property of said village, until principal and interest is all paid. Road opened May 3, 1880. The C., C., C. & I. RR. Co. operates the road, furnishes rolling stock, and keeps up all repairs and expenses, and agrees to pay the trustees one-third of the earnings for a period of 20 years, such agreement being renewable for 99 years. History.—Consolidation April 11, 1871, of the Detroit, Howell and Lansing, the Ionia and Lansing, and the Ionia, Stanton and Northern RR. Co., under the name of Detroit, Lansing and Lake Michigan RR. Co. Sold under foreclosure December 14, 1876; company reorganized under present name December 27, 1876. Main line opened in August, 1871; Stanton Branch completed to Big Rapids in 1880. In 1883 a branch of 6.60 miles, extending from Rodney, on the Stanton Branch, to Chippewa Lake, was built at a cost of $35,843.20, which amount, together with the cost of laying 4.28 miles of new sidings during the same year, was charged to expense account. This branch secures about 150,000,000 feet of pine lumber, to be manufactured at Chippewa Lake at the rate of 15,000,000 to 20,000,000 feet per year, as well as considerable other traffic. It is not included in the mileage statement above. In 1887 the company acquired by lease the Grand Rapids, Lansing and Detroit RR. (statement for which see).

* A mortgage on the road and entire property of the company, subject to the Ionia and Lansing underlying mortgage. † Guaranteed, principal and interest, D., L. & N. RR. Co.

The trustees of the sinking fund hold $183,000 1st mortgage bonds of the Detroit, Lansing and Northern RR. Co., $9,000 1st mortgage bonds of Ionia and Lansing RR. Co., and $5,000 Saginaw and Western 1st mortgage 6s. The amount paid into the sinking fund during the year 1888 was $15,245.33 ; paid trustees' service, $150 ; repaid trustees' advances, $1,200 ; interest on same, $1.40. The Fort Scott Equipment Co. drew at par two $1,000 bonds of its issue.

GRAND RAPIDS, LANSING AND DETROIT RAILROAD.—Grand Rapids to Grand Ledge, Mich., 53.01 ; branch, Oakdale to Reed's Lake, 2.41—total, 55 42 miles. Gauge, 4 ft. 8½ in. Rail (steel), 56 lbs. Organized under the above name in the early part of the year 1887, for the construction of a railroad about fifty-three miles in length, from Grand Ledge, a point near Lansing upon the line of this road, to Grand Rapids. The stock of the company is all owned by the Detroit, Lansing and Northern RR. Co., which leases the road. The first mortgage bonds of the company, limited to twenty thousand dollars per mile, dated September 1, 1887, having forty years to run, and bearing interest at five per cent. per annum, and having the guaranty of the Detroit, Lansing and Northern RR. Co., both as to principal and interest, indorsed upon them, were offered to the stockholders of the latter company under circular of May 27, 1887. The amount so offered was at the rate of $15,000 per mile, supposing that it would be sufficient to build the road ; but the increased cost of steel rails and right of way, together with a more liberal outlay for terminals at Grand Rapids, to provide for the future as well as present requirements, will make it necessary to issue the full amount of bonds authorized by the mortgage. The road was opened in July, 1888. NATHANIEL THAYER, *President ;* Charles Merriam, *Secretary.*

SAGINAW AND WESTERN RAILROAD.—Alma to Howard City, Mich., 42.57 miles (steel, 6.75 m.). Chartered as Chicago, Saginaw and Canada, January 4, 1873 ; road opened to Edmore December 1, 1875 ; to Lakeview in 1879. Sold under foreclosure May 10, 1883, and purchased in the interest of the Detroit, Lansing and Northern Co. by parties who reorganized the company under its present name. Leased for 30 years from July 1, 1883, to the D., L. & N. RR. Co., that company guaranteeing to pay as rental 6 per cent. interest on bonds, and 7 per cent. dividends on stock, the maximum limit of bonds to be $15,000 per mile. Since date of lease the road has been shortened 2.7 miles by construction of a "cut-off" of one mile, connecting this line with the Saginaw and Grand Rapids RR. at Alma. Capital stock, $4,500 ; funded debt, 1st mortgage 6 per cent. 30-year bonds, due July 1, 1913, interest January and July, $566,000—total, representing cost of road and equipment, $570,500. DETROIT UNION RAILROAD DEPOT AND STATION COMPANY.

This company was organized to furnish station and depot accommodations for railroads to Detroit which were not provided with them. The company's property consists of station grounds, about forty acres, in the city of Detroit and a railroad through the suburbs of the city, about 3.33 miles in length, and tracks in the yards about two miles. It owns freight house, offices and other buildings, for both passenger and freight business, also a very large elevator with a capacity of about a million and a quarter bushels. Its railroad through the suburbs connects with the Wabash Railroad, also with the Lake Shore and Michigan South ern Railroad. Its present freight and passenger houses and about half its grounds are leased to the Wabash Company. It also owns outside real estate costing $30,000.

Income Account, year ending December 31, 1888.—Receipts: Rentals, $69,106.30; from elevator, etc., $59,557.08—total, $128,663.38. Expenses: General expense, including taxes, insurance, etc., $37,408.24, leaving net income, $91,255.14.

Financial Statement, December 31, 1888.—Authorized capital stock, $2,000,000. Funded debt is $600,000 4 per cent. 50-year, interest payable semi-annually, and secured by mortgage on all the company's station grounds, buildings and railroad. Capital stock issued, $1,650,000. There is no floating debt.

The preferred stock is entitled to 7 per cent. dividends (non-cumulative) from net earnings after payment of interest, and to share *pro rata* with the common stock in any dividend over 7 per cent. on the entire stock. The total amount of capital stock provided by scheme of reorganization is $10,000,000—$6,500,000 preferred and $3,500,000 common. The common stock was to be issued only after the preferred had received 7 per cent. yearly dividends for five consecutive years. But in March, 1888, the court decided they were entitled to have their stock issued, and a joint board of directors was elected in May, 1888, representing all interests.

The Muskegon, Grand Rapids and Indiana RR., from Grand Rapids to Muskegon, 36.85 miles, was completed toward the close of 1886 and leased to this company.

To provide the means for building this line there were issued $750,000 40-year $1,000 coupon bonds, due July 1, 1926, and bearing interest at the rate of 5 per cent. per annum, payable semi-annually, January and July. Principal and interest payable in gold free of all State and United States taxes. These bonds are a direct obligation of the Grand Rapids and Indiana RR. Co., and to provide additional security that company agrees to set apart each half year 20 per cent. of its gross earnings on business to and from the Muskegon Division to be applied to payment of interest on the Muskegon Division bonds accruing during such six months, should any deficiency arise in the earnings of the Muskegon Division applicable thereto.

Land Grant.—The company has two land grants, amounting in the aggregate to 1,160,000 acres, of which 852,960 acres had been certified up to December 31, 1888. Sales in the year ending December 31, 1888, 22,650 acres for $225,040. Average price per acre since January 1, 1888, $9.94, a decrease from previous years' sales of $3.87 per acre.

History.—On September 20, 1850, Congress made its first grant of lands to aid construction of a line of railroad, this grant being made to the State of Illinois, which quently transferred these lands to the Illinois Central RR. Co., chartered February 1 The act of incorporation empowered the company to construct a railroad from La S which point the Illinois and Michigan Canal has its southwestern terminus) northw the Mississippi River opposite Dubuque, Ia., and southwardly to Cairo at the confl the Ohio with the Mississippi; also a branch from its main line to Chicago. The la rendered by the State to this company under its act of incorporation consisted of 2 acres of land upon the line designated, reaching through the State in its longest and in alternate sections within six miles on both sides of the road. Provision was ensure the faithful application of these means: a deposit of $200,000 in cash or $3 Illinois State Bonds was demanded, and on complying with this provision, the comp entitled to receive a conveyance of the lands aforesaid.

The charter exempts the company's property from taxation, but requires a p to the State in lieu thereof of 7 per centum of its gross receipts. The sum so paid du years from 1855 to 1888, inclusive, has been $11,419,092.50. In this period the stock of the company have received in cash dividends the sum of $57,605,794.58.

On May 21, 1851, the first engineering party was organized at Chicago, and com preliminary surveys of the Chicago Division; before the end of that year the whole l surveyed and located.

In February, 1852, the Michigan Southern Railroad cars reached Chicago, mak first railroad connection with the East.

The first contract for grading the Illinois Central was made on the 15th of Marc for that portion of the line between Chicago and Calumet, and covered a distan miles. It was hurried along for the purpose of allowing the Michigan Central Ra enter the city, and was completed on the 24th of May following, and railroad commu opened between Chicago and Detroit.

Public contracts were first made in June, 1852, and the grading of the 1st, 2d, 9th, and 10th divisions let, and on the 14th of October following, the 3d, 4th, 5th, 7 and 12th divisions were put under contract.

The following statement shows the progress of the work of construction:

Date of Opening.	*Terminal Points.*	
May 24, 1852	Chicago to Kensington	1
May 16, 1853	Bloomington to Tonica	
July 11, 1853	Kensington to Kankakee

June 11, 1855	Council Hill to E. Dubuque	
June 25, 1855	Champaign to Mattoon	
September 27, 1856	Mattoon to M. L. Junction	

On October 1, 1867, the company took a lease of the Dubuque and Sioux C road, extending from Dubuque, Ia., opposite the western terminus of the Illinois line, to Iowa Falls, Ia., a distance of 142.74 miles; of the Iowa Falls and Sioux City Iowa Falls to Sioux City, 133.84 miles, and of the Cedar Falls and Minnesota Railro Falls, Ia., north to Mona, Ia., 75.58 miles, the total length of all these lines bei miles. In the same year the Illinois Central and Dubuque and Sioux City lines w nected by the construction of the Dubuque and Dunleith bridge spanning the Mi River at Dubuque. These leases ran for 20 years (for terms see previous issues of M

The following is from the report of the company for 1887:

"In March, 1887, the directors of the Illinois Central RR. Co. renounced the option of renew of the Dubuque and Sioux City RR. Co., and gave due notification of their decision. The lease there in accordance with its terms, on October 1, 1887, and all commitments of the Illinois Central Rail

created by the lease came to an end. The business to and from the Iowa Falls and Sioux City Railroad (the western portion of the Iowa Division) furnished nearly one-half of the earnings of the Dubuque and Sioux City Railroad, and being then unable to make satisfactory new arrangements with the owners of the latter, a majority of the capital stock of the Iowa Falls and Sioux City Company was purchased at $50 per share and payment therefor made in April and following months. The announcement of this purchase elicited an offer from the owners of a majority of the shares of the Dubuque and Sioux City Railroad to sell the same, which was accepted, and payment made on October 1, at $81.60 per share. Other shares of each company were bought at lower prices. By a circular letter issued April 16, 1887, these purchases were brought to the attention of the stockholders of the Illinois Central Railroad Company, and were approved by them on June 17, 1887.

"The claims of the Illinois Central Company for betterments made during the lease and for real estate granted by it to lessor companies have been settled by arbitration, and obligations of the Dubuque and Sioux City Railroad Company and of the Iowa Falls and Sioux City Railroad Company, respectively, taken for the total sum, which is $912,624.59. The leases of the Iowa roads restricted the allowance for betterments to certain specified items, and therefore it became necessary to write off against 'profit and loss' the difference between the amounts heretofore charged to 'Permanent Expenditures in Iowa,' and the sum of the awards of the arbitrators. This produces an apparent, though not a real diminution in the surplus of $654,459.51. During the last three months of the year 1887, the Dubuque and Sioux City Railroad Company operated its railway and that of the Cedar Falls and Minnesota, and the Iowa Falls and Sioux City Railroad Company operated its railway."

The following statement from the report of the Illinois Central Railroad Company for 1887 shows the total amount charged for permanent expenditures in Iowa—Dubuque and Sioux City Railroad and Iowa Falls and Sioux City Railroad—the amount of same charged off to profit and loss and allowed under the awards of the arbitrators and the investment of the Illinois Central in both companies December 31, 1887:

In the report for 1888 the following statement is furnished with reference to these lines:

"LINES IN IOWA.—All the railways west of the Mississippi River, in which this company owned shares or bonds, have been merged in the Dubuque and Sioux City Railroad Company, and the capital of that company has been thereby increased from five millions to eight millions. The holders of the $4,600,000 of the shares of the Iowa Falls and Sioux City Railroad Company received $2,875,000 of the new shares, at the rate of five shares for eight; and the Illinois Central as the holder of all the shares of the Cedar Rapids and Chicago and of the Cherokee and Dakota Railroad Companies received the remaining $125,000. Apart from $630,000 of five per cent. bonds of the Cedar Rapids and Chicago Railroad Company, and $3,100,000 of five per cent. bonds of the Cherokee and Dakota Railroad Company, all of which are pledged with other bonds as security for the Illinois Central 4's of 1952, and the interest on which is payable to the Illinois Central, the mortgage liens on the Dubuque and Sioux City RR. are:

Iowa Falls and Sioux City RR. Co. Bonds	$2,800,000		
Of which there are owned by D. & S. C. Co.	460,500		
		$2,339,500 at 7 per cent.	$163,765
Dubuque and Sioux City RR. Co Bonds		586,000 at 7 per cent.	41,020
" " " " authorized issue $3,000,000—outstanding	1,084,000 at 5 per cent.		54,200
	$4,009,500		$258,985

"The five per cent. bonds of the Dubuque and Sioux City RR. Co. are all held by the Illinois Central, having been taken at par in payment for property sold, or for the obligations given by the D. & S. C. and by the I. F. & S. C. for betterments made under the lease of 1857, as stated in the last annual report. The Dubuque and Sioux City Railroad Company owns 524 miles of railway extending from Dubuque westward to the Missouri River 327 miles,

with a branch from Manchester to Cedar Rapids, Iowa, 42 miles, and other branches from Cherokee, Iowa, northward to Sioux Falls, Dakota, 97 miles, and southward to Onawa, Iowa, 59 miles, all of which excepting seven miles is laid with steel rails, and is in good physical condition. That company also owns commodious station buildings and valuable terminals at Dubuque and Sioux Falls, shops at Dubuque, Waterloo, Fort Dodge, Cherokee and Sioux Falls, and an equipment sufficient for its local business. The dividends upon the shares of the Dubuque and Sioux City Railroad Company have been only one-half of one per cent. for the year last past. That is very unsatisfactory, but it is better than would have been the payment from your treasury of the rent under the old lease of 1867, which would have amounted to $707,760.13, and the surrender for the claims for betterments out of which your company has realized $912,624.59.

"The item in the general balance sheet entitled 'Securities of the Dubuque and Sioux City RR. Co., $10,121,209.83,' represents an outlay by which your directors have secured, beside the $3,930,000 of bonds of the Cedar Rapids and Chicago RR. Co. and Cherokee and Dakota RR. Co. above referred to, 73,973 shares of the stock of the Dubuque and Sioux City RR. Co., being all but 1,027 shares of its capital of eight million dollars."

By reference to the following statement from the report of the company for 1888, the increase in stock and bonds and in the amount charged for permanent expenditures, etc., can be readily ascertained.

SOUTHERN DIVISION.—In 1872 the Mississippi Central Railroad was extended from Jackson, Tenn., north to East Cairo, Ky., on the Ohio River opposite Cairo, Ill., the new line forming in connection with the original Mississippi Central and the New Orleans, Jackson and Great Northern Railroads, a continuous line of road from New Orleans to Cairo, Ill., with a total length of 547 miles. As this line forms a very favorable outlet for the railroads of the Illinois Central Company, the directors of the latter immediately entered into a working contract with the two companies owning it and subsequently acquired a considerable interest in the southern companies by the purchase of a large amount of bonds. In 1877 the railroads and properties of these southern companies were sold under foreclosure; reorganizations were effected, and a consolidation of the reorganized companies was completed November 8 of that year under the name of Chicago, St. Louis and New Orleans Railroad Company. On the 13th of June, 1882, the C., St. L. & N. O. RR. was leased to the Illinois Central RR. Co. for 400 years, at an annual rental equal to interest on all bonds and 4 per cent. on the capital

stock. The capital stock ($10,000,000) of this company was nearly all owned by the Illinois Central Company, lessee, and the latter company in 1882 made an issue of $10,000,000 "Illinois Central leased line 4 per cent. stock," in shares of $100 each, corresponding to the amount of the capital stock of C., St. L. & N. O., RR., for which the leased line stock was exchanged at par, the Illinois Central Railroad Company receiving and holding the lessor company's stock upon the following conditions:

Whereas, the shares referred to above have been transferred to the Illinois Central Railroad Company,
It is hereby stipulated and agreed that the Illinois Central Railroad Company will continue to hold the said shares of stock, and will not alienate, pledge or part with the same to any other party than the owner of this certificate; and that so long as the above stipulated payments are made by the Illinois Central Railroad Company it shall enjoy all the rights of a stockholder in said stock. The holder of this certificate may, upon default in payment of any sum stipulated to be paid as above (said default continuing sixty days), demand from the Illinois Central Railroad Company the above mentioned number of shares of like stock of the Chicago, St. Louis and New Orleans Railroad Company, and in that case shall have the right, on the surrender of this certificate, to an immediate transfer of the said shares, and to a certificate representing the same, to be delivered without delay, unencumbered by the conditions hereof. This certificate is transferable only at the office of the Treasurer of the Illinois Central Railroad Company, in New York, by the registered holder, or a duly authorized attorney, on surrender hereof.

OTHER LINES.—In 1877 the Chicago and Springfield RR. (111.44 miles) was leased to the Illinois Central for 50 years and operations were commenced by the lessee January 1, 1878. This line is operated under the name of Springfield Division. The Kankakee and Southwestern Railroad, known as the Middle Division, was constructed and added to the system between 1878 and 1888. At the end of 1881 the total mileage of the company's system was 1,886.25 miles, as follows: Main lines, 705.50 miles; Southern Division, 565.90 miles; branch lines, 223.69 miles; leased lines in Iowa, 402.16 miles. From that time to the end of 1888 the company has added to its system, by construction and purchase, various lines aggregating 888 miles in length, as shown below:

BUILT BY OR IN THE INTEREST OF THE ILLINOIS CENTRAL RR. CO.

South Chicago RR.:	Parkside, Ill., to South Chicago (double track)		4.76 miles.
Middle Division:	Colfax to Normal Junction, Ill.	19.66	
Branches & Extensions:	Buckingham to Tracy, Ill	10.00—	29.66 miles.
Aberdeen Division:	Durant to Aberdeen, Miss. (106.26 miles, less 17.90 miles, Kosciusko Jc., to Kosciusko, Miss., built previously)		88.36 miles.
Yazoo Division:	Jackson to Parsons, Miss.	115.69	
	Durant to Tchula, Miss.	24.67—	140.36 miles.
Wisconsin Division:	Freeport, Ill., to Madison, Wis.	61.80	
	Cedarville Junction, Ill., to Dodgeville, Wis.	57.36	
	Freeport, Ill., to La Vergne, Ill.	102.98—	222.14 miles.
Cherokee and Dakota RR.:	Onawa, Ia., to Sioux Falls, Dak.		155.58 miles.
Cedar Rapids & Chicago RR.:	Cedar Rapids, Ia., to Manchester, Ia.		41.85 miles.
	Total constructed		682.71 miles.

ADDED BY PURCHASE:

Rantoul RR.:	West Lebanon, Ind., to Leroy, Ill.	74.43 miles.
Chicago, Havanna & Western RR.	and branch	131.62 miles.
		206.05 miles.
	Total constructed and acquired by purchase	888.76 miles.

In addition to the above, the company has within the past three years purchased $572,213.62 stock and $2,334,000 bonds of the Mississippi and Tennessee RR. Co., and since the close of the fiscal year that company has been merged in the Chicago, St. Louis and New Orleans, as stated elsewhere.

To provide the means for these extensions and improvements, the company has, during the seven years, made the following issues of new securities:

Capital Stock	$11,000,000
Middle Division 5s, of 1921	368,000
Sterling 3½ per cents, of 1950	5,266,000
1st mortgage gold 4 per cents, of 1951	1,500,000
1st mortgage gold 3½ per cents, of 1951	2,499,000
Gold 4s, of 1952	15,000,000
Total	$35,633,000
From this amount, 3½ per cent. sterling bonds of 1950, which represent a corresponding amount of 5 per cent. bonds of the C., St. L. & N. O. RR. (issued in 1886 to retire maturing bonds), and which are pledged to secure the 3½ per cents	5,266,000
Leaving the actual increase in new securities	$30,367,000

The following extracts from the report of the Board of Directors for 1888 are appended as of interest in connection with the preceding historical sketch of the Illinois Central Railroad Company:

"LINES IN SOUTHERN STATES.

"The satisfactory income derived from your investments south of the Ohio River has been increased by the acquirement of the Mississippi and Tennessee Railroad, which, as set forth in the annual report for 1886, obviated the necessity of constructing a new road to Memphis, and has greatly strengthened your system. Since the Chicago, St. Louis and New Orleans Railroad was leased in 1882, for a guarantee of the interest on its $18,000,000 bonds and a dividend of four per cent. upon its capital of $10,000,000, expenditures have been made on the Yazoo & Mississippi Valley Railroad, and on the Canton, Aberdeen and Nashville Railroad, aggregating $4,197,494.58.

"More purchases of shares and bonds of the Mississippi & Tennessee Railroad Company were made during the last year, and the entire investment in that property is $2,906,213.62, from which there was received during the past year a net income of $77,791.87. Since the first of January, 1889, the Mississippi and Tennessee Railroad Company has been consolidated with the Chicago, St. Louis & New Orleans Railroad Company, and will hereafter be known as the Memphis Division. It will be leased to the Illinois Central for the remainder of the term of the lease of the Chicago, St. Louis & New Orleans, that is until the year A.D. 2282, for an annual rental of not less than $130,000, nor more than $140,000, and arrangements have been perfected whereby the entire investment made in the Mississippi & Tennessee Railroad will immediately be turned into cash. This lease is on terms more favorable to your company than that of the Chicago, St. Louis & New Orleans Railroad, for which there was guaranteed a rental equivalent to nearly forty per cent. of the gross earnings. The gross earnings of the Mississippi and Tennessee Railroad Company in 1888 were $476,005.08, of which $140,000 are less than thirty per cent. As those earnings have for many years averaged about half a million of dollars, there is no doubt that, in its present improved physical condition, the railroad will yield an annual return greater than the maximum rental.

"CHICAGO, MADISON & NORTHERN RAILROAD.

"Trains began to run regularly in August last on the Chicago, Madison & Northern Railroad from a point near the city limits of Chicago to Freeport, Madison & Dodgeville. The earnings have, however, been expended on that road, and not included in those of the Illinois Central. On January 1, 1889, that railroad was turned over to the Illinois Central, and the earnings will hereafter be included in the reports of your company. Owing to the large outlay necessary to secure suitable facilities in Rockford, to the high price of land in and about Chicago, and the requirements of the various municipal authorities with regard to highway crossings and viaducts, and by reason of errors made by engineers, the cost of this railway has surpassed the estimates. While the cost may reach forty thousand dollars per mile, it is less than that of any other railroad which has purchased an independent entrance into the City of Chicago during the past ten years. That part lying between Chicago and Freeport has been constructed across the drainage of a rolling country, with grades not exceeding one-half of one per cent. (26.4 feet per mile), and with a minimun of curvature. Valuable ground has been purchased in Rockford. Land in Freeport, with commodious shops thereon, has been secured, and a large round-house and other buildings erected thereon. The construction of this railway gives to your company a direct line of its own from Freeport into Chicago, over which the large tonnage from Iowa and the North Division is now promptly carried without allowing $250,000 per annum to another corporation for a service on 120 miles of its railroad. The distance from Freeport and all points west of it to Chicago is shortened by nearly twenty miles. During the coming year further expenditures will be made on the Chicago, Madison & Northern Railroad to an amount not exceeding six hundred thousand dollars, which will complete these 230 miles of railroad.

"RANTOUL RAILROAD.

"The alteration of the Rantoul Railroad from a narrow to the standard gauge, has entailed a further outlay, chiefly for steel rails and for ties, of $43,071.79. It is estimated that the expenditure of $50,000 during the coming year will complete the rebuilding of that railroad.

"DUNLEITH & DUBUQUE BRIDGE COMPANY.

"Early in the year your Directors purchased all the shares in the Dunleith & Dubuque Bridge Company not then owned by the Illinois Central. With the Bridge Company a contract had been made in 1867 whereby both the Illinois Central Railroad Company and the Dubuque & Sioux City Railroad Company bound themselves, in perpetuity, to use the bridge and to pay for the right to run their trains over it, rates of toll, which amounted in the year 1886 to $163,292.13, and in 1887 to $168,123.88. Contracts have been made between the Bridge Company and the Chicago, St. Paul & Kansas City and the Chicago, Burlington & Northern Railroad Companies, whereby the latter companies pay for the use of the bridge, $48,000 per annum, and a proportionate share of the expenses of operating it. The dividends from the shares of the Bridge Company have been satisfactory.

"RELATIONS WITH OTHER CORPORATIONS.

"Contracts were also made with the Chicago, St. Paul & Kansas City Railroad Company for the use by that Company of fourteen miles of the Illinois Central track between East Dubuque and Portage Curve, at a rental of $15,000 per annum and a proportionate share of the expenses, with a stipulation that in case the Illinois Central should build or acquire a double track between these points, the lessee shall have the use of it on the payment of three per cent. upon its appraised value. In 1885 the Chicago, Burlington & Northern Railroad Company entered upon land of the Illinois Central between East Dubuque and Portage Curve, and began proceedings at law to condemn about one-half of your company's right of way between those points, and laid tracks thereon, the lower courts sustaining its right to do so under the Illinois statutes: the supreme court of the State, however, overruled this decision, decreeing that the judgment of the court below should be reversed and the cause remanded with directions to that Court to dismiss the petition as to the parts of the right of way of the appellant longitudinally sought to be condemned, which has been done. A contract has been made with the Chicago, Burlington & Northern Railroad Company whereby, upon the payment of $175,000, the Illinois Central is to receive the thirteen miles of road which were built by the Chicago, Burlington & Northern Company, including 2¼ miles built on land not owned by the Illinois Central; and the Chicago, Burlington & Northern Railroad Company is to lease the right to run its trains over the double track railway, so formed, at the fixed rental of $21,000 and its proportion of maintenance beginning on March 1, 1889. This will enable your company to furnish to the Chicago, St. Paul & Kansas City Railway Company the use of a double track between these points, and thereby secure an enhanced rental.

"The Illinois Company has no contracts with any persons, or corporations, operating fast-freight, steamboat, or steamship lines, or ferries; nor has it any contracts with bridge companies, except the Dunleith & Dubuque Bridge Company, which it controls. All contracts with express companies are terminable within a year, and those with the Western Union Telegraph Company, and the Pullman Palace Car Company, are subject to revision at short intervals, and are terminable at the option of this Company within three or four years, with the single exception of contracts with the Western Union Telegraph Company for business in Illinois, which run until 1907. The last named were made in consequence of a previous, perpetual and exclusive contract, entered into by the

former management of your company many years ago and which the telegraph company was unwilling to abrogate entirely. The Directors congratulate the Stockholders on the fact that this Company is now free from all the onerous perpetuities to which their property had been subjected in former years.

"TRANSACTIONS IN BONDS.

"The Five Per Cent. Gold Bonds of the Canton, Aberdeen & Nashville, of the Yazoo & Mississippi Valley, of the Chicago, Havana & Western, of the Rantoul, of the Chicago, Madison & Northern, of the Cedar Rapids and Chicago, and of the Cherokee & Dakota Railroad Companies, to the amount of $16,350,000 in the aggregate, secured by first mortgages on the railways of those companies, some 850 miles in length, at not exceeding $20,000 per mile in any case, have been pledged to secure an issue of $15,000,000 of Illinois Central Four Per Cent. Gold Bonds of 1952, of which $8,090,000 were sold prior to December 31, 1888. Of the remaining $6,910,000 there have been set apart for the Surplus Dividend Fund $163,000, and there have been sold since January 1, 1889, $1,500,000. The sum invested by the Illinois Central Railroad Company in the above named seven railroads exceeds $18,000,000, and they form valuable and indeed indispensable parts of the system. During the year there were purchased $250,000 of Chicago, St. Louis & New Orleans Railroad Company 5 per cent. bonds at 116; and there were sold $966,000 Illinois Central Railroad Company sterling 3½ per cent. bonds of 1950, say £53,200, at $940 per bond of £200 each, realizing $250,000. The $460,500 bonds of the Iowa Falls & Sioux City Railroad Company were sold to the Dubuque & Sioux City Railroad Company at their cost, $555,308.13. Five per cent. bonds of the Dubuque & Sioux City Railroad Company were accepted, at par, in settlement of various claims, to the amount of $1,084,000.

"CAIRO BRIDGE.

"The work on the bridge at Cairo has progressed with remarkable rapidity and in the most satisfactory manner. All of the foundations of the main structure, including the masonry of two shore abutments and ten of the eleven piers are completed, and the two principal spans erected. For the advances to the Chicago, St. Louis & New Orleans RR. Co. on this account, the notes of that company are held to the amount of $1,630,573.40. The expenditures on the work in Illinois amount to $59,292.26. The bridge, including the approaches, is under contract to be finished in November, 1889, at a further cost of $856,773.

"OUTLAY ON CAPITAL ACCOUNT.

"During the year outlays on capital account, not paid for from income, have been made as follows:
"Illinois Central RR., for 30 engines and 1,241 cars, $854,311.60; South Chicago RR., $615.67; Rantoul RR., $43,071.79; Chicago, Madison & Northern RR., $3,133,204.30; Yazoo & Mississippi Valley RR., $42,722.26; Canton, Aberdeen & Nashville RR., $698.87—total, $4,074,624.58."

All the lines of railroad operated by the Illinois Central Railroad Company in connection with its main lines are controlled by it nominally under lease or through stock ownership, but are practically parts of the Illinois Central property, covered by its stock and bonded indebtedness. For this reason no separate statements of these lines are given in this number of the MANUAL. For details of history of each several line reference should be made to preceding numbers of the MANUAL.

In this statement the operations of the Mississippi and Tennessee are not included, for the reason that up to the end of the fiscal year a separate organization of this company was maintained.

Following are statements showing equipment, operations, etc., etc., of all lines forming the Illinois Central RR. system, excluding the Iowa lines and the Mississippi and Tennessee RR:

Rolling Stock, December 31, 1888 (including Iowa lines).—Locomotive engines, 436. under this mortgage is $15,000,000; actually issued, $12,500,000; retired by sinking fund and cancelled, $1,150,000, leaving outstanding $11,350,000.

The 6 per cent. currency bonds of 1898 are for $1,000 each, secured on the Springfield Division, 111.47 miles. Total authorized issue, $2,000,000; actually issued, $1,600,000. Trustees: George S. Bowdoin and Stuyvesant Fish.

The 5 per cent. registered currency bonds of 1921 are for $1,000 each, secured on the middle division, 161.26 miles. Total authorized issue, $1,000,000; actually issued, $968,000. Trustees: L. V. F. Randolph and Stuyvesant Fish.

The 3½ per cent. sterling bonds of 1950 are for £200 each, and are secured under a trust agreement, dated July 21, 1886, between the RR. Co. and the United States Trust Co. of New York, and are part of an authorized issue of $9,000,000 of $1,000 or £200 per bond, or part for $1,000 and part for £200, interest not to exceed 4 per cent. Bonds are secured by a deposit of an equal amount of 5 per cent. gold bonds of Chicago, St. Louis and New Orleans RR. Co., secured under its mortgage of March 15, 1881, which are to be delivered to the holders of the 3½ per cent. bonds in case of default. In the trust agreement it is provided that no mortgage shall be made on the Illinois Central RR., or the Chicago, St. Louis and New Orleans RR. until these bonds are secured by a mortgage on these roads. Principal and interest of the above £1,000,000 of bonds payable in London.

The 4 per cent. gold bonds of 1952 were issued during 1887 and are secured in the manner described in the following extract from the company's statement to the New York Stock Exchange when application was made to have said bonds listed thereon: Amount of issue, $15,000,000; amount applied for, $8,000,000—Nos. 1 to 7,000, $1,000 each; Nos. 13,001 to 15,000, $500 each. Date of issue, March 31st, 1888; maturity, April 1st, 1952. Bonds of the denominations of $1,000 and of $500 each, Nos. 1 to 13,000 being for $1,000 each, and Nos. 13,001 to 17,000 being for $500 each; interest four per cent. per annum, payable semi-annually, October 1st and April 1st, in New York; Trustee, United States Trust Company of New York.

The holder of any coupon bonds may have the ownership of such bonds registered on the books of the company, such registry being noted on the bond, after which no transfer shall be valid unless made on the said books by the registered holder in person, or by his attorney duly authorized, and noted on the bond, but the same may be discharged from registry by being in like manner transferred to bearer, after which it shall be transferable by delivery.

Any coupon bonds, whether so partially registered or not, is convertible into a registered bond at the option of the holder upon surrender to the company, for cancellation, of all the coupons attached thereto not then due.

Registered bonds are transferable only on the books of the company, and the interest thereon semi-annually, and the principal thereof when due, shall be payable only to the registered holder thereof, or his legal representatives or assigns.

A registered bond is not convertible into, or exchangeable for a coupon bond.

The bonds are transferable and registerable at the office of the company in New York.

These bonds are secured by a deposit with the trustee of $16,350,000 of five per cent. first mortgage gold bonds, issued at a rate in no case exceeding $20,000 a mile of completed railroad by the following named companies:

INDIANAPOLIS AND ST. LOUIS RAILWAY COMPANY.

Main Line of Road.—Indianapolis, Ind., to Terre Haute, Ind.....72
Leased: *St. Louis, Alton and Terre Haute RR.*..... .....193—265 miles.
Sidings, etc. (owned, 29.22; leased, 62.57), 91.79 miles. Gauge, 4 ft. 8½ in. Rail (steel, owned, 72 miles; leased, 189 miles), 261 miles, 60 and 65 lbs.

History.—The Indianapolis and St. Louis RR. Co. was chartered August 31, 1867; road opened July 11, 1870. The St. Louis, Alton and Terre Haute RR. main line, East St. Louis, Ill., to Terre Haute, Ind., 189 miles, and Alton Branch, 4 miles, were leased for 99 years from June 1, 1867, at a minimum rental of $450,000 a year. Early in 1882 the road was placed in hands of a receiver, in consequence of default in the payment of interest on 2d and 3d mortgage bonds. Decree of sale entered May 22, 1882. Road sold July 23, 1882, and the present company (in the interest of the Cleveland, Columbus, Cincinnati and Indianapolis RR. Co.) organized October 1, 1882. The C., C., C. & I. Co. purchased the Pennsylvania Co.'s interest and agreed to indemnify that company and the Pennsylvania RR. Co. against any liability arising out of their former ownership or in connection with the lease of the St. L., A. & T. H. RR. On February 23, 1883, a new and modified lease was entered into with the St. L., A. & T. H. RR. Co., providing for a minimum rental of $450,000 per annum until the gross earnings amount to $1,750,000 per annum, with an increase of 20 per cent. of the excess over such amount.

Rolling Stock, December 31, 1888.—Locomotive engines, 48. Cars—passenger, 21; baggage, mail and express, 13; freight (box, 819; platform and coal, 576; stock, 160; caboose, 25), 1,580; service cars, 15—total cars, 1,629.

History.—This company is successor by consolidation, April 30, 1866, of the Jeffersonville and the Indianapolis and Madison RR. Cos, the latter chartered as the Madison and Indianapolis RR. Co. in June, 1842; road opened October, 1847; sold under foreclosure, and reorganized March 28, 1862, as Indianapolis and Madison RR. Co. The Jeffersonville RR. Co. was chartered January 20, 1846, as the Ohio and Indianapolis; name changed to Jeffersonville RR. Co. January 15, 1849; road opened in October, 1851.

Leased to the Pennsylvania Company from January 1, 1873, the lessee agreeing to pay interest on the bonds, provide a sinking fund for their redemption, and pay 7 per cent. dividends on the stock. This lease was modified March 8, 1880, to take effect from January 1, 1880, under which the lessee pays over to the lessor the entire net earnings.

2d track, 273; sidings, 598.10 m. Gauge, 4 ft. 8½ in. Rail (steel, 1,847.79 m.), 60 and 65 lbs.

History.—The Lake Shore and Michigan Southern Railway Company was formed by a consolidation, in 1869, of the—

1. Michigan Southern and Northern Indiana—Chicago to Toledo, with branches;
2. Cleveland and Toledo—Toledo to Cleveland;
3. Cleveland, Painesville and Ashtabula—Cleveland to Erie;
4. Buffalo and Erie—Erie to Buffalo.

For early history of these several organizations see MANUAL for 1885, page 549.

The length of the several lines acquired by the consolidation of 1869, including the Detroit, Monroe and Toledo RR., 62.36 miles, was 927.28 miles. The share capital of the consolidated company was $34,988,000; funded debt, $22,283,000; floating debt, $416,557—total stock and debt, $57,637,557. The mileage acquired since the consolidation has been: The Kalamazoo and White Pigeon, 36.57 miles, by purchase; the Northern Central of Michigan, 61.14 miles, and Ashtabula Branch, by construction; and the Kalamazoo, Allegan and Grand Rapids, 58.42; the Jamestown and Franklin, 50.91; the Mahoning Coal, 42.06 miles; the Detroit, Hillsdale and Southwestern, 65.20 miles; and the Fort Wayne and Jackson, 97.83 miles—314.42 miles in all, by lease.

In 1882 this company purchased a controlling interest in the capital stock of the New York, Chicago and St. Louis Ry. Co., issuing in payment therefor $6,500,000 of its second consolidated mortgage bonds.

Funded debt consisted, December 31, 1888, of—

1st mortgage (main line) 6 per cent. 30-year bonds, due July 1, 1910, interest January and July ... $3,000,000
1st mortgage (C. & I. Div.) 6 per cent. 30-year gold bonds, due August 1, 1911, interest Feb. and Aug ... 2,300,000
Consol. mortgage 6 per cent. 30-year gold bonds, due April 1, 1916, interest April and October ... 4,700,000

Bonds of all classes are of $1,000 each, and coupon with provision for registration of principal. The total amount of bonds authorized to be issued under the consolidated mortgage is $10,000,000, of which $6,300,000 are deposited with the Farmers' Loan and Trust Co. to meet prior liens. The bonds of this issue are secured by a mortgage of all the railroad and property of the company, subject to prior liens, made to the Farmers' Loan & Trust Co. and John H. Baker, trustees, and are further secured by a deposit with the Farmers' Loan and Trust Co. of $1,000,000 of stock in the Chicago and Western Indiana RR. Co., $40,000 of stock in the Belt Ry. Co. of Chicago, and the entire capital stocks of the Bedford and Bloomfield RR. Co. (amounting to $200,000) and the Orleans, West Baden and French Lick Springs Ry. Co. (amounting to $50,000). The two last named companies having no debt of any kind, this mortgage practically becomes a first mortgage on their roads.

Sidings, 4 miles. Gauge, 4 ft. 8½ in. Rail (steel, 26 miles), 56 and 60 lbs.

History.—Chartered February 22, 1882, as the Marietta Mineral Ry. Co. Name changed by order of court (no foreclosure) November 19, 1886. In July, 1884, the company purchased from the Cincinnati, Washington and Baltimore RR. Co. the old Marietta and Cincinnati line, from Moore's Junction to Main Line Junction, 30 miles. From Moore's Junction to Marietta, three miles, the company has joint use of track with the Cincinnati, Washington and Baltimore RR. During 1885 an extension was built up the Federal Creek Valley through the Coal Fields. During 1886 an extension was built to the town site of Federal, now called Sharpsburg. During 1888 an extension was built to a connection with the Cincinnati, Washington and Baltimore RR., at Stewart, Ohio, where an extensive coaling station has been established. An extension northward from Amesville, on the main line, to Newton Station, on the main line of the Toledo and Ohio Central RR. is now (1889) being built under an agreement of purchase made November 1, 1888, by which all the property of the Marietta, Columbus and Northern RR. Co. is purchased by the Toledo and Ohio Central Extension RR. Co., and will be operated as such after July 1, 1889. Under this agreement large improvements and betterments are also being made on the line heretofore operated preparatory to opening as a through trunk line from Marietta to Toledo on the 1st of September, 1889.

Rolling Stock, March 31, 1889.—Locomotive engines, 4. Cars—passenger, 3; baggage, mail and express, 2; freight (box, 5; platform, 5; coal, 50), 60; other, 10—total cars, 75. Of this equipment, 2 locomotives, 5 box, 5 platform and 50 coal cars were acquired through car trust.

MICHIGAN AIR-LINE RAILWAY COMPANY.

Line of Road.—Lenox, Mich., to Jackson, Mich.....105.59 miles. Sidings, etc., 7.44 miles. Gauge, 4 ft. 8½ in. Rail (steel, 76.59 miles), 60 lbs.

History.—The Michigan Air-Line Ry. Co. was organized August 28, 1868, to build a road from Ridgeway to South Bend, Ind. Road opened from Ridgeway to Romeo, December, 1869; to Rochester, March, 1879; to Pontiac, October, 1880; to Jackson, September 1, 1884. The portion from Jackson, Mich., to South Bend was completed, and is operated by the Michigan Central RR. Co. The line from Ridgeway to Shelby was sold to the St. Clair and Chicago Air-Line RR. Co.; but, through the failure of that organization, has since been operated by the present company, which bought the road at foreclosure sale, November, 1875. In November, 1878, traffic agreements were entered into with the Grand Trunk Ry. Co., by which that company contributes toward the interest liabilities.

History.—The construction of the Michigan Central RR. was begun in 1836 by the Detroit and St. Joseph RR. Co., chartered June 29, 1832, but before completing any portion of the line, that company sold its property and franchises to the State of Michigan, April 22, 1837. Under the auspices of the State the road was opened from Detroit to Ypsilanti, 30 miles, February 3, 1838; to Ann Arbor, 8 miles, October 17, 1839; to Dexter, 9 miles, June 30, 1841; to Jackson, 29 miles, December 30, 1841; to Marshall, 32 miles, August 12, 1844; to Battle Creek, 13 miles, November 25, 1845; and to Kalamazoo, 23 miles, February 2, 1846—in all, 144 miles. The Legislature then refused to make any further appropriations for the work. In 1846 the Michigan Central RR. Co. was chartered, and purchased the road and property from the State, taking possession September 25, 1846. The new company paid to the State $2,000,000 for the property, which cost $2,500,000. It completed the road to Niles, 47 miles, in 1848; to Michigan City, 37 miles, 1850; and to Kensington, 43 miles, completing the line in May, 1852. At Kensington it connects with the Illinois Central RR., using 14 miles of that line to reach Chicago. For terms under which the leased and operated lines were acquired, see the statements for the several companies.

Mich. Div. and Ashland Div. and convertible debentures, coupons with privilege of registration of principal.

The convertible debenture bonds are convertible into common stock at the option of the holder within ten days after the date fixed for payment of dividend on common stock.

Since the close of the fiscal year the company has made an issue of $5,000,000 5 per cent. 30-year gold sinking fund extension and improvement mortgage bonds, due February 1, 1929, interest payable February and August in New York. These bonds secure the debentures of 1927, to retire which $2,000,000 of the new bonds are reserved. The remainder of the bonds will be issued as required for new construction and equipment. The sinking fund commences in 1893, and will receive yearly a sum equal to 1 per cent. of the bonds issued, but not less than $25,000; bonds being purchased if possible at 110, otherwise sums to be invested. The bonds are for $1,000 each, and are coupon with privilege of registration.

ST. PAUL EASTERN GRAND TRUNK RAILWAY.—Oconto, Wis., to Clintonville, 56 miles. Sidings, 1.64 miles. Gauge, 4 ft. 8½ in. Rail (steel, 46 miles), 52 to 60 lbs. Organized September 5, 1879, under general laws of Wisconsin, to construct a line of railroad from Oconto, Wis., to St. Paul, Minn., with a branch northeast to Marinette, Mich. Construction began July 26, 1882; road opened December 29, 1882, from Oconto to Stiles Junction, 10 miles. Extended during 1883 to Oconto Falls, 5 miles, and to Clintonville in 1884. About 200,000 acres of land were subscribed by the counties of Oconto and Shawano, in Wisconsin, to be conveyed to the company on the completion of the road to Clintonville. During 1884 the Milwaukee, Lake Shore and Western Ry. Co. acquired control of this company, and now operates the road nominally through lease.

History.—The New York, Chicago and St. Louis Railway Company was organized in April, 1881, by the consolidation of companies incorporated under the laws of New York, Pennsylvania, Ohio, Indiana and Illinois. The construction of the road was commenced immediately after the consolidation, and went into operation in October, 1882. The company's property was mortgaged to secure $15,000,000 of first mortgage bonds and $10,000,000 of second mortgage bonds; of the latter but $1,046,000 were issued. The company also issued equipment certificates of indebtedness to the amount of $4,000,000.

In 1885 it failed to pay the interest on any of its bonded indebtedness. D. W. Caldwell was appointed receiver of the property in March, 1885, and operated the railway until September 30, 1887. The receiver purchased the equipment of the railway and took up the equipment certificates. On May 19, 1887, the road was sold under the foreclosure proceedings, and a reorganization was effected by which the floating debts of the company were paid. For terms of plan of reorganization, see MANUAL for 1888, pages 503 and 504.

The present New York, Chicago and St. Louis Railroad Company is a consolidation of the following corporations: The New York, Chicago and St. Louis Railroad Company, a corporation of the State of New York; the Erie and State Line Railroad Company, a corporation of the State of Pennsylvania; the Cleveland and State Line Railroad Company, a corporation of the State of Ohio; and the Fort Wayne and Illinois Railroad Company, a

corporation of the State of Indiana, and owns the railroad from Buffalo to the west Indiana. It also operates that part of the railroad in Illinois under a lease from the and State Line Railroad Company, which provides that the lessee shall keep the rail repair and pay a nominal rental. The lessee is also the owner of all the capital stock Chicago and State Line Railroad Company.

The consolidated company took possession of the whole line from Buffalo to Gras ing on October 1, 1887. The first mortgage contains a provision for a sinking fund of 000 per annum when net earnings are $900,000 or more, to be used in purchasing b they can be obtained at 102 and interest or less.

History.—The Indianapolis, Bloomington and Western RR. Co. was formed by the consolidation, July 20, 1869, of the Indianapolis, Crawfordsville and Danville and the Danville, Urbana, Bloomington and Pekin Railroad Companies. Road opened from Indianapolis to Pekin, October 1, 1869. Default made October 1, 1874, receiver appointed December 1, 1874, and property sold under foreclosure February 6, 1879. Reorganization effected under the name of the Indiana, Bloomington and Western Ry. Co., the new company taking possession August 9, 1879.

On March 23, 1881, this latter corporation was consolidated with the Ohio, Indiana and Pacific Ry. Co., forming the Indiana, Bloomington and Western Ry. Co. Under the rights thus secured, the company built an extension of its road from Indianapolis, Ind., to Springfield O., 140 miles, which was completed and opened for business in 1882. In the consolidation, the stockholders received two shares of stock of new company for one of the old, and holders of convertible income bonds received new income bonds in the same proportion.

On July 1, 1886, a receiver was appointed on application of a judgment creditor. Foreclosure proceedings were begun shortly thereafter, and the road was sold to a reorganization committee, March 28, 1887 (subject to the lien of the $1,000,000 of Indiana, Bloomington and Western preferred 7s due January 1, 1890), who caused the present company to be formed. It took possession of the property January 28, 1888.

The plan of reorganization contemplates an issue of $8,500,000 of first mortgage 5 per

History.—Formed May 14, 1868, by the consolidation of the Pittsburgh and Steubenville RR. Co. of Pennsylvania (chartered March 24, 1849), the Holliday's Cove RR. Co. of Virginia (chartered March 30, 1860), and the Steubenville and Indiana RR. Co. (chartered in Ohio, February 24, 1848). The road of the latter company was opened in 1855. The Pittsburgh and Steubenville RR. was opened in 1865 and reorganized January 15, 1868, under title of Pan Handle Ry. Co. The New Cumberland Branch was opened for traffic December 5, 1887.

That portion of the road between Newark and Columbus, O., 33.02 miles, is owned jointly with the Central Ohio RR. Co.

This company leases the Chartiers Ry., 23.48 miles, the Pittsburgh, Wheeling and Kentucky RR., 28.04 miles, the Little Miami RR. and leased lines, 199.41 miles, all of which are operated by it, but are reported separately. The company also has a half-interest in the lease of the St. Louis, Vandalia and Terre Haute RR., 158.3 miles, which is operated by the Terre Haute and Indianapolis RR. Co.

On the first of January, 1886, the Cincinnati and Muskingum Valley Ry., which, since May 1, 1873, has been operated by this company under lease, was surrendered.

Rolling Stock, December 31, 1888.—Locomotive engines, 146. Cars—passenger, 62; baggage, mail and express, 35; freight (box, 4.072; stock, 966; platform, 187; gondola, 355), 5,580; caboose, 111; other, 13—total cars, 5,801. Of these, 1,000 box and 500 stock cars were acquired through car trust, and 209 more of the box cars and 202 of the gondolas are Penna. Co. Car Trust cars assigned to this company.

Operations for year ending December 31, 1888 (208.30 miles).—See tabulated statement.

History.—Consolidation of the Ohio and Pennsylvania RR. Co. (chartered in Ohio February 24, 1848; in Pennsylvania April 11, 1848), the Ohio and Indiana RR. Co. (chartered in Ohio March 20, 1850; in Indiana January 15, 1851), and the Fort Wayne and Chicago RR. Co. (organized in Indiana September 22, 1852; in Illinois February 5, 1853). Consolidation completed August 1, 1856, and the whole line put in operation January 1, 1859. On the 1st July 1859, the company made default in the payment of interest on its bonds, and its road was sold under foreclosure October 24, 1861. A reorganization was effected February 26, 1862, under existing title. On the 27th of June, 1869, its road was leased for 999 years to the Pennsylvania RR. Co. It is now operated by the Pennsylvania Company. The lessee assumed all the obligations of the lessors, and agreed to pay dividends quarterly (January, April, July and October), on the share capital of the lessors, at the rate of 7 per cent. annually.

The New Castle and Beaver Valley and the Massillon and Cleveland RRs. are leased to this company and operated by the Pennsylvania Co. at rentals equivalent to 40 per cent. of gross earnings of the respective lines. Operations of these roads are separately reported.

Rolling Stock, December 31, 1888.—Locomotive engines, 298. Cars—passenger, 152; baggage, mail and express, 64; freight (box, 4,828; stock, 1,742; platform, 5,885), 12,455; caboose, 162; other, 290—total cars, 13,123. Of the above, 700 box and 3,600 platform cars were acquired through car trust.

Operations for year ending December 31, 1888.—See tabulated statement on page 508.

* Includes net profits made on leased lines, and † joint earnings paid over to C. & P. RR. Co., also amount paid in settlement of sundry freight accounts.

The guaranteed special stock was issued to the lessee under the terms of the lease, which provides that for betterments made by lessee (with approval of lessor), as required by increased business, payments should be made in issues of stock or bonds, such issues to be agreed upon by both parties. The total amount of expenditures for improvements and additions to December 31, 1888, was $12,022,035.49; guaranteed special stock issued to same date, $12,022,000; balance, $35.49.

In the MANUAL for 1888, page 517, reference was made to a proposed issue of bonds to be made use of in preference to the guaranteed special stock, and an understanding to this effect was reached between lessor and lessee. The issuance of such bonds has been found impracticable, however, for the reasons set forth in the following extract from the President's report for 1888:

"The idea, mentioned in last report, to substitute a bond issue for special stock in payment for betterments and in expectation that such change of issue could be effected to better advantage, was acted on. A form of bond was agreed upon, and the same was actually put in process of engraving, while a copy of same was, through leading bankers here and elsewhere, submitted to investors for their judgment.

"It was soon found that the safeguard which each company deemed it necessary to have inserted in the wording of the bond for the proper guarding of their respective rights, etc., under the lease, would prevent the more conservative class from taking the bond at all, while a less conservative class would only buy it at a price and rate of interest that would leave the bond issue less advantageous than the stock issues as heretofore and at present made.

"The proposed issue of bonds was thus given up as impracticable, and shares were voted as heretofore in payment of the betterments so far carried out."

In addition to the above disbursements from current revenue, the $532,414.04 due from the Indianapolis and St. Louis RR. Co., for rent of "Main Line" previous to July 1, 1882, which has heretofore appeared on our balance sheet as an asset, has been charged to profit and loss, the Supreme Court of the United States having finally decided against the company in its suit to recover that claim. This reduces the surplus of income account to $291,712.08, which surplus is represented by equipment purchased with proceeds of equipment bonds issued in 1870, and subsequently retired and cancelled.

The $50,000.00 in notes of the company which were outstanding at the beginning of the year have all been paid, and your company has nothing but its fixed obligations now outstanding.

Net earnings (42.22 per cent.), $400,796.13. Paid rentals of leased roads, $246,936.49. Net revenue, $150,859.64, which was derived as follows: From Belleville Branch, separate earnings, $39,469.37; from Belleville Branch, contributed by leased lines, $57,506.96; from leased roads, after deducting expenses and rents, $53,883.31—total, as above, $150,859.64. Add rental main line and Alton Branch, $450,000; sundry interest receipts, $2,643.28—total available revenue, $603,502.92. Payments: Interest on bonds, $469,000; on floating debt, 659.58; main line expenses, $11,110.41; legal expenses, $6,932.15; dividends on preferred stock (April 10, 1888, 1¼ per cent.; January 10, 1889, 1 per cent.), $55,539; betterments on Marion Division, $50,480.95—total, $593.722.09. ST. LOUIS, ALTON AND SPRINGFIELD RAILROAD COMPANY.

Line of Road.—Bates, Ill.. to Grafton, Ill..... .....71.4
Alton Branch: Newbern to Alton, Ill.....13.4—84.8 miles.
Gauge, 4 ft. 8½ in. Rail (steel), 60 lbs.

History.—This road was built in 1882 under the title of the St. Louis, Jerseyville and Springfield RR., and was absorbed by the Wabash, St. Louis and Pacific Ry. Co., which issued its general mortgage bonds on it at the rate of $15,000 per mile. In 1886 the line was surrendered by the Wabash, St. Louis and Pacific receivers, and passed under the control of the bondholders, by whom it was transferred subsequently to a corporation known as the St. Louis and Central Illinois RR. Co., which was organized December 3, 1886, and took possession of the road under a lease dating from December 1, 1886. On June 4, 1887, the existing *St. Louis, Alton and Springfield RR. Co.* was organized, with power to purchase the road and to build extensions from Newbern to Alton, and from Bates to Springfield, Ill. The former was completed toward the close of the year 1888, and work on the other is in progress. At present, connection is made with St. Louis by steamboat. Pending the completion of the line to Springfield, the tracks of the Wabash Western are used under contract, and those of the I. and St. L. are used between Alton and East St. Louis.

The capital stock of the new company is $1,500,000. An issue of 5 per cent. 30-year bonds has been made at the rate of $12,000 per mile.

Rolling Stock.—Locomotive engines, 5. Cars—passenger, 10; combination, 2; freight (box, 15; flat, 20; gondola, 20), 55; caboose, 2—total cars, 69.

History.—This company was organized June 30, 1885, by the purchasers of the main line and Columbus branch of the Ohio Central RR. Co., whose property was sold under foreclosure April 15, 1885. The plan of reorganization, under which provision was made for the issue of $5,000,000 first mortgage bonds, $3,750,000 preferred stock, and $1,600,000 common stock, was published on page 535 of the MANUAL for 1888—which see. The litigation growing out of the sale of the terminal property to the terminal mortgage bondholders, referred to in the last issue of the MANUAL, has been terminated by a decree in favor of this company, the terminal bondholders consenting to the decree in consideration of receiving $600,000 preferred stock in settlement of their claims.

For historical sketch of development of Ohio Central RR., see MANUAL for 1885, pp. 561, 562, 563.

By lease, ratified by stockholders at a special meeting held September 25, 1885, the Columbus and Eastern RR. Co. uses the Columbus Branch of this road. The lease is for 99 years from December 1, 1885.

The company made a contract in August, 1886, for the use of about 12 miles of the northern end of the Kanawha and Ohio Railway (formerly Ohio Central RR., River Division) and on November 14, 1887, for use of Buckingham Branch.

The preferred stock is a prior lien on surplus over fixed charges to the extent of five per cent. or such other rate as can be paid, and after the payment of five per cent. on common stock shall be entitled to an additional preference of two per cent., both stocks to share pro rata in any excess after payment of seven per cent. on both classes. Since the close of the fiscal year there has been an issue of $600,000 additional preferred stock, in settlement of litigation with the Ohio Central Terminal Co. The bonds are of $1,000 each, coupon with privilege of registration, bear five per cent. interest, payable in New York semi-annually, January 1 and July 1, dated July 1, 1885, and payable in gold July 1, 1935. Trustee of bonds and registrar of stock, Central Trust Co., New York. Stock and bonds listed on New York Stock Exchange. Holders of bonds may vote at all meetings of stockholders of the company at the rate of one vote per $100 of bonds.

The reorganization scheme provided that no mortgage except the first mortgage shall ever be placed upon the railroad or its property, unless a majority in interest of the preferred stockholders shall have first given their written assent thereto.

The board of directors of this company are divided into three classes, one class only being elected annually.

Article II. of mortgage provides that trustee shall at any time when requested by holders of one-fourth of the bonds ascertain the condition of the railway and equipment, and shall enforce the placing of same in good condition if necessary.

Car Trust No. 1 ($56,250), dated December 1, 1885, is payable in semi-annual, and Car Trust No. 2 ($408,952.50), dated January 1, 1887, and Car Trust No. 3 ($100,000), dated June 1, 1888, are payable in quarterly instalments.

Annual meeting, first Monday in September. Books close 30 days prior thereto, and 30 days prior to dividend payments.

Board of Directors, elected September 3, 1888.

TOLEDO, ST. LOUIS AND KANSAS CITY RAILROAD COMPANY.

Line of Road.—Toledo, Ohio, to East St. Louis, Ill .....450.72 miles. Sidings, etc., 85 miles. Gauge, 4 ft. 8½ in. Rail (steel), 61½, 56, 50 lbs.

History.—Organized June 12, 1886, by the purchasers of the main line and the St. Louis Division of the Toledo, Cincinnati and St. Louis RR., which was sold under foreclosure December 30, 1885. In the summer of 1887 the company began the work of rebuilding its line and widening the gauge to the standard width, 4 ft. 8½ in., and at the end of August, 1888, had completed the work on 320 miles of the road, from Toledo, O., to Charleston, Ill., which division was formally opened for business September 10, 1888, a through line of standard-gauge road being secured by the use of the Indianapolis and St. Louis RR., between Charleston, Ill., and St. Louis, Mo. The remainder of the company's line, Charleston, Ill., to East St. Louis, Ill., has been changed since the close of 1888, and the whole line from Toledo to East St. Louis is now being operated as a through standard-gauge railroad. In the work of reconstruction the road was relaid with heavy steel rails throughout its entire length, and the equipment has been brought up to a high standard.

Rolling Stock.—Details not furnished.

Operations for year 1888.—Not furnished, the road being in an incomplete and unfinished condition.

Financial Statement, June 30, 1888.—Common stock, $12,250,000; preferred stock, $5,805,000; funded debt, 1st mortgage 6 per cent. 30-year gold bonds, due June 1, 1916, interest payable June and December, $9,800,000; notes payable, $42,860.17; due other roads, $1,297.37; unpaid wages, $19,120.68; unpaid vouchers, $13,090.49; income account, $71,065.24—total, $28,002,433.95. *Contra:* Trustees, $27,855,000; land and equipment, $68,219.79; current accounts, $25,727.45; notes receivable, $19,269.08; supplies, $10,994.20; cash, $23,223.43.

The bonds are held by trustees, to be delivered to contractors according as the road is reconstructed and new equipment provided.

The preferred stock is a lien on the property and net earnings of the company after 1st mortgage bonds. It is entitled to 4 per cent. after January 1, 1888, payable semi-annually, but not cumulative, coupons representing unearned interest to be surrendered on payment of a subsequently maturing coupon. The company can create no other mortgage on its main line, nor increase the issue of preferred certificates, without the consent of two-thirds of the preferred stock, present at a meeting to be called for that purpose.

The company reserves the right of taking up the entire series of 1st mortgage bonds on the 1st of June and 1st of December of each year by giving six months' notice and paying $1,050 for each bond and accrued interest. Trustees of bonds: American Loan and Trust Company of New York, and Joseph E. McDonald, of Indianapolis, Ind. Under the title of Wabash Railway, the above several lines, formerly portions of the Wabash, St. Louis and Pacific Ry., are operated by John McNulta, as receiver, pending the final settlement of the reorganization scheme. For history, etc., see MANUAL for 1885, p. 968.

A plan of reorganization, providing for the sale of the above lines and the organization of a new company, into which the Wabash Western is to be consolidated, and which is authorized to issue $34,000,000 first mortgage bonds, secured on all lines east and west of the Mississippi, subject only to the existing mortgages on the lines of the Wabash Western, and $14,000,000 second mortgage bonds, secured on the lines east of the Mississippi, was given on pages 545 and 546 of the MANUAL for 1888—which see. A modification of section 6 of the plan of reorganization, as published in the MANUAL for 1888, is made necessary by the surrender of the Des Moines and Northwestern and the St. Louis, Jerseyville and Springfield.

The Chicago Division was sold to the purchasing committee for $3,500,000 on March 11, 1889, and on the 23d of the same month the final decree was made for the sale of the rest of the lines east of the Mississippi, the sale to take place May 15, 1889. On that date the sale was held, the Purchasing Committee being the buyer for $15,550,000. A consolidation with the Wabash Western will be effected August 1, 1889, under the title of Wabash Ry. Co.

History.—The Wabash Western Ry. Co. was organized in March, 1887, and on the 1st of April same year took possession of the several divisions of the Wabash, St. Louis and Pacific Ry. west of the Mississippi River, then operated by the receiver of the latter company.

The company also obtained possession, under authority of the court, of the Eel River RR., the Detroit Division of the Wabash, St. Louis and Pacific (the two forming a line from Detroit, Mich., to Logansport, Ind.), the Attica and Covington, and the Champaign and Sidney RRs. The company uses the tracks of the Chicago, Rock Island and Pacific, from Ottumwa to Harvey (Harvey Branch), Chicago and Atlantic, from Laketon Junction to Chicago, 122.8 miles, and the Terre Haute and Indianapolis, from Logansport to Clymers, Ind., 6 miles, the last named section being included in the mileage of the Eastern Division main line above.

For history of organization, development and dismemberment of the Wabash, St. Louis and Pacific, see MANUAL for 1888, page 543.

On October 1, 1881, the Wabash, St. Louis and Pacific Ry. Co. in connection with the

	Dividends on 1,250,000 Capital Stock of the Tunnel Railroad of St. Louis, at the rate of $6 a share in each year	1,250,000	6	.....	75,000
	3d. All Taxes and Assessments	.....	.....	.....	28,800
	4th. The sum of $2,500 a year for Contingent Expenses	.....	.....	.....	2,500
	Totals	$11,740,000	.. ..	.....	$670,800
	Of which one-half is to be paid by the Wabash, St. Louis and Pacific Co.				335,490

The earnings of the bridge and tunnel were not included in the earnings of the Wabash, St. Louis and Pacific Ry. Co., but were applied to pay rental, and usually were more than sufficient.

The plan of reorganization was given on pages 545 and 546 of the MANUAL for 1888.

The lines east of the Mississippi, exclusive of the Chicago Division, were sold under foreclosure May 15, 1889, and bought by the Purchasing Committee for $15,550,000. The Chicago Division had been purchased by the same party two months earlier for $3,500 000. A consolidation with the Wabash Railway under the title of Wabash Ry. Co. will go into effect August 1, 1889.

History.—Reorganization, April 3, 1879, of the Western RR. Co. of North Carolina, chartered December 24, 1852. On the 3d of April, 1883, the control of this line became vested in the existing company by purchase of the stock ($550,000) and bonds ($30,000) formerly owned by the State of North Carolina, under the authority of an Act of the North Carolina Assembly, ratified February 27, 1883. Road opened between Fayetteville and Greensboro', June 19, 1884; from Fayetteville South to Maxton, August 1, 1884, and through from Greensboro' *via* Fayetteville to Bennettsville, S. C., including the leased South Carolina Pacific Ry., on December 5, 1884. During 1886 the line was extended from Greensboro' to Belews Creek (opened January, 1887), and the branch line from Factory Junction to Millboro' was built (opened December, 1886). During 1887 the line was opened from Belews Creek to Pilot Mountain as follows: Belews Creek to Walnut Grove, April 18; to Germantown, July 25; to Dalton, August 27, and to Pilot Mountain, October 17. During the past year the extension from Pilot Mountain to Ararat was opened March 20, and to Mount Airy June 11. The Madison branch was opened December 24, 1888. The road, as projected, extends from Wilmington, N. C., to the Virginia State Line, near Mount Airy N. C., about 253 miles; from Fayetteville, N. C., to Bennettsville, S. C. (including South Carolina Pacific Ry.), 57 miles; and branches to Madison and Deep River, about 32 miles—in all, about 347 miles. It is being constructed by the North State Improvement Co., a corporation organized for this purpose, and composed of substantially the same parties as form the railway company. On March 1, 1888, the city of Wilmington subscribed $150,000 for the stock of this company (subject to an Act of the North Carolina Legislature passed early in 1885), to aid in extending the road from Fayetteville to Wilmington, about 85 miles. The work on this extension is rapidly progressing, and it will be completed before 1890.

1st mortgage 6 per cent. coupon $1,000 bonds, due July, 1920, int. Jan. and July (authorized, $2,000,000).$2,000,000
2d mortgage non-cumulative income 6 per cent. registered $1,000 bonds, due July, 1915.. 1,200,000
3d mortgage non-cumulative income 6 per cent. registered $1,000 bonds, due July, 1910... 1,500,000

In addition to the above the company guarantees jointly with the Wilmington, Columbia and Augusta RR. Co., and the Wilmington and Weldon RR. Co.—C. C. RR. Co., ½; W., C. & A. RR. Co., ¼; and W. & W. RR. Co., ¼—principal and interest on $279,000 bonds of Wilmington Railway Bridge Co. These bonds are payable by instalments in 1881 to 1897.

At a general meeting of the stockholders of the Wilmington Railway Bridge Co., held in Wilmington, N. C., April 14, 1888, a new issue of second mortgage 5 per cent. $1,000 gold coupon bonds was authorized, the proceeds to be applied to the rebuilding of the Cape Fear River Bridge. Interest payable April 1 and Oct. 1, at the agency of the Co. at Baltimore, Md. Principal becomes due as follows: $30,000 on Oct. 1, 1898; $30,000 on Oct. 1, 1899; $40,000 on Oct. 1, 1900. These bonds will also be guaranteed by the Carolina Central, the Wilmington, Columbia and Augusta, and the Wilmington and Weldon RR. Cos.

Until 6 per cent. is paid on 2d mortgage income, no interest is payable on 3d mortgage income bonds. All securities are payable, principal and interest, in gold coin, in the city of New York. Capital stock is to be held by Reconstruction Committee for *five* years from November 1, 1879, in trust for holders of new 2d mortgage bonds (10 shares to each $1,000 bond); but same may be distributed sooner when full interest upon 2d mortgage bonds shall have been paid, upon request, in writing, of two-thirds in amount of the 2d mortgage bond holders. The term *Income*, as used in 2d and 3d mortgages, shall be construed to mean such surplus earnings of the railroad as shall remain after paying all expenses of operating the road and carrying on its business, including all taxes, assessments and interest on prior liens, cost of repairs of road and equipment, so that the efficiency be maintained in high condition; also the cost of such additional equipment as may be deemed necessary for the business of the road. All questions of expenditures within discretion of Board of Directors.

The fiscal year of this company has been changed to end June 30, conforming with the fiscal year adopted by the Inter-State Commerce Commission, and for that reason no later report will be issued until the fall of 1889.

Sidings, 147.98 miles. Gauge, 4 ft. 9 in. Steel rails, 856.06 miles, 40–61½ lbs.

History.—The Central RR. Co. of Georgia was formed by the consolidation (December 1, 1872) of the Central RR. Co., chartered in 1835, completed in 1843, and the Macon and Western RR. Co., chartered in 1833, completed in 1846. The Milledgeville Branch, originally the Milledgeville and Gordon RR., was chartered in 1840 and opened in 1852.

For terms under which the leased lines are operated, see statements of lessor companies appended hereto.

In October, 1888, the Richmond and West Point Terminal Co. obtained full control of this company.

A consolidation of several of the railroads controlled by this company was effected after June 30, 1888, as shown in the following extracts from the report of that year :

Savannah and Western Railroad.—In May, 1888, the Central Company obtained a charter for the Savannah and Columbus Railroad Company to build a railroad from Eden, near Savannah, to Americus, Ga., a distance of about 180 miles. The extension of the Columbus and Western to Birmingham, Ala., was then nearing completion, and several branch lines and extensions were under construction or contemplated. In order to simplify the accounts of the system and its financial operations the Central decided to consolidate several of its auxiliary lines and branches, previously operated under separate charters, into a single company, and with this object in view the Savannah and Columbus, the Buena Vista and Ellaville, the Columbus and Western, the East Alabama, the Columbus and Rome, the Eufaula and Clayton, and the Eufaula and East Alabama were, in July, 1888, consolidated under the title of the Savannah and Western RR.

The Buena Vista and Ellaville extends from Americus to Buena Vista, Ga., 30 miles, and is under construction from Buena Vista to Columbus, 35 miles. The Columbus and Western extends from Columbus, Ga., to Birmingham, Ala., 157 miles. It was opened to Birmingham on July 1, 1888. The East Alabama extends from Opelika to Roanoke, Ala., 37 miles. It was added to the system May 1, 1888. The Columbus and Rome is a narrow-gauge road extending from Columbus to Greenville, Ga., 50 miles. It is proposed to change the gauge to the standard and extend the road 20 miles, to Newnan. The Eufaula and Clayton extends from Eufaula to Clayton, Ala., 20 miles. The Eufaula and East Alabama was completed about October 1, 1888, from Clayton to Ozark, Ala., 40 miles. It is contemplated to extend it soon from Ozark to Elba, about 20 miles, and eventually to a connection with the Louisville and Nashville at Pollard, Ala.

The completion of the lines now under construction will give the company a trunk line from Eden to Americus, and two main branches—one to Birmingham, with side lines to Newnan and Roanoke ; the other by way of the Southwestern Railroad to Eufaula, and by way of Ozark to a connection with the Louisville and Nashville RR., a total of about 570 miles. The only obligations outstanding against it will be $800,000 Columbus and Western 1st 6s of 1911, $228,000 Columbus and Western (W. RR. of Ala.) 8s of October, 1888, and $200,000 Columbus and Rome, 1st 6s of 1914. It is proposed to retire these bonds, and provide means for new construction, by the issue of consolidated mortgage bonds limited to $17,000 per mile of road and $3,000 per mile for equipment. The stocks of the consolidated roads will be converted into Savannah and Western stock in the proportion of their respective market values.

Rolling Stock, June 30, 1888.—Locomotive engines, 140. Cars—sleeper, 9 ; passenger, 74 ; combination, 19 ; baggage, mail and express, 39 ; officers' cars, 2 ; roadmasters, 3 ; cabooses, 53 ; pay and provision, 5 ; freight (box, 1,353 ; ventilated, 70 ; platform, 606 ; stock, 26 ; coal, 97), 2,052 ; all other, 28—total, 2,284.

Operations for 10 months, from September 1, 1887, to June 30, 1888.—On the roads whose earnings, etc., are shown in the statement below trains were run during the term covered by that statement as follows : Passenger, 1,179,869 ; freight and mixed, 1,550,341 ; other, 619,108—total, 3,349,318 miles. Passengers carried, 934,495 ; carried one mile, 35,805,160 ; average rate per mile, 2.55 cents. Freight movement for 10 months not reported.

Statement of funded debt, June 30, 1888:

Character and Description of Bonds.	Date.	Interest. Rate.	Interest. Payable.	Principal When Due.	Outstanding.	Annual Charge.
		p. c.			$	$
First Mortgage Bonds	1872	7	Jan. & July	Jan. 1, 1893	4,999,000	349,930
Certificates of Indebtedness	1881	6	Jan. & July	July 1, 1891	4,600,000	276,000
Collateral Trust Gold Bonds	1887	5	May & Nov.	May 1, 1937	5,000,000	250,000

The certificates of indebtedness were issued in 1881, bear 6 per cent. interest, and can be called in and paid any time after 1891. They were intended as a distributor of net earnings not paid on previous dividends. The amount so distributed equalled 40 per cent. on the share capital of the Central, and 32 per cent. on the share capital of the Southwestern (leased).

The collateral trust bonds are an issue of $5,000,000 gold 5 per cent. 50-year $1,000 coupon bonds, with provision for registration of principal, due May 1, 1937. These bonds are a direct obligation of the company, and are additionally secured, by deposit with the trustee, of the following securities:

Completed, December 31, 1888:

Camden, S. C., to Rutherfordton, N. C.....147.5
Richardson, Ky., to White House, Ky..... 8.5

Total length of lines completed, December 31, 1888.....156.0 miles.

Sidings, not reported. Gauge, 4 ft. 8½ in. Rail (steel), 60½ lbs.

History.—This company was organized and chartered September 30, 1886, and succeeded to all the rights of the Charleston, Cincinnati and Chicago RR. Co. of South Carolina, the Rutherfordton Railway Construction Co. of North Carolina, and the Rutherford, Marion and Tennessee Ry. Co. of South Carolina. Work begun September 19, 1885. It is expected that the road will be completed to Marion, 318 miles from Charleston, by July next, thereby forming a connection with the Western North Carolina RR. and all points reached by it.

On the northern end of the line, fifty miles (between Ashland, Ky., and Richardson, Ky.) have been built under a local charter, and eight and one-half miles of additional road have been completed under another local charter to the cannel coal. On February 13, 1888, the Legislature of Kentucky granted a charter to the Charleston, Cincinnati and Chicago RR. Co., which allows said road to consolidate with the above roads, or to build an independent line to the Ohio River, as they may deem best. On March 28, 1888, the Ohio, Kentucky and Virginia RR. Co. was consolidated with this company without change of name. During the present year the construction will be pushed southward through Kentucky and Virginia. Work will also be begun at Johnson City, and construction will be pushed northward toward the Ohio River, and southward toward Marion, and from Marion northward, in order that the whole line of road may be completed during the year 1890.

The counties, towns and townships through which the road runs have already voted aid to the amount of about $1,500,000, payable in their 6 and 7 per cent. bonds in exchange for an equal amount of stock at par. These subscriptions are payable as the road is completed.

The line is being built under contract by the Massachusetts and Southern Construction Co., of Boston, Mass., A. B. Harris, 45 Broadway, New York, N. Y., President. In February, 1889, the Massachusetts and Southern Construction Co. contracted with McDonald, Shea & Co., Knoxville, Tenn., to construct the road from Marion to the town of Minneapolis, Va., its junction with the Clinch Valley Extension of the Norfolk and Western RR., and from that point to the coking coal, making a total distance from Charleston of 575 miles, which is expected to be completed during the year 1889, making a direct communication with the coal to the sea-coast. For further particulars see MANUAL for 1888, page 573.

Financial Statement.—Capital stock authorized, $15,000,000; first mortgage bonds authorized, $20,000,000, of which outstanding, January 1, 1889, $4,612,500. These bonds are for the uniform rate of $25,000 per mile of road, the mortgage covering franchises, sidings, stations, terminal facilities, branches, extensions and equipment, acquired and to be acquired. The bonds are dated August 2, 1887—mature July 1, 1947, and interest at the rate of 5 per cent. is payable quarterly, January, April, July, and October. Trustee, Boston Safe Deposit and Trust Co., Boston, Mass., at whose office interest and principal are payable in gold.

Annual meeting, second Thursday in October, at Charleston, S. C.

CHATTANOOGA, ROME AND COLUMBUS RAILROAD COMPANY.

Line of Road (*completed*).—Chattanooga, Tenn., to Carrollton, Ga.....140
Branch lines to iron ore beds, furnaces, etc..... 9—149 miles.
Sidings, 12 miles. Gauge, 4 ft. 9 in. Rail (steel), 56 lbs.

History.—This company was chartered August 3, 1881, under the name of Rome and Carrollton RR. Co. Charter amended October 7, 1885, December 22, 1886, August 29, 1887, and December 26, 1888. The third amendment authorized the change of name, and the fourth empowered the company to extend its lines into the cities of Atlanta, Augusta, Macon and Savannah, and to any point on the Florida State line. The General Assembly of Tennessee on March 23, 1887, authorized the company to extend its line into the city of Chattanooga, and an Act of the General Assembly of Alabama, approved February 20, 1889, permits the company to extend its lines to the cities of Montgomery and Selma, and to build such other lines as may be deemed advisable and necessary.

The Rome and Carrollton Co. built 20 miles of narrow-gauge line in 1887, from Rome to Cedartown. The present company rebuilt that section and completed the line as above in 1888.

History.—Chartered December 31, 1881.—For statement showing the length and date of opening each section of the road built to December 31, 1884, see MANUAL for 1885, page 440. See also MANUAL for 1888, page 588.

The Woodlawn and Bessemer Branch Line and the branch at Bessemer were built during the past year. In July, 1888, work was begun on an extension of the Third Division from Johnsonville *via* West Point to Columbus, 141 miles. In July, 1887, work was begun on the extension of the Third Division from Columbus, Miss., to Johnsonville, 141 miles. At the close of the year 1888, track laying was completed on 40 miles of this distance, and it is expected that the entire line will be ready for operation by July 1, 1889.

In November, 1888, the road was leased to the Richmond and Danville RR. Co. for 20 years from January 1, 1889, the rental to be net earnings, and any deficiency in such rental to meet interest charges to be advanced by the lessee, all such advances, however, to be a charge prior to income bonds.

This road was built by the Richmond and Danville Extension Co., which is controlled by the Richmond and West Point and Terminal Co. The narrow-gauge division, formerly the Greenville, Columbus and Birmingham RR. Co., was purchased by this company toward the close of 1881.

History.—This company was formed May 9, 1882, by the consolidation and merger of the New River RR. Co. (of Virginia), the New River RR. Co. of West Virginia, and the East River RR. Co. (of West Virginia) into the Norfolk and Western RR. Co. The latter corporation was a reorganization of the Atlantic, Mississippi and Ohio RR. Co., and the several companies merged into it had been previously organized with the object of building extensions and branches of its lines. (For further particulars see MANUAL for 1884, pp. 391 and 392.)

During 1883 and 1884 the company acquired 30,571 shares out of a total issue of 36,962 shares of Shenandoah Valley RR. Co. stock, which were received in payment of subscriptions for 40,571 shares of the common stock of this company, in accordance with the terms of traffic contract entered into between the two companies on December 29, 1882. (See MANUAL for 1883, page 422, and MANUAL for 1888, page 609.)

(*a*) Of these bonds $98,000 bearing interest at 8 per cent. matured January 1, 1885, and were extended to July 1, 1900, at 6 per cent.; $97,000 8 per cents. matured January 1, 1886, and were extended to July 1, 1900, at 5 per cent.; $95,000 8 per cents matured January 1, 1888, and were extended to July 1, 1900, at 5 per cent. The remainder, $109,000, bears 8 per cent. and matures January 1, 1890.

(*b*) $93,000 6 per cents matured Jan. 1, 1885, and were extended at 6 per cent. to July 1, 1900; $93,000 6 per cents matured January 1, 1886, and were extended to July 1, 1900, at 5 per cent.; $84,500 6 per cents matured January 1, 1888, and were extended to July 1, 1900, at 5 per cent. Remainder bears 6 per cent. and matures January 1, 1890.

(*c*) All 6 per cents mature ($100,000 each year) January 1, 1896, 1897, 1898 and 1899, and $52,800, 1900.

Norfolk and Petersburg bonds are of $1,000 each. Average rate per mile, $6,123. Southside RR. bonds are from $100 to $1,000 each. Average rate per mile, $8,862. Virginia and Tennessee bonds are $1,000 each. Enlarged mortgage is an extension of an original issue. Average rate per mile, $9,537.

The Norfolk and Western general mortgage bonds are $1,000 each, coupon with provision for registration, and secured on the main line, City Point and Saltville branches, 427.5 miles, subject to lien of preceding $3,710,700 divisional bonds ($8,680 per mile); average per mile, $16,594. The mortgage provided for an issue of $11,000,000 bonds, of which $4,500,000 were deposited with the Fidelity, Insurance, Trust and Safe Deposit Co. of Philadelphia,

trustee, to retire the prior lien bonds as they mature. Of this special deposit $594,000 have been withdrawn, and proceeds applied to redemption of maturing divisional bonds.

The New River Division bonds are a first lien on the New River Division, from Radford to Elkhorn, 84.25 miles, branches to coal mines, 18.59 miles, the Cripple Creek Extension and branches, 38.82 miles, aggregating December 31, 1888, 141.66 miles, and upon all other branches and extensions hereafter constructed under the privilege derived from the companies consolidated to form the New River Division of the Norfolk and Western RR. Company; all such branches or extensions come under the lien of the same mortgage without increasing the present issue of bonds. The bonds (limited in amount to $2,000,000) represent December 31st, 1888, a first lien at the rate of $14,118 per mile.

The Clinch Valley Division bonds are a first lien upon the Clinch Valley Division (and branches which may be acquired), and also upon rolling stock now acquired, costing $500,000. The bonds are limited in amount to $2,500,000, in addition to which further bonds may be issued on branch lines of this division at the rate of $15,000 per mile, but limited in amount to $825,000.

The Improvement and Extension bonds (5,000,000 authorized, with the power, under certain restriction, to increase, for the purpose of double-tracking the lines when necessary, to $8,000,000) are $1,000 each, coupon, with provision for registration of principal; are secured on whole road owned, and were issued to the amount of $2,500,000, which were sold for the construction of the Cripple Creek Extension of the New River Division, for building short branches to new coal mines on the Bluestone River near Pocahontas, for new terminal facilities at Norfolk, and for additional sidings, stations and other improvements on the main line. The remaining $2,500,000 were issued under authority from the stockholders, and used for improvements on the main line, for increased terminal facilities, new rolling stock, and for new branches or extensions. For the latter purpose the amount is limited to $25,000 per mile, and for double tracking the line to $10,000 per mile. No bonds are to be issued for the latter purpose until at least fifty (50) miles of double track, of standard quality, have been constructed. The bonds are a lien upon the main line and City Point and Saltville branches, subject only to the lien of the divisional securities and of the general mortgage. They are a second lien upon the New River Division and the Flat Top and Cripple Creek Extensions thereof, and also upon such other branches and extensions as may be built with funds procured from the sale of bonds issued under this mortgage. At the annual meeting held in May, 1886, an issue of $1,000,000 of these bonds, additional to the $2,500,000 then outstanding, was authorized and a further additional issue of $1,500,000 was authorized in May, 1887. The expenditures during 1888 for improvements and extension purposes were as follows:

New River Division, Elkhorn Extension and short branches to coal mines, $258,231.50; Cripple Creek Extension and short branches to ore mines, $75,200.43; improvements to main line and branches, $943,784.51; principal of car trust obligations, $59,364.78—total, $1,336,581.22.

The total amount expended to the close of the year 1888, for purposes provided for in the improvement and extension mortgage, including the items mentioned above, were as follows: New River Division, extensions and branches to coal mines, $747,577.06; Cripple Creek extension and branches to ore mines, $1,402,351.66; improvements to main line and branches, $1,777,690; principal of car trust obligations, $843,214.06—total, $4,770,832.78. Amount received from sale of $4,500,000 of bonds, $4,027,172.41; premium received on $525,000 Norfolk Terminal Company's bonds, redeemed December 1st, 1888, $26,250—total, $4,053,422.41. Balance, $717,410.37.

Of the issue of $1,500,000 improvement and extension bonds authorized at the annual meeting in 1887, none were sold during that year, the other resources of the company having been used in paying for improvements and extensions during that period. During the year 1888, $1,000,000 bonds were sold; and the company now has in its treasury $500,000 bonds, which, estimated at 102½ per cent., makes the excess of expenditures over the amount realized from the issue of $5,000,000 improvement and extension bonds, and not represented by an issue of bonds, $204,910.37.

During the past year the Norfolk Terminal Co., under the terms of the redemption clause of its mortgage of November 28th, 1883, redeemed at 105 per cent. its outstanding bonds, amounting to $579,000, of which $525,000 were held by the trustee of the improvement and extension mortgage as part of its security, the remaining $54,000 being in the treasury of the company. The trustee applied the $551,250 thus received, in payment for improvements and extensions to the line, as provided by the terms of the improvement and extension mortgage.

Division first mortgage, and the improvement and extension mortgage; dated October 29, 1884, and redeemable at option of the company any time after ten years from date at 110.

The equipment mortgage bonds are $1,000 each; authorized issue, $5,000,000. They are a first lien upon equipment costing $1,000,833, and upon such additional equipment and principal of car trust obligations as may from time to time be acquired with the $5,000,000 of bonds authorized to be issued. A sinking fund of 3 per cent. per annum on the bonds outstanding is provided, applicable during the first ten years to the purchase of equipment mortgage bonds at par or under, if obtainable, otherwise to the purchase of any of the above-described mortgage bonds of the company, and after that time to compulsory drawings by lot. The bonds may be redeemed by the company after June 1st, 1898, at par and interest.

The convertible debenture bonds are $500 each, and were issued to take up an equal amount of scrip issued for dividend on preferred stock, and may be converted into preferred stock, at holder's option, at the rate of one $500 bond for five shares stock, after increase in preferred stock for that purpose shall have been authorized, or may be redeemed by the company on the 15th day of January or July in any year after date at par and accrued interest.

For the purpose of retiring divisional securities to the amount of $5,000, which had matured January 1st, 1888, and were acquired during the year, and $167,500 maturing January 1st, 1889, $182,000 of the general mortgage bonds were withdrawn from the trustee, as provided under the terms of the mortgage, and sold. The premium on the bonds was credited to property account.

The trustee retains a sufficient amount of general mortgage bonds, estimated at 95 per cent., to acquire the remaining outstanding divisional securities at par.

During 1885 $4,000,000 of the amount carried on the books as representing the ownership of the Shenandoah Valley stock was charged off to railroad, property and franchise account. The advances to the Shenandoah Valley RR. Co., and the amount due by the suspended Planters' and Mechanics' Bank of Petersburg, and a few similar items were charged to suspense account.

The $99,000 consolidated mortgage first preferred 8 per cent. bonds, and $85,500 consolidated mortgage second preferred 6 per cent. bonds of the Southside Railroad Company, which matured January 1, 1888, were extended to July 1, 1900, at 5 per cent. interest per annum.

Interest payable in Philadelphia and New York. Preferred stock entitled to a dividend of 6 per cent. before common stock can participate. Six dividends have been paid on preferred stock to date: five in cash, March, June, September and December, 1882, each 1 per cent.; October, 1888, 1½ per cent.; and one of 3½ per cent. in scrip convertible into convertible debenture bonds, January, 1884.

Annual meeting, first Wednesday in May, at Roanoke, Va. Books close for annual meeting about two weeks prior thereto, and reopen the following day. Books close for dividends about two weeks prior to payment of same. Bonds listed on Exchanges as follows: New York, general mortgage, New River Division, improvement and extension, adjustment mortgage, Clinch Valley Division first mortgage, $840,000, and equipment mortgage bonds; Philadelphia, general mortgage, New River Division and convertible debenture bonds; London, general mortgage, improvement and extension, and adjustment mortgage bonds; Amsterdam, equipment mortgage bonds. Trustee of bonds and registrar of stock, Fidelity Insurance, Trust and Safe Deposit Company, Philadelphia; registrar of stock in New York, Mercantile Trust Company. Transfer agent in New York, Central Trust Company.

Arrangements have been made with the Richmond and Petersburg RR. Co., under which this company secures a direct entrance into Richmond; and with the Norfolk Southern RR. Co., by which that company is given trackage facilities over this road into Norfolk and the use of the terminal facilities at that point.

Auxiliary Properties:

ROANOKE MACHINE WORKS.—These works are situated in the city of Roanoke, Va.; the grounds comprise 60 acres, upon which are erected the various buildings for the manufacture of locomotives and cars. Construction completed and operations begun in 1883. Capacity of car shop, 10 cars per day; capacity of wheel foundry, 50 car wheels per day. During 1888 the operations of these works enabled the company to declare

a dividend of $50,000 upon the capital stock owned by the company, which amount has been credited to the revenue of the company. *Condensed Balance Sheet*, December 31, 1888.—Capital stock, $417,400; first mortgage bonds, $500,000; equipment trust bonds, $865,000; accrued but unmatured interest on funded debt, $25,875; N. & W. VIRGINIA COMPANY.—Under its charter this company has acquired and holds real estate at Roanoke, Crewe, Bluefield and other junctions, and important points on the line of the Norfolk and Western RR. Co., which has secured control of the company through the ownership of 993 out of a total of 1,000 shares of stock, the total investment of the latter company being $347,334.24, which amount represents the actual cost of the real estate purchased. The land not required for the uses of the Norfolk and Western RR. Co. for sidings and yard room has been divided into lots, and will be sold. *Balance Sheet*, December 31, 1888.—Capital stock, $100,000. N. & W. RR. Co. advances, $140,808.71; deferred payments on property, $86,454.97; accounts payable, $13,348.06; improvement rebate bonds (210 houses), $16,574.99; income account, $38,156.32—total, $395,343.07. Real estate, houses, etc., $347,334.24; bonds and mortgages, $28,165.75; notes for last, deferred payments, $16,574.99; accounts receivable, $3,220.82; cash, $47.27—total, $395,343.07. F. J. NORFOLK TERMINAL COMPANY.—*Line of Road:* Norfolk, Va., to Lambert's Point, 5.3 miles; sidings, 5.37 miles—total track (steel, 6.64), 10.67 miles. Chartered March 6, 1882. Road opened March 12, 1885. The charter of this company authorizes the ownership of land, the construction and operation of a line of railroad, the building and operating of wharves, storehouses, cotton presses, and grain elevators; the chartering of vessels, etc., and gives power to consolidate with the N. & W. RR. Co. The Terminal Company owns 466 acres of wharf property and 1⅞ miles of water front at Lambert's Point, below Norfolk. A large coal wharf has been completed, and two brick fire-proof warehouses, each having a frontage of 205 ft. with a depth of 95 feet, and having four compartments, erected on land leased from the Norfolk and Western. An elevator with a storage capacity of 150,000 bushels has also been completed. This company also owns stock in the Old Dominion Steamship Co., and barges for the transportation of cotton and coal. The expenses of operating the road, pier and warehouses are included in the operating expenses of the Norfolk and Western RR. Co., and all revenue therefrom is included in the gross earnings of that company, but the Terminal Company owns certain dividend-paying securities, the revenue from which, during the year 1888, enabled it to pay a dividend amounting to $11,278.75 on its full paid capital stock. During the past year the company redeemed its outstanding mortgage bonds and made a new issue of 5 per cent. 70-year bonds, of which $684,000 were outstanding at the close of the fiscal year. *Balance Sheet*, December 31, 1888.—Capital stock, $322,600; funded debt (1st mortgage 5 per cent. 70-year coupon $1,000 bonds, due February 1, 1958, interest February and August (authorized, $2,500,000), $684,000; accounts payable, $4,446.78; income account, $498.08—total, $1,011,544.86. *Contra:* Property, franchises and improvements, $772,525.24; Old Dominion S. PORT ROYAL AND AUGUSTA RAILWAY COMPANY.

Line of Road.—Port Royal, S. C., to Augusta, Ga.....112 miles. Sidings, etc., 12.8 miles. Gauge, 4 ft. 9 in. Rail (steel, 60 miles), 45, 50, 56, and 56½ lbs.

History.—The Port Royal RR. Co. was chartered in December, 1856, and road opened throughout on March 1, 1873. Defaulted in November, 1873, and road sold under foreclosure June 9, 1878. Purchased by bondholders, who reorganized the company under its present title. See MANUAL for 1888, page 624.

Through its ownership and guarantee of $500,000 of the original bonds, the Georgia RR. and Banking Co. retains a fifth interest in the stock and bonds of this company. In 1881 the Central RR. and Banking Co. of Georgia acquired an interest in this company which is now represented by the ownership of $900,000 of the income bonds and $50,000 of stock, which, with the interest of the Georgia RR. and Banking Co., gives to the Central RR. and Banking Co. control of this line.

In November, 1888, suit was brought by this company, asking for the appointment of a receiver.

History.—Chartered February 27, 1879. Road opened October 15, 1881. Default made in interest payments in May, 1883, and on June 23, 1883, the road was placed in the hands of receivers. In June, 1888, a consolidation with the Chesapeake and Ohio was proposed, and in September, 1888, the road was leased to that company. A plan of reorganization was agreed upon, providing for the issue of $6,000,000 first mortgage bonds, bearing 2 per cent. till January 1, 1894, and 4 per cent. for 95 years thereafter; $1,000,000 second mortgage bonds, bearing 2 per cent. in 1889, 3 per cent. in 1890, and 4 per cent. for 98 years thereafter; and $500,000 income bonds having the same rate of interest as Chesapeake and Ohio first preferred stock. The old firsts take new firsts, dollar for dollar, of principal only, and the old seconds take $250 in new seconds, $125 in new incomes, and $625 in Chesapeake and Ohio common stock for each $1,000. The new bonds are dated January 1, 1889, and will be either a direct obligation of the Chesapeake and Ohio, or the firsts and seconds will be guaranteed by that company. The old stock having paid 10 per cent. assessment, takes new Chesapeake and Ohio common stock for 70 per cent. of its face value and Chesapeake and Ohio first preferred stock for the assessment. Under this plan the road was sold under foreclosure April 16, 1889, and purchased by the reorganization committee. Subsequently, upon completing payments May 20, 1889, the purchasers organized as a corporation under the name of *The Richmond and Alleghany Railway Company*, which has, by agreement, turned over the operation of the road to the Chesapeake and Ohio Railway Company.

Total length of railroad (owned, 226.13; leased, 627.85), Sept. 30, 1888. ..... 853.[illegible]
Sidings (R. & D. and P. RRs, 40.70 miles; other lines, 60.62), 91.32. Gauge, 4 ft. 9 in. (steel, R. & D. and P. RRs, 158; all lines, 503.31 miles), 57 and 60 lbs.

Of the above mileage, the R. & D. RR. Co. operates directly 773.98 miles, covering lines with the exception of the 80 miles of narrow-gauge Atlanta and Charlotte Air-Line branches, which are maintained as separate organizations and reported elsewhere.

History.—The Richmond and Danville RR. Co. was chartered March 9, 1847; [illegible] opened May 16, 1856; branches from 1871 to 1874. The Piedmont RR., though not leased, is owned and operated in connection with the main line of this company's road. Northwestern North Carolina RR. is owned.

The Richmond, York River and Chesapeake RR. is leased in perpetuity from J[illegible] 1881, for $85,850 per annum. The North Carolina RR. was leased September 11, 1871, years from October 1, 1871, at a rental of $260,000 a year. The Atlanta and Charlotte Line RR. was leased March 26, 1881, for $464,500 per annum, being interest on the [illegible] debt and 5 per cent. on the stock, the R. and D. RR. Co. also to provide a sum not [illegible] $2,000 yearly for organization expenses. The Milton and Sutherlin RR. has been [illegible] since July, 1882. It is practically owned by this company, which holds 364 out of a [illegible] 712½ shares of its capital stock and all of its bonds. The State University RR. [illegible] partly by contributions from this company, for which the latter holds 168 shares of [illegible] ital stock of the S. U. RR. Co. It has been operated under lease since February, 18[illegible]

During 1886 the following roads were leased (the operations of these lines are included below—for disposition of net income of each see separate statements appended hereto):

Virginia Midland Railway, comprising 413 miles of railroad, leased April 15, 1886, the Richmond and Danville RR. Co., guaranteeing interest on $7,635,000 serial bonds, and interest on $4.865,000 five per cent. general mortgage bonds.

Washington, Ohio and Western Railroad, 50 miles, October 30, 1886, guaranteeing 4 per cent. on $1,000,000 first mortgage bonds outstanding.

The Richmond and Danville RR. Co. also made operating leases with the following companies:

May 1, 1886, Charlotte, Columbia and Augusta.....373 miles.
May 1, 1886, Columbia and Greenville.....296 miles.
April 30, 1886, Western North Carolina.....290 miles.
June 14, 1886, Northeastern of Georgia..... 61 miles.

Making the total lengh of lines now owned and leased by the Richmond and Danville RR. Co., and for which reports will be submitted hereafter, 2,286.98 miles.

In addition to the railroad mileage controlled by the Richmond and Danville RR. Co., it owns the Baltimore and Chesapeake Steamboat Company, operating a line of steamers between Richmond and West Point, Va., and Baltimore, Md.

The Richmond and West Point Terminal Railway and Warehouse Co. was organized March 8, 1880, in the interest of the Richmond and Danville RR. Co. for the purpose of acquiring roads not directly connecting with the Richmond and Danville RR. The charter of the Richmond and Danville RR. Co., at that time, debarred it from owning stock in any but connecting lines; but a subsequent amendment removed this prohibition.

The Richmond and West Point Terminal Company acquired the controlling interest in the Richmond and Danville RR. Co. by the purchase of 25,001 shares of the capital stock on November 19, 1886, and by exchange of four shares of its common stock for one share of the capital stock of the Richmond and Danville RR. Co. It has acquired, since March 1, 1887, 17,609 shares additional of the Richmond and Danville RR. Co.'s stock, so that of the 50,000 shares of the capital stock of the R. and D. RR. Co. outstanding, all but 7,390 shares were owned by the Richmond and West Point Terminal company at the close of its last fiscal year. In May 1889 the Terminal Co. made arrangements for the purchase of those 7,390 shares, giving it ownership of the entire capital stock of the R. & D. RR. Co.

Rolling Stock, all Divisions, September 30, 1888.—Locomotive engines, 150. Cars—passenger, 73; baggage, mail and express, 32; freight (box, 1,719; stock, 30; platform, 518; coal, 25; gondola, 238), 2,525; other cars, 145—total cars, 2,775. Also, 192 pairs transfer trucks.

Interest on bonds payable at the office of the company, 2 Wall Street, New York, N. Y.

The amount of general mortgage bonds authorized under the mortgage was $6,000,000, of which a sufficient amount is reserved to take up prior liens, including Piedmont RR. bonds. Bonds are of $1,000 each with coupons.

The debentures are CUMULATIVE income bonds secured by mortgage, dated April 1, 1882, due April 1, 1927; interest 6 per cent., IF EARNED, payable April 1 and October 1. In April, 1887, the company offered to holders of these bonds new 5 per cent. consolidated mortgage bonds in exchange for overdue coupons to that date. The holders of all but $85,000 of these debenture bonds have assented to this proposition. The issue of consolidated mortgage 5 per cent. bonds of 1886 is limited to $14,500,000, of which there was reserved to cover prior mortgages $10,000,000, and for accrued interest on debenture mortgage bonds $720,000. The remainder is limited to not exceeding $15,000 per mile, against deposit, with trustee, of first mortgage bonds of controlled or owned railroads.

The first dividend paid by the company was 3 per cent., January 3, 1881; the next during the year ending September 30, 1882, as follows: 2 per cent. November 15, 1881; 3 per cent. February 15, 1882; 2 per cent. May 15, 1882, and 2 per cent. August 15, 1882. During the last fiscal year (July 1, 1887) a dividend of 3 per cent. was paid.

Annual meeting, second Wednesday in December. Transfer books close about a month before and reopen the day after the meeting. Central Trust Co., New York, trustee of bonds. Stock and bonds listed on New York and Baltimore Stock Exchanges.

On April 16, 1886, this road and property were leased to the Richmond and Danville RR. Co., the lease providing that this company's bonds be converted into one general mortgage for $12,000,000, on which the Richmond and Danville guaranteed 5 per cent. interest. The conversion of incomes into the new bonds began October 30, 1886.

At the annual meeting November 29, 1881, the directors were empowered to increase the common stock from $800,000 to $6,000,000, and to issue income bonds limited in amount to $4,000,000, and to exchange such new issues for the $4,000,000 (1st and 2d) preferred capital stock then outstanding, in proportion of ten shares of new common stock and one income bond for each ten shares of preferred stock. Holders of old common stock were to receive two shares of new stock for each share of old stock held by them. Under this plan there had been issued at the date of the above general account, $3,990,363.93 of income bonds, and nearly all of the old common stock had been retired. The road is now managed in the interest of the Richmond and West Point Terminal Railway and Warehouse Company, which owns $3,577,333 of stock and $1,763,000 of the general mortgage 5 per cent. bonds of this company.

The fiscal year of this company covered the twelve months of the calendar year, prior to 1882. In the latter

year it was changed to correspond with the fiscal year of the State, ending on September 30, and consequently the operations given in the column headed "1882" are for the last three months of 1881 and the first nine months of 1882.

The funded debt consists of the following:

Series.	Classification of Bonds.	Authorized.	Issued.
1st	—6 per cent. 25-year bonds	$600,000	$600,000
2d	—6 per cent. 30-year bonds	1,900,000	1,900,000
3d	—5 per cent. bonds for 5 years, and 6 per cent. for 30 years	1,100,000	1,100,000
4th	—3 per cent. for 10 years, 4 per cent. for 10 years, and 5 per cent. for 20 years	950,000	950,000
5th	—5 per cent. 45-year bonds	1,775,000	1,775,000
6th	—4 per cent. for 8 years and 5 per cent. for 42 years	1,310,000	1,310,000
General Mortgage	50-year 5 per cent. bonds		4,633,000
	Total amount mortgage bonds September 30, 1887	$7,635,000	$12,268,000
	Income bonds	4,000,000	193,000
	Total funded debt, September 30, 1887	$11,635,000	$12,461,000

The six series of mortgage bonds are all dated March 1, 1881. The first series of bonds is secured by a first lien on all lines between Alexandria and Gordonsville, including the lease of Charlottesville and Rapidan RR.; the second series by a second lien on the same line, and a first lien on the line between Charlottesville and Lynchburg; the third series by a third lien on lines between Alexandria and Gordonsville, and a second lien between Charlottesville and Lynchburg; the fourth series by a fourth lien on lines between Alexandria and Gordonsville, and a third lien between Charlottesville and Lynchburg; the fifth series by a fifth lien on lines between Alexandria and Gordonsville, a fourth lien between Charlottesville and Lynchburg, and a first lien on the road from Manassas Junction to Harrisonburg, and on the lease of the Strasburg and Harrisonburg RR. to B. & O. RR. Co.; the sixth series by a first lien on road between Lynchburg and Danville, including Pittsville Branch and lease of Franklin and Pittsylvania RR., and a sixth lien on the lease of the Charlottesville and Rapidan RR.

The income bonds are dated November 20, 1881, payable January 1, 1927, and bear interest at the rate of 6 per cent. cumulative, payable January 1 and July 1, the amount to be paid each year to be determined by the Board of Directors within 60 days after the close of each fiscal year, any amount unpaid to be carried forward as a debt (not bearing interest) against the company. Coupons of July, 1882, January, 1883, and July, 1884, were paid in cash. On the first of May, 1888, all but $219,000 of these bonds had been funded into the new 5 per cent. general mortgage bonds, and the privilege of exchange is still open.

The general mortgage bonds are dated 1886, due May 1, 1936, coupon, and of the denomination of $1,000 each, interest, which is guaranteed by the Richmond and Danville RR. Co., payable May and November at office of the company, No. 2 Wall Street, New York, N. Y. Of these bonds, $7,635,000 are held to retire the serial bonds: also a sufficient number for the incomes.

Annual meeting, third Wednesday in December; books close 15 days prior thereto. Interest payable at Baltimore, Md., and New York, N. Y. Trustees of bonds: Robert T. Baldwin, J. Willcox Brown and Robert Garrett; also the Central Trust Co., New York, N. Y.

CHARLOTTESVILLE AND RAPIDAN RAILROAD.—Orange C. H. to Charlottesville, Va. (steel), 28.20 miles. Chartered February 12, 1872; amended February 6, 1878. Leased in perpetuity from January 1, 1880, date of completion, to the W. C., V. M. & G. S. RR. Co., and now to its successor, the Virginia Midland Ry. Co., at a rental of $36,000 a year, payable quarterly, for 34 years. Part of this rental is annually applied to the reduction of the (originally $500,000) mortgage debt of the company. At the expiration of the 34 years this debt will have been paid in full, and the Charlottesville and Rapidan RR. will then be merged into and become the absolute property of the V. M. Ry. Co. Although in the form of a lease, the contract is substantially a conditional purchase. *Income Account*, 1887–8.—Balance on hand October 1, 1887, $4,077.59; rental, $35,250—total, $39,327.59. Interest paid, $27,534; sinking fund, $7,200; other, $222.10; balance on hand October 1, 1888, $4,371,-49. Capital stock (par, $50), $142,880; funded debt, 1st mortgage 6 per cent. 34-year sinking fund bonds, due March 1, 1913, interest payable January and July at office of Philadelphia Trust, Safe Deposit and Insurance Co., Philadelphia, Pa., $455,300—total, $598,180. Cost of road, $650,000. The mortgage provides that stock be retired simultaneous, and *pro rata*, with bonds. L. W. Reid, *President;* J. S. B. Thompson, *Secretary and Treasurer*, Alexandria, Va.

The guaranteed stock consists of $481,100 7 per cent. and $19,300 6 per cent. At the annual meeting for 1881, the company decided to issue dividend certificates entitled to equal dividends with the common stock, to holders of common stock for the amount of net earnings which had been previously expended in improvements and credited to profit and loss account, being $755,039.10, or about 70 per cent. of amount of common stock. On April 17, 1884, the Supreme Court of Virginia ordered the company to pay similar dividend obligations to holders of guaranteed stock, and the same cash dividend thereon as had been previously paid on those issued to common stockholders. On December 6, 1884, under decree of court, $43,300 dividend obligations and $3,664.67 cash dividends were issued to guaranteed stockholders, and in September, 1886, under decree of the Circuit Court of Richmond, the remainder of the 70 per cent. was issued or credited to guaranteed stockholders.

Both issues of stock received 7 per cent. in 1888.

RICHMOND AND WEST POINT TERMINAL RAILWAY AND WAREHOUSE COMPANY.

History.—Incorporated by Act of Virginia Legislature passed March 8, 1880, with authority to acquire stocks and bonds of railroad companies in the States of North Carolina, South Carolina, Tennessee, Kentucky, Georgia, Alabama, Mississippi, and other States. It was organized in the interest of the Richmond and Danville RR. Co. for the purpose of acquiring control of railroads not directly connecting with the Richmond and Danville RR., the charter of the latter prohibiting it from owning stock in any but connecting lines. Amendments to its charter permitted it to increase its capital stock without limit, to consolidate with other companies, and to change the name at will to Richmond, Danville and Southern Railway Company.

The capital stock was increased several times till October, 1881, when it amounted to $3,000,000, of which the Richmond and Danville RR. Co. owned $1,510,000. On January 16 1882, it was increased to $5,000,000, stockholders having the privilege of subscribing for new stock at par to the extent of two-thirds of their holdings. On the 11th of May, 1882, a further issue of $10,000,000 stock was sold to stockholders at the rate of $25 per share and in the proportion of two shares of new for one of old. This latter issue made the total amount of the capital stock, $15,000,000, on which the company realized $7,500,000 in cash. Of the $15,000,000 the Richmond and Danville RR. owned $7,510,000.

Shortly after its formation the company acquired control of various railroads in the South, having an aggregate mileage of 729 miles, and represented by $5,691,900 of stocks, which cost the Terminal Co. an average of less than $10 per share. To this mileage was subsequently added that of the Virginia Midland Railway, the Terminal Co. paying $3,500,000 for $577,790 common and $2,910,600 preferred stock of the Virginia Midland Ry. Co. In November, 1881, the preferred stock of the Virginia Midland Ry. Co. was retired by exchange for an equal amount of income bonds and of common stock, and the common was increased by the issue of two new shares for each share previously outstanding. This arrangement gave to the Terminal Company $2,910,600 of income bonds of the Virginia Midland Ry. Co., and increased its holding in the common stock of that company to $4,066,180. The mileage owned and controlled in the Terminal system has been increased since 1881 by the extension

North East RR. of Georgia	60 miles.	Total Rail and Water Lines	7,369 miles.

In April, 1886, the Richmond and Danville RR. Co. took a lease of the Virginia Midland, the Charlotte, Columbia and Augusta, the Columbia and Greenville, and the Western North Carolina Railroads, intending to draw them from the control of the Terminal Co. Thereupon parties interested in the Terminal Company began to purchase Richmond and Danville stock, and by November 20, 1886, had acquired a majority. The price paid for this stock averaged about $200 per share, or $6,500,000 for all the stock bought, payment to be made $5,000,000 in cash and $1,500,000 in new common stock. To provide means for this purchase the company issued $5,000,000 preferred stock and $9,000,000 common stock, stockholders receiving $3,333.33 preferred stock and $5,000 common stock for every $10,000 held. This netted to the company $5,000,000 for the $5,000,000 preferred and $7,500,000 common stock, leaving the company $1,500,000 common stock to pay for the Richmond and Danville stock.

In January, 1887, the company acquired $6,500,000 of the first preferred stock of the East Tennessee, Virginia and Georgia RR. Co., thereby obtaining the absolute voting control of the company till July 1, 1891. The price paid for the stock was $4,000,000 cash and 50,000 shares common stock. To provide means for this purchase, for the purchase of the remaining shares of Richmond and Danville stock, and of the stock and income bonds of the Washington, Ohio and Western RR. Co., for the payment of floating debt, and for other purposes, the company on February 1, 1887, issued $8,500,000 10-year 6 per cent. collateral trust bonds and $16,000,000 common stock. Of these collateral trust bonds $863,000 were bought in and cancelled in September, 1887.

In October, 1888, the company purchased the entire capital stock, $12,000,000, of the Georgia Company, controlling the Central RR. of Georgia, the price paid being $4,200,000.

The Shenandoah Valley RR. Co., on September 27, 1881, entered into an agreement with the Norfolk and Western RR. Co. (with whose road this company's line connects at Roanoke), and the East Tennessee, Virginia and Georgia RR. Co. (whose line connects with the N. & W. RR. at Bristol), consolidating the through traffic of the three lines, and constituting the Virginia, Tennessee and Georgia Air-Line, which, immediately on the completion of the Shenandoah Valley RR., established an all-rail passenger and freight line between New York, Memphis, New Orleans, and all other points in the North, East and West, and Southwest.

On the 29th of December, 1882, the Shenandoah Valley and the Norfolk and Western RR. Companies entered into a traffic contract, under the terms of which the Shenandoah Valley RR. Co. agreed to issue non-cumulative income bonds to the amount of $2,500,000—$1,500,000 of which, it was provided, should be sold at not less than 60 per cent., the proceeds to be used in completing and equipping the road, and to provide for its floating indebtedness; the remaining $1,000,000 to be reserved for future use—these bonds to receive interest at the rate of 4 per cent. per annum in each year when the gross earnings of the Shenandoah Valley RR. shall amount to $1,200,000, and for each additional $100,000 of gross earnings an additional 1 per cent. To provide increased security for the payment of this interest the Norfolk and Western RR. Co. agrees to set apart out of the gross earnings received by it from its traffic with this road, in each year when the gross earnings of the Shenandoah Valley RR. shall have reached $1,200,000, a sum equal to 4 per cent. on the amount of income bonds then outstanding, and for each additional $100,000 of gross earnings a sum equal to an additional 1 per cent., but in no case is such sum to exceed 6 per cent. Out of the fund thus created the Norfolk and Western RR. Co. agrees to advance to the Shenandoah Valley RR. Co., in the event of the latter failing to pay its interest on such income bonds as stipulated, a sum which will be equal to the interest accruing and in default in such year.

During 1883, the Norfolk and Western RR. Co. acquired a controlling interest in this company, by the purchase of 30,571 shares of its stock, for which it issued in exchange 40,571 shares of its own (Norfolk and Western RR. Co.) common stock.

In the same year this company also made an agreement with the Pennsylvania RR. Co. and the Cumberland Valley RR. Co. for an exchange of traffic to or from points on the Shenandoah Valley road, the Pennsylvania and Cumberland Valley companies also agreeing to set apart 20 per cent. of their gross receipts from such business till October 1, 1885, 15 per cent. for next five years, and 10 per cent. for the five years to follow; this fund to be applied to the purchase of Shenandoah Valley general mortgage bonds, provided that they can be purchased at par; otherwise the fund for that year lapses. In any year prior to 1888 this fund may be applied to the purchase of coupons if the earnings be insufficient to pay interest.

On the 31st of March, 1885, on application of the mortgage trustee, this road was placed in the hands of a receiver in anticipation of the impending default in the payment of interest on the company's general mortgage bonds, which occurred on the succeeding day. On April 10, 1885, the receiver was authorized to issue $300,000 of receiver's certificates with which to pay off wages, material and supply claims, floating debt, etc., specified in the orders of the court, and under this authority they were issued and applied to the payment of the claims above specified, due at the time the receiver was appointed, and for the purchase of new steel rails and renewals and repairs to equipment and roadway. On December 20th, 1886, the receiver was authorized to issue $100,000 additional receiver's certificates with which to purchase new steel rails, iron bridges, etc., and on May 21, 1888, an additional issue of $100,000 of certificates was authorized for the purchase of new iron bridges, etc.

Sidings, etc., 39.40 miles. Gauge, 4 ft. 9 in. Rail (steel, 205.50 miles), 56 lbs.

History.—Chartered as Charleston and Hamburg RR. Co. December 19, 1827; main line completed October 1, 1833. The Columbia Branch, opened November 1, 1840, and the Camden Branch, opened June 26, 1848, were constructed under separate charters. In 1844 the three roads were consolidated under title of South Carolina RR. The expense of rebuilding the road after the war, together with the accumulations of its liabilities, necessitated a heavy floating debt, the pressure of which forced it to default in 1878; and in October of that year it was placed in the hands of a receiver, sold under foreclosure July 28, 1881, and reorganized November 1, 1881, under present title.

On January 2, 1889, default was made in interest on second mortgage bonds.

TAVARES, APOPKA AND GULF RAILROAD COMPANY.

Line of Road.—Tavares, *via* Kissimmee and F. Thompson to Punta Rassa, Fla. — miles.

History.—Work of constructing road from Tavares to Kissimmee, a distance of 55 miles, was begun July 16, 1885, and 12 miles were graded from Tavares south during that year. These 12 miles from Tavares to Double Run were laid with track in 1886; extended 15 miles to Minneola in 1887, and to Clermont, 2 miles, making the total length of line completed 29 miles in 1888. There is a land grant of 9,226⅔ acres per mile, making a total of 507,466 acres on the 55 miles to Kissimmee City.

Financial Statement.—Capital stock ($12,000 per mile authorized), $660,000; funded debt, 1st mortgage 6 per cent. 20-year $1,000 gold coupon bonds, due July, 1906, interest payable January and July ($7,000 per mile), $385,000—total stock and bonds, $1,045,000.

The bonds are secured on the entire property of the company, including the land grant. The mortgage provides for the deposit in trust of at least 75 per cent of the proceeds of land sales as a sinking fund for the redemption of the bonds at maturity, or for their purchase and cancellation at any time if they can be bought at par and accrued interest. WESTERN RAILWAY COMPANY OF FLORIDA.

Main Line of Road.—Sharon, Fla., to a point west..... 6.5
Leased: *Green Cove and Midland Railway*.....10.0—16.5 miles.
Sidings, 2.5 miles. Gauge, 3 ft. Rail (steel, 6.5 miles), 35 lbs.

History.—Organized July 26, 1886, and leased the Green Cove and Midland Ry., with the intention of extending that line to Melrose and of constructing a branch line to Stark. In 1886 the company built 6.5 miles of road from Sharon to a point west, and will complete the whole line and branch, as projected, by January 1, 1890. The company also operates a logging road running from Sharon south 8 miles.

Rolling Stock (leased).—Locomotive engines, 2. Cars—passenger, 1; freight, 30.

Operations.—No detailed statement furnished. For the first six months of its existence the gross earnings from freight and passenger traffic, stumpage on lumber, etc., were $14,240.60; expenses, $7,154.93; net, $7,085.67. The traffic of road consists chiefly of freighting logs and lumber from along the line to Green Cove Springs.

Financial Statement.—Capital stock authorized, $500,000, only a small proportion of which has been paid in. Dividends of 8 per cent. paid on amount paid in. No bonds or debt of any kind.

GREEN COVE AND MIDLAND RAILWAY.—Green Cove Springs to Sharon, Fla., 10 miles. Chartered as Green Cove Springs and Melrose RR. Co., February 28, 1881, and road opened in March, 1883. The capital stock was $200,000, and there were $200,000 first mortgage bonds and $300,000 land grant bonds. The cost of road was $80,000; rolling stock, $10,000; real estate, $20,500. Defaults were made and the road placed in the hands of a receiver. Sold under foreclosure August 3, 1885, and purchased by creditors, who organized the Green Cove and Midland Ry. Co., and leased the road to the Western Ry. Co. of Florida. The old securities were wiped out by the foreclosure. JOHN W. ASHBY, *President*, Gainesville, Fla.; J. C. the Cincinnati Southern Ry., which was incorporated by an Act of the Legislature of Ohio, May 4, 1869. The road was projected and built for the purpose of enlarging the trade of the city of Cincinnati in a southerly direction. Construction was begun in December, 1873; road opened from Cincinnati to Somerset, Ky., 158.3 miles, July 21, 1877; and to Chattanooga, Tenn., February 12, 1880. The city of Cincinnati supplied the means of construction by an issue of bonds, as follows:

1st series, July 1, 1872–1902, interest 7 per cent. January and July ($700,000 authorized), $587,000; 2d series, July 1, 1872–1902, interest 7.3 per cent., January and July ($9,300,000 authorized), $8,362,000; 3d series, May 1, 1876-1906, interest 7.3 per cent. May and November ($2,800,000 authorized), $2,032,000; 4th series, May 1, 1876–1906, interest 6 per cent. May and November ($3,200,000 authorized), $2,954,000; 5th series, November 1, 1878–1908, interest 7 per cent. May and November ($1,000,000 authorized), $1,000,000; 6th series, August 1, 1879–1909, interest 6 per cent. February and August ($1,000,000 authorized), $1,000,000.

On the 12th of October, 1881, the road was leased to the C., N. O. & T. P. Ry., at a rental, payable quarterly, of $812,000 a year, for a period of five years; $912,000 a year for a second period of five years; $1,012,000 a year for a third period of five years; $1,102,000 a year for a fourth period of five years, and $1,262,000 yearly for a fifth period of five years. The rental is the only fixed charge upon the road. In the summer of 1886 the gauge of the road was narrowed to the Northern standard.

Rolling Stock, December 31, 1888.—Locomotive engines, 80. Cars—passenger, 29; baggage, mail and express, 19; freight (box, 1,275; stock, 247; platform, 388; coal, 946; caboose, 33), 2,889; other cars, 210—total cars, 3,147.

Funded debt consisted, December 31, 1885, of $1,100,000 1st mortgage 30-year 6 per cent. $1,000 gold coupon bonds, due December 1, 1912, interest June and December, secured by line of road Cartersville, Ga., to Broken Arrow, Ala., 111.5 miles, also half interest in 12,000 acres of coal lands in Coosa coal-field, Ala., and $150,000 (of authorized issue of $300,000) second mortgage bonds.

In April, 1887, this company made application to the New York Stock Exchange for the listing of a new issue of consolidated mortgage 6 per cent. 40-year gold $1,000 coupon (with privilege of registration) bonds, due December 1, 1926, interest payable June and December, and authorized at the rate of $15,000 per mile. "These bonds are issued to take up and retire the $800,000 first mortgage bonds and the $500,000 debenture bonds now outstanding." (This statement differs wholly from that furnished the MANUAL, as above.) About $691,000 of these new bonds are reserved to provide means for the extension of the line to Birmingham, Ala., and for additional equipment.

Early in 1889 the bondholders selected Eugene Kelly, Charles M. Fry, John Byrne, Stephen F. Austin and Reuben L. Fox as a committee of reorganization. The railroad and property were placed in the hands of a receiver on March 16, 1888, under foreclosure proceedings.

Interest payable at American Loan and Trust Co., New York. Annual meeting, third Wednesday in April; books close 30 days prior thereto. Trustee of bonds and registrar of stock, American Loan and Trust Co., 113 Broadway, New York, N. Y. There are outstanding $1,725,000 of the first consolidated mortgage bonds of 1926.

The United States Circuit Court for the Southern Division of the Northern District of Alabama has authorized the issue of $400,000 8 per cent. receiver's certificates, reserving the right to increase said issue to $650,000—the proceeds to be used in changing the gauge to the standard width, and in reconstructing the property. Principal and interest payable at the American Loan and Trust Co. The above issue of certificates has been consented to by all of the bondholders.

Sidings, 169.37 miles. Gauge, 4 ft. 9 in. Rail (steel, 815.89 miles), 56 lbs. Included in mileage of Meridian Subdivision as above, is a section of the Mobile and Ohio RR. from Lauderdale, Miss., to Meridian, Miss., 18 miles, which is under trackage contract. Of the Atlanta Division, 17.6 miles, from Austell to Simpson Street, Atlanta, Ga., are owned jointly by this company and the Georgia Pacific RR. Co.

History.—This company is successor, July 1, 1886, to the East Tennessee, Virginia and Georgia RR. Co., whose property was sold under foreclosure May 25, 1886, and purchased for the security holders under the terms of a plan of reorganization which was given in full in the MANUAL for 1886, pages 124 to 129.

The company owns a majority of the stock of the Mobile and Birmingham Ry. Co., under whose charter it has built a line from Selma to Mobile, 150 miles. The Mobile and Birmingham Ry. Co. has made an issue of $3,000,000 first mortgage 5 per cent. 50-year gold bonds, due January 1, 1937, interest payable in New York on the 1st days of January and July. The bonds are tax free, for $1,000 each, and coupon with privilege of registration ; principal and interest guaranteed by the East Tennessee, Virginia and Georgia Ry. Co. The original mortgage executed by the Mobile and Birmingham Ry. Co. authorized an issue of bonds to an amount not to exceed $6,000,000, but by a supplementary deed the company has limited the amount to $3,000,000.

During 1887 this company purchased the Walden's Ridge RR., extending from Clinton on the Knoxville and Ohio RR., to Emory Gap on the Cincinnati Southern RR., having a total length, including its coal branches, of about 50 miles.

The authorized issue of consolidated mortgage bonds is $20,000,000, of which $7,230,000 are reserved for the retirement of the prior liens. They are 5 per cent. 70-year gold bonds, due November 1, 1956, interest payable May and November. They are secured on the entire property of the company, including its interest in the Knoxville and Ohio and the Memphis and Charleston RRs, subject to prior liens.

The first extension mortgage bonds are for $1,000 each. Authorized issue, $1,000,000. This mortgage was executed in accordance with a resolution of the board of directors authorizing the construction of a line of road from a point on the S., R. & D. Div. near Brierfield through the Cahaba coal-fields to a connection with the Georgia Pacific road at Birmingham, a line from Emory Gap to South Pittsburgh and Chattanooga, and the purchase of the Walden's Ridge RR. For the latter purpose the outstanding bonds were issued.

Since the close of the fiscal year the company has made an issue of equipment and improvement 5 per cent. gold bonds, dated September 1, 1888, due September 1, 1938, interest payable March and September, the proceeds to be applied to the purchase of additional equipment and to the general improvement and betterment of the property. The authorized issue is $6,000,000, of which $3,500,000 have been issued. Further amounts can only be issued to meet necessary improvements and equipment. The bonds are for $1,000 each and are a second mortgage on the company's property. Trustee, Central Trust Company, New York.

Railroads Controlled by the East Tennessee, Virginia and Georgia Ry. Co.

KNOXVILLE AND OHIO RAILROAD.—Knoxville, Tenn., to Jellico, Tenn., 85.3 miles; branch from Coal Creek to Coal Mines, 1 mile—total, 66.3 miles. Sidings, etc., 11.30 miles. Chartered February 25, 1856, as the Knoxville and Kentucky RR. Co., with authority to build a line from Knoxville to the Kentucky State Line. The State granted liberal aid to this enterprise. In the fall of 1860 the construction of the road was begun, and early in the following year 10 miles of it were completed. From that time forward the progress was slow. In 1866 an additional section of 23 miles was opened, and in 1869 it was completed to Careyville, a distance of 39.19 miles from Knoxville. The aid voted by the State up to this time amounted to $2,250,000 in bonds, the proceeds of which, as well as subscriptions to its capital stock, had been expended in construction. The company failing to pay the interest on the State bonds, the Legislature in 1871 ordered its sale, and in October of that year it was purchased by a corporation organized for that purpose under the existing name. In 1881 it went under the control of the East Tennessee, Virginia and Georgia RR. Co. For its subsequent history see Manual for 1886, page 126. Since the close of the fiscal year this road has been leased to the East Tennessee, Virginia and Georgia Ry. Co. for 99 years, the lessee guaranteeing principal and interest of the bonds. Equipment owned:—Engines (freight), 5; cars—box, 2; flat, 21; coal, 30; maintenance of way, 4—total cars, 57. Balance of equipment is furnished by E. T., Va. & Ga. Ry. Co., lessee. KENTUCKY UNION RAILWAY COMPANY.

Main Line of Road as projected.—Lexington, Ky., to Jackson, Ky.....120 miles.
Completed: Winchester, Ky., to Graining Block, Ky.....37 miles.
Sidings, 5 miles. Gauge, 4 ft. 9 in. Rail (steel), 63 lbs. per yard.

History.—Chartered in 1872. Ten miles of road built in spring of 1884, and constructive operations suspended till December of the same year. In September, 1885, the road and franchises, with 600,000 acres of timber and mineral lands, were sold to a syndicate for $800,000, the purchasers assuming the debt ($400,000) of the old company. Road opened from Kentucky Union Junction to Clay City, 14.7 miles, in spring of 1886. On November 30, 1886, the road was again sold at Lexington, Ky., to a syndicate of Louisville capitalists for $800,000. On June 1, 1888, contracts were let for the construction of the line from Lexington, Ky., through Winchester, to Jackson, Breathitt Co., Ky., a distance of about 100 miles, including 14.7 miles already built. Work has begun, and the road is to be completed between Lexington and Breathitt Co. line by October 1, 1889, and the remainder of the work to Jackson by August 1, 1890. These are the contract terms; but the work has been rapidly pushed forward, and it is expected that the line from Lexington to Jackson will be completed by January 1, 1890.

Net earnings (26.56 per cent.), $644,424.42; other receipts, $8,017.17—total available revenue, $652,441.59. Payments: Interest on bonds, $445,600; on debt, $3,951.80; rental, $7,137; miscellaneous expenses, $29,986.11; taxes, $64,684.12—total, $551,359.03. Balance, surplus, $101,082.56. Add surplus from last year, $384,526.93. Surplus, as per balance sheet, $485,609.49.

Financial Statement, December 31, 1888.—Capital stock, $5,000,000; funded debt, $29,257,000; current accounts, $888,378.96; interest accrued, $148,583.33; land and town site account, $463,774.96; profit and loss, $485,609.49—total, $36,193,296.74. *Contra:* Cost of road, $35,036,712.58; materials and fuel, $138,237.46; current accounts, $480,264.90; bills receivable, $448,085.56; cash on hand, $89,996.24—total, $36,193,296.74.

The funded debt consists of $11,140,000 first mortgage 4 per cent. gold bonds, due September, 1936, interest payable March and September; $8,117,000 second mortgage income 5 per cent. bonds, due September, 1936, interest payable, if earned, March and September; and $10,000,000 income 6 per cent. (non-cumulative) 50-year bonds, due September, 1984, interest payable March and September if earned.

The first mortgage bonds are a first lien on the entire property and franchises of the company except the lands of the company, upon which the income bonds of 1934 are a prior lien. The company's lands, which are situated in the Yazoo Delta, were derived by it through the Memphis and Vicksburg RR. Co., one of the original organizations included in the present company. On branches or subsidiary lines built, the authorized issue is $20,000 per mile of first mortgage 4 per cent. bonds, $20,000 per mile of incomes, and $10,000 per mile of capital stock, limiting the whole issue of income bonds to $10,000,000 and stock to $5,000,000. The interest on second mortgage bonds begins to accrue after September 1, 1888, and is then cumulative.

History.—The Louisville and Nashville Railroad Company was incorporated by Act approved March 5, 1850, and opened its main line, 185.23 miles, in November, 1859. Since then it has, by various extensions and the acquirement of sundry lines under lease or otherwise, increased its system to 2,286.03 miles, of which 79.80 are leased to other Cos.

During the past year the following additional mileage was added to the company's system: Birmingham Mineral RR., extended 61.5 miles; Bardstown Extension to Springfield, a distance of 20.07 miles, completed February 1, 1888; Cumberland Valley Branch, completed about April 1, 1888, to a point 30.10 miles east of Corbin Station; the Nashville, Florence and Sheffield Ry., from Sharpe to Florence, a distance of 22.71 miles, completed July 1, 1888, and a branch of this road, from Iron City to Tuckers, including connecting line at Iron City, a distance of 12.03 miles, completed January 1, 1888, and the Princeton branch, from Princeton Junction to Princeton, a distance of 52.74 miles, completed December 1, 1887.

At the close of the fiscal year the following were under construction: Extension of the Birmingham Mineral RR., 58 miles in length, completed about the 1st of December, 1888; 15.7 miles of the Cumberland Valley branch, from Pineville to Cumberland Gap, to be completed to a connection with the Powell's Valley Railroad by July 1, 1889. The company has also made a contract with the Powell's Valley RR. for the joint use of the Cumberland Gap tunnel.

Rolling Stock, June 30, 1888.—Locomotive engines, 413. Dividends No. 1 and 2 were stock dividends—No 1 for ¼ of 1 per cent., payable January 1, 1882, and No. 2 for 10 per cent., payable April 1, 1864. There were also declared stock dividends of 40 per cent., payable February 10, 1868, and of 100 per cent. payable November 13, 1880.

In December, 1887, a memorial was presented to the directors from the English shareholders of the company, petitioning for a stock dividend to be declared out of the net earnings of the road for the last half of the year 1887, and further requesting that the same policy of declaring stock dividends be pursued for the ensuing three years, the total issue of such additional stock so issued not to exceed 50,000 shares, or $5,000,000; the objective point

raised being to withhold cash dividends and apply the net earnings to betterments and improvements, and to compensate stockholders with stock dividends. At a special meeting held at Louisville, Ky., February 21, 1888, the stockholders unanimously approved of the above mentioned appropriation of net earnings and policy recommended by the English shareholders, and also ratified the action of the directors in declaring the above dividend. Under this agreement the stock has been increased by $1,518,000 (from $30,000,000) at the close of the last fiscal year, and by the dividends of August, 1888, and February, 1889, it was increased to $32,148,300.

The consolidated sinking fund bonds are a first lien on the main stem and the Bardstown branch, Lebanon-Knoxville, Memphis and Richmond branches.

The first mortgage trust gold bonds are secured by deposit, with the trustee, of Birmingham Mineral RR. bonds and Owensboro' and Nashville Ry. bonds. The authorized issue is $7,000,000, of which $4,287,000 are now (June 1, 1889) outstanding and listed on the New York Stock Exchange.

The general mortgage bonds are $1,000 coupon and tax-free. They may be registered at the company's office, New York. Principal and interest payable in gold in New York. Trustee, Central Trust Co., New York. Authorized issue, $20,000,000. They are secured by mortgage on the main line and the Bardstown, Lebanon-Knoxville, Richmond and Memphis branches, aggregating 453.13 miles ; on the line from Guthrie to Memphis, 212.5 miles ; on the Cecilian branch, 46 miles ; and on the Henderson Division and Providence branch, together 151.45 miles. A total of 863.08 miles, on which there were prior liens amounting to $18,886,000, for the funding or discharge of which an equal amount of the general mortgage bonds were reserved. The bonds are also secured by mortgage on all the property, franchises, etc., of the above lines, so that upon the cancellation of the prior bonds they will become a first lien on the 453.13 miles of main line and branches, and a second lien on the other lines above specified. See MANUALS 1883 to 1886.

The company is also liable for one-half guaranteed rental of Georgia RR., $300,000, and for guaranteed interest on Pensacola and Atlantic RR., $180,000. The latter when paid becomes an advance to the Pensacola and Atlantic RR. Co.

The trust bonds of 1922 are secured by mortgage on 722 miles of road and by deposit of various stocks and bonds of a par value of $28,152,700 (see MANUAL for 1883, pp. 537, 538 and 539). The New Orleans and Mobile Division 2d mortgage bonds were issued in place of $3,000,000 debenture scrip of the New Orleans, Mobile and Texas RR. retired in 1882. The ten-forty adjustment bonds are secured by a mortgage on the main stem and the Bardstown, Lebanon-Knoxville, Memphis, Henderson and Madison branches, aggregating 783.29 miles, by a 2d mortgage on the bonds and stocks covered by the trust deed of March 1, 1882, and by a lien on the equipment covered by the car trust agreement of March 30, 1882.

Recapitulation of fixed charges against income for fiscal year, 1888–9: Total interest charges, L. & N., $3,730,841; total interest and guaranteed dividends, $733,953; total fixed rentals, $15,000—total, $4,479,794. Subject to the following credits: Rent of Cecilian Branch, $60,000; rent of Richmond Branch, $24,000; interest on company's bonds in treasury, $88,470—total, $172,470. Balance, $4,307,324. In the above the general interest account is not reckoned, as the balances due this company, carrying interest, more than offset the amounts bearing interest which the company owes.

Payments to be made on account of sinking funds, 1888–9, $601,664; on account of car trusts, $248,000; guarantees for outside companies—Georgia RR. lease, half rental, $300,000; Pensacola and Atlantic guaranteed interest, $180,000.

Consolidation, January 1, 1868, of the Tennessee and Alabama, the Central Southern, and the Tennessee and Alabama Central RR. Cos. The two companies in Tennessee were chartered in 1852; the Alabama corporation in 1854. Their roads (forming a line from Nashville, Tenn., to Decatur, Ala., with a branch from Columbia to Mount Pleasant, Tenn., 11.5 miles) were completed in 1859 and 1860. The branch line was abandoned by the consolidated company. Road leased March 4, 1871, to the Louisville and Nashville RR. Co. for 20 years from July 1, 1872, the lessees assuming all funded and floating debts not exceeding $2,450,000, and agreeing to pay, two years after the completion of the S. & N. Alabama RR., 6 per cent. on the capital stock. The first dividend under the lease was paid April 1, 1875. Capital stock (par, $25), $1,951,582.33; funded debt, 1st mortgage 7 per cent. bonds, due January 1, 1900, interest January and July, $1,900,000; old mortgage 6 per cent. bonds, due April 1, 1887, interest April and October, $178,000—total, $4,029,582.33. The 1st mortgage was made for $2,100,000, but only $1,900,000 were issued, and of this amount $83,000 has been redeemed by the sinking fund. The second mortgage was for $500,000, of which only $205,000 were issued. The 1st mortgage bonds were issued for the purpose of taking up the Tennessee State loans to the original companies. J. W. SLOSS, *President*, Birmingham, Ala.; G. W. Seay, *Secretary and Treasurer*, Nashville, Tenn.

NEW ORLEANS AND MOBILE RAILROAD.—New Orleans, La., to Mobile, Ala., 140.39 miles. Sidings, etc., 26.36 miles. Gauge, 4 ft. 9 in. Rail (steel, 140.39 miles), 50 to 60 lbs. For full history of this road see MANUAL for 1885, pp. 509 and 510. On May 8, 1880, the road was leased to Louisville and Nashville RR. Co. for 50 years, and operated by that company, which owns all its capital stock. Capital stock, $4,000,000; funded debt ($5,000,000 1st mortgage 6 per cent. gold bonds, dated May 8, 1880, due January 1, 1930, interest January and July; $1,000,000 2d mortgage 6 per cent. gold bonds, dated October 5, 1881, due January 1, 1930, interest January and July), $6,000,000—total stock and bonds, $10,000,000. SHELBY RAILROAD.—Shelby Junction (12.5 m. e. Louisville), Ky., to Shelbyville, Ky., 19.10 miles—total track, 19.10 miles. Chartered in 1851; road opened in 1871. Leased for 30 years from August 1, 1879, to the L. C. & L. Ry. Co., at an annual rental of $15,000. In June, 1881, the lease was transferred to the Louisville and Nashville RR. Co., by which it has since been operated. Capital stock, $800,000; 1st mortgage 6 per cent. 10-20 bonds, dated June 1, 1881, interest January and July, $50,000. Cost of road and equipment, $483,453. Rental received in 1883, $15,000; paid sundry expenses, etc., $3,000; balance, $12,000; out of which was paid interest on bonds, $8,000, leaving a surplus of $9,000. Suit has been brought in the U. S. Supreme Court for a cancellation of the lease with the L. & N. RR. Co., pending the decision of which no rental is being accepted, and interest on bonds and general expenses are being paid from the surplus funds on hand. The stock is increased every year by about $27,000 for tax receipts that are paid each year; but this will cease about January 1, 1889, by limitation. Dividends are paid at Shelbyville; interest at Shelbyville and Louisville. JACOB KRIEGER, SR., *President*, Louisville, Ky.; C. L. Krieger, *Treasurer and Secretary*; S. S. Kirk, *General Agent*, Shelbyville, Ky. PRINCIPAL OFFICES, Shelbyville and Louisville, Ky.

History.—Chartered February 2, 1846; road opened July 4, 1858. The branch fr depot to the levee in Memphis was constructed in 1875–76. The road was leased to t Tennessee, Virginia and Georgia RR. Co. June 2, 1877, for 20 years from July 1, 1 lessee agreeing to pay over to this company any surplus of net earnings after paying on bonds. On April 29, 1887, a cancellation of this lease was entered of record in th cery Court at Memphis, Tenn., and formal transfer of the railroad and property wa upon made. The road is controlled by the East Tennessee, Virginia and Georgia R through ownership of a majority of the capital stock. An injunction has been obt certain parties, restraining the East Tennessee, Virginia and Georgia from voting t owned by it on the ground of the illegality of such a proceeding, and this view was sustained by the court.

The Nashville, Chattanooga and St. Louis Ry. tracks are used under a 10-year c dated October 1, 1880, at a rental of $5,000 a month.

A contract has been entered into between the Memphis and Charleston RR. Co. Nashville, Florence and Sheffield RR. Co., for the joint use of the Florence Bridge proaches, and such part of the Florence Branch as the Nashville, Florence and Shef Co. may desire to use to obtain an entrance into the town of Sheffield.

General mtge. 4 per cent. 50-year bonds, due Sept. 1, 1938, int. March and Sept...10,

The *sinking fund*, June 30, 1888, consisted of $700,400 of the 1st preferred inco
sinking fund debentures, and on May 1, 1889, $840,000.

The 1st mortgage 6s of 1927 are secured by a first lien on the main line from
Ala., to Columbus, Ky., 472 miles, and the first mortgage Extension 6s of 1927 are sec
a first lien on the Kentucky and Tennessee RR. (Cairo Extension), also a first lien
several branches of the M. & O. RR., 32 miles, upon the transfer and terminal prop
Cairo, Ill., and upon the net income of the road after payment of the expenses of its m
nance and operation and of the interest on the first mortgage bonds.

Of the $1,000,000 Extension bonds, $600,000 were issued for a like amount of
Extension bonds, issued in 1880 and due in 1892. There have been exchanged to date $
leaving $26,000 still in hands of the Farmers' Loan and Trust Company for exch
remainder of the Cairo Extension bonds outstanding.

The new general mortgage bonds are for $500 and $1,000 each. They are coupon
first coupon payable March 1, 1889, in cash, "or, if the earnings in any period duri
first three years shall not suffice for that purpose, then such deficiency may be paid i
convertible in sums of $500 into bonds of the new issue; and thereafter no right to
the mortgage security shall arise in consequence of failure to pay interest until the
have been four successive coupons in default. The privilege accorded by the plan
holders of the stock not having been availed of, the bonds and additional stock repre
the same remain in the treasury for the general purposes of the Company.

"By the provisions of the general mortgage, the holder of each $500 thereof is
to one vote under the deed of trust of May 15, 1888, at all meetings held for the p
directing the Farmers' Loan and Trust Co. how to vote upon the debentures held
the benefit and security of the said general mortgage bonds, and for this purpose a
register' has been established at the office of the company in the city of New York, wh
voting power is inscribed in the names of the parties to whom the said general m
bonds may have been originally issued, and where any succeeding holder of the bond
from time to time, have the same inscribed in his own name for voting purposes, as is
set forth in the deed of trust of May 15, 1888."

On May 1, 1889, there had been issued of general mortgage 4 per cent. bonds as

ST. LOUIS AND CAIRO RAILROAD.—Cairo to East St. Louis, Ill., 151.6 miles ; branch, Millstadt Junction to High Prairie, Ill., 9 miles. Sidings, etc., 33 miles. Gauge, 4 ft. 8½ in. Rail (steel, 167.71 miles), 40 and 60 lbs.

History.—Organized June 14, 1881, as successor to the Cairo and St. Louis RR. Co. (chartered February 16, 1865, and road opened March 1, 1875), the road and other property of which were sold under foreclosure of its 1st mortgage bonds, July 14, 1881. The new company assumed possession February 1, 1882. For plan of reorganization see MANUAL for 1883, page 740.

On the 1st of February, 1886, the road was leased to the Mobile and Ohio RR. Co. for 45 years, the rental being 25 per cent. of 15-64ths of gross receipts of entire system, with a minimum of $165,000 per annum. The company issued $4,000,000 new 4 per cent. bonds at the rate of $1,500 for $1,000 in exchange for incomes, the latter being assessed 40 per cent. cash, which, together with the unissued balance of the bonds, was applied to changing the gauge to the standard width and to improving the road. Interest on the bonds is guaranteed by the lessee.

The changing of the gauge to standard width, as stipulated in lease, was completed November 15, 1886. The new bonds are first mortgage 4 per cent. 5-year $500 and $1,000 gold bonds, due January 1, 1931 ; interest payable January and July at New York ; guaranteed by lessee ; outstanding, $1,400,000 reserved for retirement of incomes, $2,600,000.

During the past year the funded debt has been increased $3,107,000, of which $1,607,000 are divisional bonds and $1,500,000 first consolidated mortgage 5 per cent. gold bonds.

Of the 1st mortgage 7 per cent. bonds of 1913, $500,000 are reserved to redeem at maturity the bonds held by United States Government.

Of the 1st mortgage 6 per cent. Jasper Branch bonds $83,000 were issued to the Tennessee Coal, Iron and Railroad Company at par in payment for the construction by that company of the extension from Victoria to Inman, and $288,000 represent 18 miles of new railroad up the Sequatchie Valley, extending from Victoria to Dunlap.

The Tracy City Branch bonds were issued on account of the purchase of that road. Of these, $500,000 were delivered to the Tennessee Coal, Iron and RR. Co., in accordance with the contract of purchase; and the remaining $100,000 sold, and the proceeds used in improving, extending and equipping that branch, which is now 20 miles in length.

The $270,000 Fayetteville and McMinnville first mortgage 6 per cent. bonds issued during the past year were sold, and the proceeds used in building the line from Elora, Tenn., to Huntsville, Ala., a distance of 27 miles.

The $130,000 Bon Air bonds were issued and delivered to the Bon Air Coal, Land and Lumber Co. at par, and the proceeds applied towards reimbursing this company for the sums it had expended in extending the railroad from Sparta to Bon Air Mines, Tenn., 6.75 miles.

Under the agreement for the purchase of the Duck River Valley RR., this company assumed its entire bonded indebtedness, $390,000, of which amount this company now owns $252,500; while under the lease made in 1879, there was only entered among this company's liabilities $71,000, which it had indorsed and issued, making the increase $319,000. This sum is represented by 48 miles of narrow-gauge railroad, which is being changed to standard gauge. The work was completed January 1, 1889.

The $1,500,000 first consolidated mortgage 5 per cent. gold bonds were issued for the purpose of changing the gauge of the Duck River Valley RR., the purchase of additional rolling stock, and for other needed improvements. These bonds were sold and the proceeds have been used in liquidating the floating debt, the purchase of $140,000 Duck River Valley RR. bonds, paying for new equipment and real estate at Nashville, and the balance, $984,-826.16, is in the treasury. These bonds are of $1,000 each, coupon with privilege of registration, interest payable at Continental National Bank, New York, N. Y. The authorized amount of consols is $20,000,000, of which $10,807,000 are to retire prior liens, and the remainder to be issued from time to time as required for extensions and betterments.

A majority of the stock is owned by the Louisville and Nashville RR. Co. and pledged among the collaterals for that company's trust loan. Par value of stock, $25 per share. Interest on bonds payable at the Continental National Bank, New York. Dividends payable in New York and in Nashville.

Annual meeting, first Wednesday after second Tuesday in September; books close 90 days prior to, and are reopened day after annual meeting. Interest and dividends payable in New York and Nashville. Books close for dividends 15 days prior to, and reopen immediately after payment of same. Voting power attaches to stock after 90 days' ownership. Stock and bonds listed on New York Stock Exchange. Trustees of bonds: First mortgage 7's, V. K. Stevenson, R. T. Wilson and Adrian Iselin; second mortgage 6's, Central Trust Co., New York. Consolidated 5's, United States Trust Co. of New York. Registrar of stock, Continental National Bank, New York.

Railroads Leased or Owned by the N., C. & St. L. Ry. Co.

DUCK RIVER VALLEY (N. G.) RAILROAD.—Columbia to Fayetteville, 47.92 miles. Total track, 49.50 miles. Gauge, 3 ft. Rail, 31 lbs. Chartered in September, 1872. Road opened 20 miles in 1877; to Petersburg, 35 miles, in 1879; to Fayetteville, in 1882. The company owns 2 locomotive engines, 2 passenger, 1 baggage, and 28 freight cars. Leased for 40 years, October 9, 1879, to N., C. & St. L. Ry. Co., and extended by that company to Fayetteville, at a cost of $123,924.18. By the terms of the lease the D. R. V. RR. Co. issued its bonds to the N., C. & St. L. Ry. to the amount of $190,000, with which the lessee was to provide for the completion of the road and the liquidation of the D. R. V. Co.'s floating debt, which has been done. This road was purchased by the N., C. & St. L. Ry. Co., November 23, 1887, that company assuming its entire bonded indebtedness, $390,-000. The gauge has been changed to standard width. Capital stock, $189,700; bonds, $390,000; unfunded debt, $36,000; income balance, $13,104.20—total, $618,804.20. Cost of road, etc., $616,289.08; other assets, $2,565.12.

McMINNVILLE AND MANCHESTER RAILROAD (McMinnville Branch).—Tullahoma, Tenn., to Bon Air, Tenn., 67.08 miles. Chartered February 4, 1850. Road opened 34.2 miles, in November, 1856. Purchased after foreclosure, in 1871, by the Memphis and Charleston RR. Co.; road and equipment sold to N., C. & St. L. Ry., March 26, 1877, which paid therefor $160,000 6 per cent. 40-year bonds, dated January 1, 1878, interest January and July, secured by mortgage on the road. Since that time the company has extended the road to Bon Air, 33.55 miles, at a total cost for extension and improvement to June 30, 1888, of $542,869.88. This amount, however, includes $160,000 Fayetteville and McMinnville Branch 6 per cent. bonds, being an issue of $6,000 per mile on the extension of 26.8 miles beyond McMinnville, as authorized by the original mortgage, and $130,000 Bon Air Branch bonds, leaving the amount expended by the company out of its earnings, in addition to the proceeds of the bonds, in extending and improving the McMinnville Branch to July 1, 1888, $252,869.88.

NASHVILLE AND TUSCALOOSA RAILROAD (Centreville Branch).—Dickson to Lewis County Line, Tenn., 45.70 miles. Gauge, 3 ft. Chartered June 6, 1877. Road opened to Graham, 21 miles, in 1879. Operated since January 1, 1880, by N., C. & St. L. Ry. which extended it to Centreville, 31 miles, in 1882, and to the Lewis County Line, 45.70 miles, during the fiscal year 1884. The latter extension was made in accordance with the contracts entered into December 16, 1882 (see MANUAL for 1884, page 496). The cost of this extension was $148,096,-87. This whole line is now owned in fee simple by N., C. & St. L. Ry. Locomotive engines, 4. Cars—passenger, 2; baggage, 1; freight, 94.

TENNESSEE AND PACIFIC RAILROAD (Lebanon Branch).—Nashville, Tenn., to Lebanon, Tenn., 29.21 miles. Chartered May, 1866; road opened in 1870. Failing to pay interest on State bonds issued in aid of its construction, the road was taken possession of by the State of Tennessee, and sold January 16, 1877, to the N., C. & St. L. Ry. for $142,000 cash, and in addition the N., C. & St. L. Ry. issued $300,000 6 per cent. 40-year bonds, secured by a first mortgage on the Tennessee and Pacific RR. dated Jan. 1, 1878, interest Jan. and July.

WINCHESTER AND ALABAMA RAILROAD (Fayetteville Branch).—Decherd, Tenn., to Fayetteville, Tenn., 40 miles. Built on State Loans. Foreclosed in 1871; purchased by Memphis and Charleston RR. Co., which resold it to the N., C. & St. L. Ry. for $160,000 6 per cent. 40-year bonds.

Board of Directors, N., C. & St. L. Ry. Co., elected September 13, 1888.

to the stock of the company, and in 1888 subscribed a further amount of $25,000 in aid of the construction of shops at that place. In 1880 the company issued $600,000 7 per cent bonds, secured by a 1st mortgage on the line from Martin to Jackson, and a 2d mortgage on the rest of the line. Of the authorized issue, $572,500 were deposited in trust, to be applied to the extinction of the $174,400 ten per cent. bonds of 1885 and of the bonds of the city of Natchez. The 10 per cent. bonds of 1885 were purchased on their maturity by John Paton & Co., of New York, and are held by them for account of this company. The company experienced difficulty in floating the bonds of its 7 per cent. loan, and was in consequence unable to meet the prior lien bonds. The new 6s of 1912 were thereupon issued at the rate of $12,500 per mile on the road built and to be built to Columbus, and the proceeds will be used in retiring all outstanding bonds and in providing for future requirements of the company. The county of Nuxober, Miss., has subscribed $200,000 to the stock of the company in aid of the extension to Decatur.

Sundry Surplus Accounts for Specific Purposes year ending December 31, 1888.—Renewal and improvement fund, $123,689.54 ; fire insurance fund, $82,253.07 ; sinking fund account, 5 per cent. bonds, $12,636.78 ; cancelled bond accounts, $3,069,000 ; called bond account (Sumner RR. Co.), $9,900 ; Raton coal sinking fund, $16,009.44 : construction surplus (credits, $2,445,105.59 ; deficits, $1,076,689.08), $1,368,416.51—total, $4,631,905.34. Surplus income account, as above, $6,435,551.15—total surplus, as per general balance sheet, $11,067,456.49. The above general surplus is represented by the following investments and assets ; permanent investment in construction and equipment of property in excess of bonds outstanding, $661,967.50 ; excess value of equipment leases over obligations therefor outstanding, $67,686.27 ; bonds and stocks in treasury (par, $6,589,946.62), cost, $4,000,936.71 ; materials and fuel on hand, $1,424,756.21 ; sundry accounts, including advances to auxiliaries, $4,912,109.80—total as applied, $11,067,456.49.

The above deficit for the year, $1,517,886.96, is after payment of $283,500 interest on the outstanding first mortgage bonds of the Sonora Ry. Co., which until 1885 was not charged to the income account of the Atchison Company. It is also after payment of $329,725.25 for the sinking funds paid in 1888, which decreased the company's indebtednsss by reducing the amount of the bonds previously outstanding, and does not include the profits of the Atchison Land Grant Department, which for the year amounted to $242,585.64 over and above expenses, taxes, and interest on land grant bonds.

The first mortgage gold bonds are secured on roadbed, equipment, etc., etc. They are $500 each, and are limited in issue to $15,000 per mile of road.

The five per cent. bonds are $1,000 each.

The 4½ per cent. bonds are $1,000 each. They are subject to redemption annually at par and accrued interest, under the provisions of a sinking fund sufficient to extinguish the entire issue before maturity. The bonds are convertible, at the option of the holder, in amounts of five bonds or multiples thereof, into registered certificates of $5,000 each, of the same period and rate of interest. They are secured by deposit with the trustee, of a corresponding amount of 1st mortgage 6 per cent. bonds of the Rio Grande, Mexico & Pacific RR. Co., and the Rio Grande and El Paso RR. Co. of same date and term.

The six per cent. sinking fund secured bonds are $1,000 each. The list of securities hypothecated to secure this issue is on page 721. Provision is made for an annual sinking fund for the purchase and redemption, in December of each year, at 105, to the extent of 1 per cent. of the amount outstanding, for the first ten years—after that to be increased to at least 2 per cent. of the amount outstanding, and if not purchased, then to be drawn by lot.

The collateral trust five per cent. bonds are $1,000 each. The list of securities hypothecated to secure this issue is on page 721. Bonds (but not coupons) may be registered at the office of the company in Boston, and registered certificates issued in exchange for five $1,000 bonds.

The land grant bonds are secured by mortgage on the unsold lands of the company. Principal and interest payable from land receipts. The bonds are $5 0 and $1,000.

The principal and interest on the following issues of bonds have been assumed by the Atchison Co.: Gulf, Colorado & Santa Fé Ry. Co. 1st mortgage 7's and 2d mortgage 6's.

The principal and interest on the following issues of bonds are guaranteed by the Atchison Co.: Southern Kansas Ry., Gulf Division 1st mortgage 5's; Southern Kansas Ry. of Texas. 1st mortgage 5's; Atch., Top. & Santa Fé RR. in Chicago, 1st mortgage 5's; Chicago, Santa Fé and California, 1st mortgage 5's; California Southern RR., 1st mortgage 6's; Chicago, Kansas & Western RR., 1st mortgage 5's.

The interest on the following issues of bonds is guaranteed by the Atchison Co.: Wichita and Southwestern RR., 1st mortgage 7's; Sonora Ry., 1st mortgage 7's.

The total issue of Leavenworth, Topeka and Southwestern general mortgage bonds is $1,280,000, principal and interest on $690,000 of which are guaranteed by the Atchison Co.

The principal and interest of Wich. and Western RR. and of the K. P. & W. RR. 1st mortgage bonds are guaranteed by the Atchison Co. The properties being jointly owned, one-half the amount is stated above.

The total issue of Atlantic and Pacific RR. guaranteed trust bonds is $17,604,000 (including $24,000 deposited with the Mercantile Trust Co. of New York to be exchanged for the Western Division 1st mortgage 6 per cent. bonds). Principal and interest guaranteed severally, but not jointly, each one half by the Atchison Co. and the St. Louis & San Francisco Co.

The Atlantic and Pacific RR. Central Division 1st mortgage gold bonds are not guaranteed by the Atchison Co.

The total issue of A. & P. RR. 2d mortgage gold bonds is $5,600,000. Principal and interest guaranteed severally, but not jointly, each one half by the Atchison and St. Louis & San Francisco Cos.

The approximate annual amounts accruing to the sinking fund each year on the several issues of bonds are as follows: A., T. & S. F. RR. 5 per cent. bonds, $35,950; sinking fund (5 per cent. bonds, $37,000; 4½ per cent. bonds, $77,000), $114,000; 6 per cent. sinking fund secured bonds, $142,000—total, $292,950; Southern Kansas and Western 1st mortgage 7 per cent. bonds, $31,086.57; Sumner Co. RR. 1st mortgage 7 per cent. bonds, $9,900; California Southern RR. 1st mortgage 6 per cent. bonds, $25,000; California Southern RR. 6 per cent. bonds of 1926, $50,000. The yearly sinking fund of $105,000 of the A. & P. RR. 2d mortgage 6 per cent. bonds does not commence until March 1, 1890.

In the following statement are given the names of the trustees of the above bonds and the places where interest is payable, the numbers in the margin corresponding with the numbers of the several issues in the bond statement above, showing to what issue reference is made in each case:

NEW COLLATERAL TRUST BONDS.—In 1887 the company made an issue of $13,000,000 collateral trust 5 per cent. 50-year bonds, the proceeds of which are being applied to the construction or requirement and extension of branches and connecting lines in Southern California, Missouri and Kansas and in Colorado (one of the most important in the latter State is the extension to Colorado Springs and Denver). These bonds are secured by a deposit of the bonds of the auxiliary companies. The Atchison owns all the stocks of these companies.

These bonds were offered in February, 1887, simultaneously with the new issue of Chicago, Kansas and Western bonds referred to under that head to Atchison stockholders in blocks of $1,000 collateral trust, $1,000 Chicago, Kansas and Western firsts, and $500 C., K. & W. incomes for $2,000 cash.

Total amount of stock authorized, $75,000,000 ; par, $100. Dividends payable quarterly (see dividend statement) ; declared at the regular meeting of the directors in the month preceding that in which dividend is payable. Books close about one month prior to date of dividend payment, and remain closed 10 days. Dividends payable at company's office, Boston, National Bank of Commerce, New York, and Merchants' Loan and Trust Co., Chicago. Transfer agents, A. A. Glasier, 95 Milk Street, Boston, Hanover National Bank, New York, and Merchants' Loan and Trust Co., Chicago.

Consolidated mortgage 7 per cent. bonds of the Atchison, Topeka and Santa Fé RR. Co. are convertible into stock at par.

Capital stock listed on Stock Exchanges in Boston and New York ; all issues of bonds of the Atchison and auxiliary companies on Boston Exchange, and 4½ per cent., 6 per cent. and collateral 5 per cent. bonds on the London and New York Exchanges.

RAILROADS OWNED OR CONTROLLED BY THE ATCHISON, TOPEKA AND SANTA FÉ RR. CO.

ATLANTIC AND PACIFIC RAILROAD.—In the MANUAL for 1886 a full statement of the relations of the Atchison Company with the Atlantic and Pacific and the St. Louis and San Francisco RR. Cos. was given. During 1886 a new 50-year 4 per cent. bond was issued by the Atlantic and Pacific RR. Co., replacing its old 6 per cent. bonds, and the principal and interest on this issue is guaranteed jointly by the Atchison and the St. Louis and San Francisco Companies.

CALIFORNIA CENTRAL RAILWAY.—In June, 1884, several branch roads owned or controlled by the Atchison Company in Southern California were consolidated under the above title. At the close of 1887, there were completed 11.93 miles from San Bernardino to Mentone ; 64.71 miles from San Bernardino to Los Angeles and cut-offs ; 17.08 miles from Los Angeles to Santa Monica ; 68.65 miles from Citrus to San Juan, and 21.23 miles from Junction to Escondido—a total of 183.55 miles. During 1888 extended 85.54, making total length 269.09 miles.

CALIFORNIA SOUTHERN RAILROAD.—An extension of this road, from Bernardino to Barstow, on the Mojave-Needles line, built under an agreement with the Atchison Company, was completed November 9, 1885. This completes the through line from the Missouri to the Pacific coast at San Diego, about 1,870 miles, under the control of the Atchison, Topeka and Santa Fé RR. Co. In consideration of the construction of this line the Atchison received one-half of the capital stock and all the first mortgage bonds of the California Southern Company. The Atchison guaranteed the bonds (which are only at the rate of $10,000 per mile), and thereby was enabled to sell them at a premium ; and the capital stock which it received and still holds in its treasury represented at date of report a market value of $1,500,000.

CHICAGO EXTENSION.—In 1886 control was acquired of certain lines and charters under which the Atchison Company built an independent connecting line from Kansas City to Chicago, a distance of 450 miles, completing it December 31, 1887. To provide the means for this work bonds of the corporation (Chicago, Santa Fé and California Ry. Co.) to the amount of $15,350,000 were issued simultaneously in London, New York and Boston, in January, 1887. These bonds bear interest at the rate of 5 per cent., payable semi-annually on the first days of January and July, in Boston or New York, or at the office of Baring Bros. & Co., London, at the exchange of the day ; are guaranteed principal and interest by the Atchison ; are gold coupon bonds with provision for registration of principal (but not of coupons) and of conversion of coupon bonds in sums of $5,000 or multiples thereof into registered certificates without coupons ; and are secured by a first mortgage on the entire road subject only to outstanding prior lien bonds to the amount of $1,500,000, for retirement of which an amount corresponding in value of the new securities will be set aside. In consideration of its guarantee of these bonds, the Atchison is to receive the entire issue of stock of this company, $30,000,000 in amount. (See statement for Chicago, Santa Fé and California Ry. Co.)

GULF, COLORADO AND SANTA FE RAILWAY.—In May, 1886, control of this corporation was secured by an exchange of stocks, dollar for dollar. The mileage of this company's system completed and under construction comprised 1,000 miles, which was purchased by the Atchison Company for $8,000 per mile in Atchison stock, subject to outstanding bonds at the rate of $17,000 per mile. The total amount of stock outstanding in exchange for which new Atchison stock has been issued, was $4,540,000, and $3,440,000 was placed in escrow with the Farmers' Loan and Trust Co. of New York, to be delivered after January 1, 1887, in exchange for new stock, which was to be issued by the Gulf, Colorado and Santa Fé RR. Co., to represent its increased mileage, this later issue making the entire issue of $8,000,000 and confirming absolutely the ownership of the Gulf lines by the Atchison Company.

SONORA SYSTEM.—This system comprises the lines of the New Mexico and Arizona RR. Co., 87.78 miles, and the Sonora Ry. Co., 262.41 miles, forming a through line from Benson, Ariz., on the Southern Pacific RR., to Guaymas, on Gulf of California, State of Sonora, Mexico—total length, 350.19 miles. These lines were built and opened in 1882. From Ricon on the Rio Grande, Mexico and Pacific branch, the Atchison company began in 1880 the construction of a line southwest toward the projected Sonora System. On March 6, 1881, it

was completed to Deming, a distance of 53 miles, connecting at that point with the Southern Pacific System. It was intended to continue the line farther west to a direct connection with the Sonora System, but a satisfactory proposition having been made by the Southern Pacific RR. Co. for the joint use of its track from Deming to Benson, 174 miles, that project was temporarily abandoned. Control of this system was acquired by the Atchison Company at the time of its construction by the purchase of the entire capital stock of the Sonora Ry. Co., amounting to $5,948,000 at a cost of $2,634,000, the Atchison also guaranteeing interest on its bonds. The cost of constructing the New Mexico and Arizona was advanced by the Atchison Company. (For further information, see statement for Sonora RR. Co.)

SOUTHERN KANSAS RAILWAY.—For history of this company, see MANUAL for 1888, page 742.

The Atchison, Topeka and Santa Fé RR. Co.'s control of this corporation was obtained in 1879, through the purchase in that year of the entire capital stock of the consolidated Kansas City, Lawrence and Southern Kansas RR. Co. at par, the Atchison issuing in payment therefor its 5 per cent. 40-year bonds, dollar for dollar, to the amount of $3,743,000. This purchase was made nominally by the Kansas City, Topeka and Western RR. Co., one of the proprietary corporations of the Atchison, and bonds of that company are deposited as security for the Atchison 5 per cent. bonds above mentioned.

Under authority of an Act of Congress passed in July, 1884, the Southern Kansas Ry. Co. is building a line of road running from Arkansas City southerly through the Indian Territory in the direction of Denison and Fort Worth, Texas; also a branch from Kiowa, on the southern boundary of Kansas, southwesterly in the direction of Wolf Creek and the Panhandle of Texas—the portion of the latter line within the State of Texas being built under the charter of the Southern Kansas Ry. Co. of Texas. The total length of these two lines is about 350 miles, and their estimated cost $16,000 per mile, to provide the means for which there have been issued new first mortgage bonds, limited in issue to $16,000 per mile, and secured respectively on the new lines to be built. These bonds are guaranteed, principal and interest, by the Atchison, Topeka and Santa Fé RR. Co., to bond statement of which reference should be made for description in detail. To stockholders of the Atchison Company was offered the privilege of subscribing for these bonds at the rate of $1,000 for each 100 shares of stock held, each subscriber to the amount of $1,000 to receive $700 guaranteed bonds of the Southern Kansas Ry. Co., and $300 guaranteed bonds of the Southern Kansas Ry. Co. of Texas, and in addition $250 income 40-year 6 per cent. bonus of the Southern Kansas Ry. Co., interest, if earned, non-cumulative, the entire issue of incomes being limited to $4,000 per mile. The main line will connect with the Gulf, Colorado, and Santa Fé, authorized by Congress to extend its line northerly for that purpose, and both will form a continuous line between Leavenworth, Kansas City and Galveston.

The extension from Arkansas City to a connection with the Gulf, Colorado and Santa Fé RR., 154.06 miles, was completed and opened June 12, 1887, and the Kiowa extension was completed and opened to the west line of the Indian Territory, 116.35 miles, September 12, 1887. The road of the Southern Kansas Ry. Co. of Texas, from the west line of the Indian Territory to Panhandle City, in Carson Co., in the Panhandle of Texas, 99.50 miles, was also completed at the close of the year.

On the 1st of February, 1884, the Southern Kansas System was brought into direct connection with the main line of the Atchison at Emporia by the completion of the Kansas City and Emporia Railroad (56.42 miles); and the two systems became so interwoven with each other that, for the year 1884, it was considered desirable to publish the monthly earnings and expenses of the two systems as one property.

History.—This company was chartered July 27, 1866, for the purpose of construc railroad from Springfield, Missouri, to the Pacific Ocean, on what is known as the 35 allel, a distance of about 2,000 miles. To aid in its construction the Government of the U States made a grant of 12,800 acres of public lands per mile of road constructed in the and 25,600 acres per mile in the Territories. Of this grant 936,169.51 acres have been pa To provide the means for the construction of this portion of the line, first mortg grant bonds, at rate of not exceeding $25,000 to the mile, and income bonds to the am $18,750 per mile, were authorized. Further provision was made for the issue, in c need, of 2d mortgage bonds to the amount of $10,000 to the mile, to provide additional for the construction of the road. The Atchison, Topeka and Santa Fé and the St. Lo the San Francisco Cos. guaranteed 25 per cent. of gross earnings derived from interch traffic with this road to meet any deficiency in interest on first mortgage bonds, such ad to be treated as a loan repayable with interest. On the 1st of January, 1887, the co made a new issue of 4 per cent. bonds, principal and interest of which are guaranteed Atchison and the San Francisco Companies as stated below. For statement of the m of the *Atlantic and Pacific RR. Co.* with the *Atchison, Topeka and Santa Fé RR. C* MANUAL for 1886, page 622.

The construction of the Western Division from A. & P. Junction near Albuque the Colorado River, 559.61 miles, was begun in May, 1880, and completed in August,

* Deficit.

Ample deposits of bituminous coal have been opened on the line of the road 150 miles west of Albuquerque. The development of these lines has reduced the cost of fuel to the company from $9 per ton to $1.55 per ton.

LAND GRANT.—The company has earned under the grant from the Government about 20,800,000 acres. Of this, 1,480,000 acres have been sold, 5,802,000 acres are in the hands of a trustee to pay advances made by the Atchison and the San Francisco companies, and about 13,513,000 acres remain undisposed of. The sales during 1888 were $9,866.87 ; leases, $20 ; sales of town lots, $7,633.09. The receipts from stumpage were $18,401.71 ; royalty on coal, $4,684.76 ; interest, $1,748.04—total receipts, $37,354.47. Payments : Expenses of land department, $38,440.40 ; interest on Western Division first mortgage bonds, $8,000—total, $46,440.40. Deficit, $9,085.93. Certain lands were sold to H. C. Nutt as trustee for the railroad company, for town-site purposes, under an arrangement made with the United States Trust Co., trustee, for which $3,026.07 was paid to the Trust Co. The receipts from the sales of lots, after reimbursing the railroad company for its expenditures in that respect, were to be devoted to paying the expenses of the land department.

The first mortgage 6s have been withdrawn from the New York Stock Exchange, and $17,610,000 of the new 4s listed in place of them.

History.—Chartered December 31, 1859, as Pilot Knob, Cape Girardeau and Belmont RR. Co.; name changed February 18, 1869, to Cape Girardeau and State Line RR. Co., by which company 2 miles of track were laid and 40 miles of grading completed at close of 1873. This track and grading was sold by the State Line RR Co. to Louis Houck in 1880, and a new company was chartered August 10, 1880, under the name of the Cape Girardeau Railway Co. Name changed to Cape Girardeau Southwestern Railway Co. on November 12, 1881. Road opened to St. Louis, Iron Mountain and Southern Ry. January 1, 1881; to Lakeville, 27 miles, November 7, 1881; to Sturdivant, March 5, 1882; to Idlewild, June 25, 1883, and to Wappapelo, September 1, 1884. Extended to Chaonia, formerly Wellsdale, and opened April 1, 1888. Completed to Williamsville later in the same year, and to Hunter, where it connects with the Current River branch of the Kansas City, Springfield and Memphis RR., April 1, 1889; making the total length of line owned and leased at the latter date 95 miles.

On August 1, 1887, this company leased the Brownwood and Northwestern Railway for a period of 25 years.

Sidings, etc., 91.38 miles. Gauge, 4 ft. 8½ in. Rail (steel, 944.33 miles), 56 and 60 lbs.

History.—This company was formed by the consolidation, May 10, 1886, of ten companies which had previously been organized in Kansas in the interest of the Atchison, Topeka and Santa Fé RR. Co., so as to secure the rights to build extensions of that company's system within that State. The amount required for building the roads was estimated at $14,000 per mile, or $6,300,000, of which about $700,000 was expected from counties and municipalities along the lines, leaving $5.600,000 to be provided. To raise this sum the company made an issue of stock at the rate of $10,000 per mile, first mortgage 5 per cent. 40-year bonds to the amount of $14,000 per mile, and income bonds to the amount of $7.000 per mile. The entire issues of bonds and full paid stock, less so much of the latter as was issued to counties and municipalities, was delivered to the Atchison in consideration of an agreement by the latter to build the roads. The stock issued to the Atchison was held by it as an investment, and the bonds were sold to Atchison stockholders at the rate of $1,000 firsts and $500 incomes for $1,000 cash. The bonds are additionally secured by lease of the roads to the Atchison under an agreement providing for a pro rata on all business to and from the new lines, and, in case the amount so received falls below the sum necessary to meet interest charges, provision is made for a rebate of not exceeding 10 per cent. of the gross earnings from all interchange business to meet such deficiency. Work was begun in 1886, and at the end of that year 401.23 miles were completed; at the end of 1887, 903.16 miles; and at the end of 1888, 943.29 miles.

Rolling Stock, December 31, 1888.—Locomotive engines, 8. Cars—freight (box), 100; caboose, 21; pile driver, 2—total cars, 123.

Operations for year ending December 31, 1888.—Train mileage, passenger, and freight statistics not reported. The Denver, Texas and Fort Worth RR. has joint use of the portion of the line between Pueblo, Walsenburg and Trinidad, 106.05 miles, and the Chicago, Kansas and Nebraska of the portion between Denver and Pueblo, 120 miles. The standard-gauge cars of those companies are enabled to run over those sections by means of a third rail laid between the points named.

History.—The Denver and Rio Grande Ry. Co. was incorporated October 27, 1870. Right of way was granted by Act of Congress in 1871. For record of construction and opening of the several sections of the road, see MANUAL for 1888, page 754. The road was sold under foreclosure July 12, 1886, and present company organized July 14, 1886. See MANUAL for 1886, page 762.

During the past year, new branches and extensions have been built in whole or in part, and changes made in gauge of other branch lines, as follows: The Rouse Branch, 11.18 miles, from Rouse Junction to Conchita Junction, and thence to the Rouse coal mines and to the mines of the Colorado Coal and Iron Company, respectively; completed to the Rouse mines on August 31, and to the mines of the Colorado Coal and Iron Company on December 28; the Loma Branch, 4.57 miles, from Walsenburg to the Robinson mines of the Southern Colorado Coal Company, completed November 27; the Strawberry Branch, 1.55 miles, being an extension of the line from Glenwood to Aspen to reach the mines at Aspen, completed in September; branch to the United States Military Post, 2.51 miles, from M. P. 8.5. The last named line (completed January 27, 1889) was built under a separate organization, known as the *Denver, Clear Creek & Western Ry. Co.*, to reach the new Military Post, now under construction by the United States Government. To accommodate increased traffic, and in accordance with the terms of the agreement of February 15, 1888, with the Chicago, Kansas and Nebraska Railway Company, 26.8 miles of second main track were built and located as follows: Burnham to Littleton, 9.37 miles; Pikeview to Kelker, 9.24 miles; Cactus to Pueblo, 8.19 miles, changing the Manitou and Engleville Branches from narrow-gauge to standard-gauge lines.

There is under construction the Lake Fork extension, from Sapinero to Lake City, 36

miles, and the Rifle Creek extension, from Glenwood Springs down the Grand River to Rifle Creek, 26 miles. The former line was originally located in 1881, and a large sum of money expended in construction, but work was abandoned before the grading was completed; construction was resumed December 20, 1888, and is progressing favorably at date of annual report. Work was commenced on the Rifle Creek line January 1, 1889, and it is expected that both lines will be completed and in operation on or before June 15, 1889.

* For five months and twelve days only, the receipts by the A., T. & S. Fé RR. Co. during first part of the year not being included.

In the above table the operations from January 1, 1882, to July 12, 1884, include those of the Denver and Rio Grande Western. Its gross earnings were, in 1882 (average, 155 miles), $170,918.05; in 1883 (average, 307 miles), $832,885.82; in 1884 (six months and 14 days—average, 362 miles), $376,815.14.

The funded debt consisted, December 31, 1888, of—

1st mtge. (main line) 30-year 7 p. c. $500 and $1,000 coupon bonds, due Nov. 1, 1900, int. May and Nov. . $6,862,500
1st consol. mtge. 50-year 4 per cent. $500 and $1,000 coupon bonds, due Nov. 1, 1936, int. Jan. and July. 25,521,000
Improvement mtge. 40-year 5 per cent. $500 coupon and reg. bonds, due June 1, 1928, int. June and Dec. 3,000,000

The first mortgage is a first lien on the main line from Denver to Alamosa and El Moro, 294 miles. The consolidated mortgage is a second lien on said 294 miles, and a first lien on all roads subsequently completed.

The improvement mortgage is subject to the lien of the consolidated mortgage and with it to the lien of the first mortgage. Amount authorized, $5,000 per mile, and for the 1,464 miles of road used at date of mortgage, a like amount for all extensions on account of which consolidated mortgage bonds dated July 15, 1886, shall have been issued: $3,000,000 to be issued forthwith, and the remainder only as authorized in writing by the holders of a majority of the capital stock. These bonds are coupon, with privilege of registration, either as to principal only, or, upon surrender of coupons, as to both principal and interest.

The preferred stock is entitled to 5 per cent. dividends non-cumulative, and to elect two-thirds of the board of directors for five years unless it shall receive in the meantime full dividends of 5 per cent. for two consecutive years.

The company reserves $7,500,000 common stock, $4,850,000 preferred stock, and $10,252,500 consols for future use.

History.—This railroad was originally chartered under the name *Denver and New Orleans Railway Company* January 25, 1881; road opened, 50 miles, May 2, 1882. Built by the D. & N. O. RR. Construction Co.; capital, $1,500,000. That sum was all expended in construction of the 50 miles of road. To complete the road to Pueblo the Construction Company, on the 19th of June, 1882, placed its entire property, including the amount of stock and bonds of the Railroad Company received and to be received, in trust to secure an issue of $1,050,000 10 per cent. notes, payable April 1, 1883. On the 24th of June, 1882, another deed was executed on the same property to secure an additional $350,000 of the notes. Default was made in their payment April 1, 1883, and on September 19, 1883, the deposit securities sold by the trust company. They were purchased for account of the railroad company.

On May 28, 1885, the present company, the Denver, Texas and Gulf RR. Co., was organized and succeeded to all the railroad, franchises, etc., of the old company, whose property had previously, March 18, 1886, been sold under foreclosure and purchased by the mortgage trustees.

On April 1, 1888, this road secured connections and through line to tidewater, by consolidation with the Denver, Texas and Fort Worth Railroad Company, which has since then operated the line between Denver, Colorado and Fort Worth, Tex., and has exchanged its stock share for share for the $3,260,000 stock of the Denver, Texas and Gulf Railroad.

History.—Company chartered February 16, 1847. Road opened February 14, 1859. The branches were built under separate charters. The company received a land grant under which 603,506 acres have been certified—all of which, with the exception of about 20,000 acres, have been sold. The bridge across the Missouri River at Kansas City is owned by this company, and makes a part of the Kansas City and Cameron Line. In 1880 a second track was laid between the bridge and Union Depot, and is used jointly with the Chicago and Alton RR. Co., which pays for the use thereof a rental of $9,500 a year. The Missouri Pacific Ry. Co. uses the road between St. Joseph and Atchison, together with the terminal facilities at St. Joseph. The Chicago, Rock Island and Pacific Ry. Co. pays rental for running its trains between Cameron and Kansas City.

During 1882 a controlling interest in this road was purchased by the Chicago, Burlington and Quincy RR. Co., that company paying par for the preferred stock and $43.66 per share for the common, in its 5 per cent. bonds.

Austin Branch: Hempstead to Austin, Tex.....118.75
Ross Branch: Bremond to Ross, Tex..... 57.00—175.75 miles.

Total length of lines operated.....520.55 miles.
Sidings and other tracks, 36.50 miles. Gauge, 4 ft. 8½ in. Rail, 54 and 56 lbs.

History.—Chartered March 11, 1848. Main line completed March 11, 1873; Austin Branch opened in 1871; Ross Branch in 1878. The company has a land grant from the State of Texas covering 16 sections, or 10,240 acres, for every mile of road constructed and equipped.

Default was made January 1, 1885. Suit brought by Southern Development Co. under a claim for $600,000 money advanced to pay interest and for other purposes. Receivers appointed February 28, 1885. On May 26, 1886, the suit of the Southern Development Co. was dismissed, and the receivers appointed under it discharged. On the same day new receivers were appointed on the suit of the first mortgage bondholders. The company is now being reorganized under the terms of a plan of reorganization, dated December 20, 1887, which provides for the foreclosure of all the existing mortgages and the formation of a new company. The first mortgage bondholders of all the divisions to receive $50 per bond bonus in cash and payment of back interests up to July 1, 1887, and new 5 per cent. 50-year gold bonds secured by a single mortgage on the entire railroad and the lands now covered by the existing 1st mortgages. The consolidated or 2d mortgage bondholders to receive $180 per bond in 6 per cent. debentures and new 6 per cent. gold bonds, due 1912, drawing interest from October 1, 1887, secured by a second mortgage. The general mortgage bondholders to receive new general mortgage gold bonds bearing 4 per cent. interest from October 1, 1887, and $120 per bond in 4 per cent. debenture bonds. The general mortgage is to cover the entire property, and is to be further secured by the deposit with its trustee of 1,149 of the new second or consolidated mortgage bonds. Interest on all mortgage bonds, and principal and interest on all debentures to be guaranteed by Southern Pacific Co.

The road was sold under foreclosure September 8, 1888, and purchased by the reorganization committee. The stock of the new company will be $10,000,000, and the old stockholders will receive their *pro-rata* on payment of an assessment which it is said will exceed 30 per cent.

Rolling Stock.—Locomotive engines, 89. Cars—passenger, 44; baggage, mail and express, 28; freight (box, 950; stock, 112; platform, 429; coal, 260), 1,751—total cars, 1,823. Also, 15 service cars.

SHREVEPORT AND HOUSTON RAILWAY.—Shreveport, La., to Logansport, La., 40 miles. Organized early in 1884, by parties affiliated with the Houston, East and West Texas Ry., to build an extension of that road from Logansport to Shreveport. Work was begun about May 1, 1884, and road completed from Shreveport to Keachi, 23 miles, in May, 1885. Receiver appointed July 8, 1885, and construction stopped. Work resumed by the receiver about September 1, 1885, and road completed to Logansport about a month later. Early in December, 1885, the receiver was discharged and the road restored to the company. The connection with the Houston, East & West Texas Ry. was made Jan. 26, 1886, when the bridge across the Sabine River was com-

pleted and the first through train run. The entire road from Houston, Tex., to Shreveport, La., 230 miles, is to be operated as one line, but under different companies in Louisiana and Texas. At Laredo a connection is opened with the line of road now in progress from the Rio Grande to the city of Mexico.

History.—This company is a consolidation, September 23, 1873, of the International RR. Co. and the Houston and Great Northern RR. Co. For progress of construction on main lines and branches see MANUAL for 1888, page 770. In 1876 the extension of the International line to Austin was completed. To aid the company in completing the road, the bondholders funded a portion of their coupons—four on 1st mortgage, and eight on the others—into 7 per cent. gold bonds preferred, and which take rank before the original bonds.

The State of Texas granted to H. & G. N. RR. Co. the usual land subsidy, and to the International RR. Co. a bond subsidy of $10,000 per mile, for which the land grant, with 25 years' freedom from taxation, was substituted by a subsequent Act of the Legislature. The total grant is not less than 5,000,000 acres, and is vested by purchase in the Texas Land Company.

In April, 1878, at the suit of the 2d mortgage bondholders, the road was placed in the hands of a receiver, and was sold to a committee of the bondholders, by whom it was reorganized. For terms of reorganization, see MANUAL for 1888, page 770.

During the year 1881 the International and Great Northern RR. was purchased by the Missouri, Kansas and Texas Ry. Co., the shareholders of I. & G. N. RR. Co. receiving two shares of the stock of the M., K. & T. Ry. Co. in exchange for each share held by them.

On May 1, 1888, default was made in payment of interest on first mortgage bonds, and this was followed by default made in payment of interest on second mor gage bonds. In each case, however, the coupons were subsequently purchased for account of the company or other parties in interest. On February 16, 1889, receivers were appointed on application of the M., K. & T. Ry. Co.

The Galveston, Houston and Henderson RR. is leased for interest on its bonds, and any surplus over interest, taxes and expenses. Possession was taken of the road on the first of January, 1883. The operations of that line are not included in the statements following. (See GENERAL INDEX.)

On May 2, 1888, the lease of the I. and Gt. N. RR. to the Mo., Kan. and Tex. Ry. was cancelled, and the I. and Gt. N. and the G., H. and H. RRs. were operated by the I. and Gt. N. RR. Co. with headquarters at Palestine, Texas. On February 21, 1889, T. R. Bonner

and N. W. Finley were appointed receivers, and on March 10, 1889, N, W. Finley resigned, and J. M. Eddy was appointed to succeed him.

Rolling Stock, December 31, 1888.—Locomotive engines, 73. Cars—passenger, 35; baggage, mail and express, 18; freight (box, 475; stock, 211; platform, 310; coal, 243), 1,239; caboose, 43; other, 46—total cars, 1,381.

"At the date of this report all of the Kansas City, Springfield and Memphis 6 per cent. first mortgage bonds due in 1923 have been exchanged (bond for bond) for the consolidated mortgage 6 per cent. bonds of this company due in 1928, or drawn for payment at 110 and interest. The Board also authorized the exchange, upon the same terms, of the 7s of 1910 of the Fort Scott, Southeastern and Memphis, the Rich Hill, and the Short Creek and Joplin RR. Cos., and the holders of $1,465,000 of these bonds have availed themselves of the privilege. Under the same authority $93,000 of the Memphis, Kansas and Colorado Ry. Co. 7 per cent. bonds were also exchanged, and all of the bonds of the Fort Scott and Memphis Equipment Companies were either exchanged for the new consolidated 6 per cent. bonds or paid off in conformity with the terms of the mortgages. The policy of the Board has been to place this property in first-class condition for its business, present and prospective, and to so maintain it; and in furtherance of this policy, $1,500,000 of the consolidated mortgage 6 per cent. bonds have been sold during the year to provide the means for large additions to the equipment of the company, new shops at Springfield, terminals at Memphis, extension to Belleville, floating debt of the respective companies at the time of consolidation, rock ballast and other improvements. Most of these expenditures were made in 1888, but some of them are delayed until 1889. The mortgage debt per mile of road at this date, including the $1,500,000 of consolidated bonds above mentioned, is $23,212.05, the authorized limit of the mortgage being $25,000."

2d track, 1.9 miles. Sidings, 17.2 miles. Gauge, 4 ft. 8½ in. Rail (steel), 56 lbs.

History.—This company is a consolidation, March 28, 1887, of the Kansas City, Wyandotte and Northwestern, and the Leavenworth and Olathe RR. Cos. The former was chartered November 22, 1885, and the latter September 27, 1886. The road was completed to Leavenworth in May, 1887, and to Seneca January 15, 1888. The extension to the terminals in Kansas City was completed February 18, 1888, and on the same day the road was opened for through business.

During 1888 the Leavenworth Rapid Transit Railway was acquired, and extended to Fort Leavenworth under an Act of Congress, granting the right of way through the United States Military Reservation and terminal grounds thereon. This extension was opened February 10, 1889.

Under the original agreement with the Rapid Transit Company, this company guaranteed principal and interest of $150,000 Rapid Transit Co. 6 per cent. 30-year bonds. During the past year the company acquired $138,000 of the bonds besides 1,455 shares of its capital stock out of an entire issue of 1,500 shares.

In February, 1889, an extension of the main line was completed from Seneca to Summerfield, on the State line, a distance of 28.3 miles. From Seneca to Axtell, 11.2 miles, the tracks of the St. Joseph and Grand Island RR. are used under the terms of a contract of joint user to endure for 99 years.

The Chicago, St. Paul and Kansas City Ry. Co. uses the tracks of this company to gain entrance into Kansas City under the terms of a contract to run for 999 years from December 12, 1888, at a rental amounting now to about $30,000 per annum, which rental is payable to the mortgage trustees and is applicable directly to payment of interest on bonds.

Rolling Stock.—Locomotive engines, 18. Cars—passenger, 23; baggage, mail and express, 5; freight (box, 150; stock, 40; platform, 50; coal, 115; caboose, 5), 360—total cars, 388. There have since been added 2 locomotives, 50 box cars, 40 coal cars and 2 motors.

Operations for year ending December 31, 1888.—Train mileage not reported. Passengers carried, 146,852. Tons of freight moved, 182,570. Earnings, etc., July 1 to December 31, 1888.—Earnings—passenger, $44,843.80; freight, $131,396.46; mail, $3,14 7.46; express

The 1st mortgage Union Pacific Ry. S. Br. covers 182 miles, and land grant attached; the 1st mortgage Tebo and Neosho RR. covers 102 miles. The 1st and 2d mortgages Han. and Central Missouri RR. cover 71 miles. The 1st mortgage, consolidated, covers all lines and lands, but is 2d after above-recited division mortgages. On the 2d mortgage income bonds interest is payable if earned, but if not paid is cumulative. In 1881 the general consolidated mortgage covered 786 miles of railway belonging to the company, together with the rights, privileges, franchises and property pertaining thereto, subject to four liens to the

amount of $28,217,000, and for which a corresponding amount of bonds is to be retained as follows:

Bonds:	1st. Nos. 1 to 2,296 inclusive, to retire U. P. Ry. Co. So. Br. bonds.....	$2,296,000
	2d. Nos. 2,297 to 2,645 inclusive, to retire Tebo & Neosho RR. Co. bonds	349,000
	3d. Nos 2,646 to 3,445 inclusive, to retire Han. & Cen. Mo. RR. Co. bonds	800,000
	4th. Nos. 3,446 to 18,217 inclusive, to retire M., K. & T. 1st consol. bonds of Feb. 1, 1871; June 1 and Nov. 1, 1872; and June 1, 1873.....	14,772,000
		$18,217,000
	5th. Nos. 18,218 to 28,217 inclusive, when issued, are to be used for the purpose of retiring M., K. & T. 2d mortgage income bonds and coupons and scrip certificates for accrued interest on same, on terms to be thereafter arranged.....	10,000,000
		$28,217,000

The remaining bonds (16,783) were applied as follows:

Nos. 28,218 to 30,217 inclusive, to provide new equip., roll. stock, etc.	$2,000,000	
Nos. 30,218 to 45,000 inclusive, to secure the construction and acquisition of such branches and extensions in Missouri, Kansas, Texas, the Indian Territory and the Republic of Mexico as are now or may be authorized by the charter, at a rate not exceeding $20,000 per mile.....	14,783,000	—16,783,000
Total.....		$45,000,000

The Boonville Bridge Bonds, now outstanding, $844,000, have also been assumed by the company, which, through the trustees, purchased the full amount of the Bridge Company's capital stock, and so became owners of the property.

The financial condition and operations of the roads owned and leased are given under the heads of their respective companies. The earnings of the M. P. Ry., given on next page, are only from its own mileage.

History.—The company to which the Missouri Pacific is successor was incorporated by charter approved March 12, 1849, under the name of the Pacific Railroad Company, with a capital of $10,000,000, to build a road from St. Louis to Jefferson City, and thence to the western boundary of the State. Construction was commenced July 4, 1851, and the road opened to Cheltenham, 5 miles, December 9, 1852 ; to Pacific, 37 miles, July, 1853 ; to Jefferson City, 125 miles, March, 1856 ; to Tipton, 163 miles, July, 1858 ; to Sedalia, 189 miles, February, 1861 ; and to Kansas City, 283.37 miles from St. Louis, in October, 1865. The first engine was put upon the track in November, 1852.

The company received aid from the State to the amount of $7,000,000 and unpaid interest, of which $5,000,000 was repaid under the Compromise Act of March 31, 1868. By its charter the company was authorized to construct a railroad to the southwestern part of the State. To aid in the construction of this branch, Congress made a grant of land equal to 3,840 acres to the mile—in all, 1,161,204 acres. The Southwest Branch was taken possession of by the State in 1866, for non-payment of interest on the State subsidy, and sold with the lands, in 1866, to the Atlantic and Pacific RR. Co., which company, in 1872, leased the line of the old company. The two roads were operated under one management until 1876, when the Pacific Road was sold, September 6, 1876, under process of foreclosure of the 3d mortgages, and conveyed by the purchasers to the present company, incorporated October 21, 1876, with a share capital of $33,000,000. The amount of old indebtedness prior to the 3d mortgage, and assumed by the new company, was $13,700,000.

By articles of association, filed August 11, 1880, the Missouri Pacific was consolidated under the same name, with the St. Louis and Lexington, the Kansas City and Eastern, the Lexington and Southern, the St. Louis, Kansas and Arizona, the Missouri River, and the Leavenworth, Atchison and Northwestern Railroads. The authorized share capital of the consolidated company was $30,000,000 ; amount issued to carry out consolidation, $12,419,800. The funded debt of the new company, including three of the present lines, was $19,259,000.

The Missouri, Kansas and Texas Ry. (which see) was leased to the M. P. Ry. Co. December 1, 1880, the rental being the net earnings of the leased line. Placed in the hands of receivers November 1, 1888, the accrued interest in excess of surplus earnings being larger than could be advanced by the Missouri Pacific Ry. Co. under the terms of the lease.

The M. P. Ry. Co. leases the Central Branch U. P. Railroad for 25 years from December 6, 1886, accounting to the Union Pacific Co. (which owns it) for the net earnings.

During the year 1881 the M. P. Ry. Co. acquired the ownership of the railroad, branches, and property of the St. Louis, Iron Mountain and Southern Ry. Co. by an exchange of three shares of its capital stock for four shares of that of the St. L., I. M. & S. Ry.

The International and Great Northern RR. of Texas was acquired by the M., K. & T. Ry. Co. of Missouri by an exchange of one share of the stock of the former for two shares of the stock of the latter. Lease abrogated by consent May 1, 1888, and since operated under a separate management (see GENERAL INDEX).
